*"Protect the Public by Ensuring that Gambling is Legal and Honest"*

### DAILY BINGO RECORDS – STANDARD FORMAT

This packet is design to instruct you in the use of the standard bingo session records as required by WAC 230-10-335. It should also assist you in complying with record keeping and reporting requirements of WAC rules 230-06-070, 230-10-331, 230-07-090, 230-10-130, 230-10-350, 230-10-385, and 230-10-440. The information and instructions in this packet do not encompass all the rules regarding bingo. Please read your Commission rules thoroughly to ensure compliance with all WAC rules.

This packet contains the following sections:

1. A summary of the different types of forms used, as well as completed examples. The forms included should be used by all bingo organizations with gross receipts between \$150,000 and \$650,000. A supplement is provided for bingo games with gross receipts above \$650,000. The forms detail all record keeping requirements. Most of the requirements for games with gross receipts between \$150,000 and \$8,000,000 are the same, but the forms are utilized differently. For example, bingo operators with gross receipts above \$650,000 have one additional form for combination receipting methods, and may not utilize ticket receipting forms, except for bonus games.
2. Information required for bingo prize receipts per WAC 230-10-350.
3. Examples and an explanation of the required monthly records.
4. Blank bingo session records. **Please reproduce all forms as you need.**

The session records were designed to fit as many games possible, but still may not exactly fit your game. You should remove or add pages, or sections, to make the right package for your game. You are not allowed to change the method of recording data within the formats. For formats such as "all you can play", "3 for the price of 2", or multiple price or package games, contact your local agent for a sample format.

If you are not sure that your records meet the requirements, or you have a question or need assistance, call the local gaming agent in your area.

## **SUMMARY OF FORMS AND THEIR FUNCTIONS**

**GC2-118k    Inventory Control Record (Disposable Receipting Method)**

Use to record purchase information for all disposable cards used in games with gross receipts between \$150,000 and \$650,000. Operators over \$650,000 in gross receipts will only use for cards which are not being sold through the cash register (i.e. floor sales). As series are put into play, the information will be recorded on form GC2-118b. Disposable cards being sold through the cash register at a game with gross receipts over \$650,000 will be recorded using the Combination Receipting Method (See GC2-118j)

**GC2-118j    Inventory Control Record (Combination Receipting Method)**

Required for games with gross receipts over \$650,000: Record purchase information for cards being sold through the cash register and for all packet sales. Use form to account for total gross sales per session. Use form when sales method alters the initial sales price for cards / packet. If no cash register receipt was issued to players for these cards / packets, use form GC2-118k (above).

**GC2-118i    Bingo Ticket Log**

May be used for games with gross receipts up to \$650,000. (Operators over \$650,000 in gross receipts may use for bonus games with combination receipting.) Will record purchases of tickets used for receipting.

**GC2-118b    Bingo Session Summary (Disposable Card Receipting)**

Records the number of disposable cards issued during a particular session when the card represents a receipt for payment, that is, when no cash register receipt or ticket was issued.

**GC2-118d    Ticket Receipting**

May be used for games with gross receipts up to \$650,000 or to record bonus games ~~for~~ with gross receipts over \$650,000. Is also used to record beginning and ending numbers used to determine the number of tickets issued.

**GC2-172    Daily Bingo Record (Call Sheet)**

Used to document the order of drawn bingo balls for games offering prizes in excess of \$200.

**GC2-118f    Prize Receipting Record (Two pages)**

A summary of the prizes award, including "on the way" games, for a bingo session. The first page details regular games. The second page details any special games and check / merchandise prizes.

**GC2-118a    Bingo Session Summary (Cash Control)**

Reconciliation of the income and prize receipting records to the actual cash collected during the session. This form is the last one to be completed. It uses data from the rest of the summary sheets listed above. Instructions are included on the back of the forms for assistance. Operators over \$650,000 in gross receipts will use all the columns. Operators with gross receipts between \$150,000 and \$650,000 are not required to use the first two columns unless they choose to use the combination receipting method.

