Re: Pirates Revenge Amusement Game

Dear Mr. Faith,

Thank you for submitting the Pirates Revenge amusement game to us for review. In the information you provided it was noted that the game has a "double down" feature which would require players to risk tickets won to have an opportunity to double their score. You were advised that the double down feature is not allowed in Washington. You agreed to remove the double down option for games sold in Washington.

It is my understanding the game plays as follows:

Players insert tokens and push the start button to spin a giant sword. Players then must hit the stop button to stop the sword. Players receive tickets based on the location where the sword is stopped.

The Pirates Revenge game meets the definition of an amusement game (RCW 9.46.0201) and is approved for use as a Group 5 Hand/Eye Coordination (WAC 230-13-035) amusement game in Washington State.

Please be advised that any modifications to the Pirates Revenge amusement game software or associated equipment must be provided to us for additional testing and review. In addition, amusement games operated in Washington must not have settings that allow the operator to control the outcome of the game (auto percentaging). The approval of this equipment may be rescinded at any time if problems are found by the Commission or changes to the Washington Administrative Code (WAC) impact this approval. If you have any questions or concerns, please contact Sonja Dolson at (253) 671-6283.

Sincerely,

A handwritten signature in cursive script that reads "Mark Harris".
