RE: Deck Mate 2 Shuffler Upgrade, Submission #3103

Dear Ms. Rodriguez,

Thank you for requesting approval of the Deck Mate 2 Shuffler Upgrade. We have completed our review with the Deck Mate 2 shuffler. The Deck Mate 2 Shuffler software upgrade is approved for both tribal and commercial facilities.

The approval is contingent on the following requirements:

Manufacturer Requirements:

- Ensure Ethernet and USB ports are sealed or covered during operation of the shuffler.
- When using a laptop or other specifically authorized external tool to connect to the shuffler ensure compliance with WAC 230-16-151.
- Shuffle Connect is not approved and should be set to disabled in the setup menu.
- QikTable and ShuffleLink are not approved and should not be connected to the Deck Mate 2 shuffler.

Operator Requirements:

- Ensure Ethernet and USB ports are sealed or covered during operation of the shuffler.

Tribal Casino Implementation:

- For Tribal Casinos, ensure internal controls and game rules are revised to include new equipment and procedures, and approved by Tribal Gaming Agency and concurred with by Washington State Gambling Commission.