**\* \* \* GENERAL INFORMATION / INSTRUCTIONS \* \* \***

**NOTE:** This record must be completed immediately following the end of each session. Refer to WAC 230-10-335; WAC 230-07-090; WAC 230-10-385; and WAC 230-10-350 for specific requirements.

- (1) An entry must be made for each separate type of sale. A separate type of sale is determined by a significant change in either the card price or the prize being offered. Examples are "double pay", specials, halftime sales, packet sales and individual throwaway games.
- (2) Amount of sales as indicated by your inventory control records. Entries are required in this column only when the combination receipting method is used. However you may use in the standard format to balance your throwaway receipting to your cash register if maintaining both.
- (3) A material difference indicates a potential problem with control of inventory or manufacturer quality control procedures. All material differences must be investigated. Entries are required in this column only when the combination receipting method is used.
- (4) Gross gambling receipts from receipting records (cash register, disposable cards, tickets, etc.) before any adjustments.
- (5) This column is to be adjust receipts only for authorized voids and cash register overrings. Cash over / short is not to be reported on this line. **Note:** All cash register tapes not issued to customers (i.e., "no sale", voids, overrings, "x" or "z" totals, etc.). Must be retained with these records.
- (6) Operators that set aside small prize amounts into a "jar" fund and record them as paid, as authorized by WAC 230-010-335, must complete this reconciliation. The total of all prize funds may not exceed \$200. For amounts in excess of \$200, accrual format form must be used.
- (7) This is the amount of prizes withheld from deposit each session. This amount must also be entered above on the "Lucky Number / Pig / Jar" line. **Do not** complete a prize receipt for this amount.
- (8) Make an entry only when a prize is awarded to a winner. **Do not** include in the "Prize Payout" column. **Do** complete a prize receipt.
- (9) This is the actual cash you should have on hand to pay this prize. This amount may not exceed \$200. Proper control must be maintained over these funds.
- (10) The difference between "Expected Cash – Per Records" and "Actual Cash – Per Count". Cash over / short cannot be determined before actual cash is counted. Cash over / short amounts in excess of \$20.00 must be explained. Analyze the receipting records and enter an explanation in the space provided. If additional space is needed, continue on back.
- (11) The ending working bank must be equal to or less than the beginning bank. All other monies must be deposited by session.
- (12) This amount must be separately deposited no later than the second banking day following the session. A "validated" copy of the deposit slip must be retained with these records. The deposit slip or bank receipt must include your account number.
- (13) This record must be signed at the end of the bingo session by both the preparer and the bingo manager responsible for the session. The bingo manager's signature verifies the records have been reviewed and all cash is accounted for.

## CASH REGISTER REQUIREMENTS

Cash registers and cash register tapes may be used to receipt sales of bingo cards. This is authorized by WAC 230-10-385. The cash register tape must contain specific features as detailed below.

1. A consecutively numbered cash register tape may be used if it has all of the following information.
  - a. Name of the licensee.
  - b. Date
  - c. Amount paid for each type of game.
  - d. Total amount of money paid.
  - e. A four-digit consecutive customer receipt number which does not return to zero. Operators with gross receipts over \$150,000 must be able to assign a consecutive three-digit number to note each time transactions are subtotaled or totaled and closed.
2. Cash register must contain enough keys to separately record each type of sale.
3. Cash register must store and compute a total for each type of sale recorded.
4. Electronic cash registers must have a memory unit which will retain all transactions recorded during a session regardless of whether its power source is interrupted.
5. All voids, over-rings, returns, "no sales", and any other receipts not issued to a player must be retained with the daily bingo records.
6. The internal tape will be retained with the daily bingo records.
7. The internal tape and any other internal tapes from transactions other than bingo will be retained for three years.

If your register does not comply with the above requirements but does contain certain Alternate controls, you may obtain approval for its use by submitting sample tapes and your operator's manual to your regional office.
