Game Description

Lucky Ladies is a house-banked blackjack game that can be configured with multiple optional bonus wagers. All rules pertaining to standard, non-patented game of blackjack, as posted on the WGGC website, remain the same except as specifically noted in these game rules. The game(s) can be played using 1-8 standard 52-card decks, unless otherwise noted.

Casino operators choose which bonus wagers they will offer, subject to any restrictions contained within these Rules of Play. Each bonus wager may be made at the player's option and there is no effect on the primary game and no changes in player strategy. Minimum and maximum wagering limits are established by the casino operator in accordance with the limits set in WAC 230-15-040, WAC 230-15-140, or their specific regulatory body.

Rules of Play

1. To begin each round, players are required to place a standard blackjack wager. Players may also place a wager on any of the available and configured optional bonus wagers.
2. The dealer follows house procedures to deal the primary blackjack game.
3. The dealer will then reconcile all primary and optional bonus wagers according to their evaluation criteria. Note the following as they relate to evaluations:
 - a. *Lucky Ladies*: Certain paytables have top awards that are based on a player Queen of Hearts or pair of Queens **WITH** a dealer blackjack.
 - b. *Bust Bonus*: If a player has an active *Bust Bonus* wager and busts their hand or has a Blackjack, their cards should not be discarded until the wager is reconciled.
4. Once all optional bonus wagers are reconciled, the primary Blackjack game now continues until the round is completed, according to standard procedures.

Equipment

This game will use the Galaxy Gaming owned Andromeda Bonus Jackpot System Series 3d or higher. Jackpot meter displays will not contain additional intelligence or functionality, including but not limited to network capability, wired or wireless.

If operators use an automatic shuffle machine, it must be a WSGC approved model, manufactured by a WSGC licensed manufacturer.

Gambling Promotions

A gambling promotion may be added to any of the bonus wagers at the discretion of the casino operator and with the written consent of Galaxy Gaming.

Optional Bonus Wagers

Lucky Ladies

Players win if their first two cards achieve a winning event displayed on the corresponding payable in Appendix A. Certain top awards are based on a player Queen of Heart Pair or Pair of Queens **with** a dealer blackjack.

Bust Bonus

Players win if the dealer's hand busts and are paid based on the dealer's face-up card, as displayed on the corresponding payable in Appendix B. The wager is placed after the initial round of cards have been dealt, but prior to the dealer revealing their face-down (hole) card.

21+3 (Classic, Xtreme, Top 3)

Players win if their three-card hand, formed by the player's first two cards and the dealer's face-up card, achieves a winning event displayed on the corresponding payable in Appendix C. Note that players can only make a *Top 3* wager if they have made a *21+3 Classic* or *Xtreme* wager.

House and Progressive Jackpots

- Operators may choose to offer up to two jackpot game options on a layout using two independent wagering sensors and displaying two independent jackpot amounts
- Each jackpot sensor is considered a separate game
- Progressive Jackpots cannot be linked with House Jackpots
- All jackpots on a table must be of a single jackpot type (House or Progressive)
- Operators can only offer one jackpot game option per sensor

Lucky Ladies House or Progressive Jackpot

Players win if their first two cards achieve a winning event displayed on the corresponding payable in Appendix D. Certain top awards are based on a player Queen of Heart Pair **with** a dealer blackjack.

21+3 House or Progressive Jackpot

Players win if their three-card hand, formed by the player's first two cards and the dealer's face-up card, achieves a winning event displayed on the corresponding payable in Appendix E.

House or Progressive Jackpot Definition

If operated as a **House Jackpot**, the table display does not increment after each wager is placed. All House Jackpot displays must include the following language: "House Jackpot prizes are paid by the casino and are not components of any progressive prize contest. Player wagers do not accrue to any guaranteed player fund. The displayed House Jackpot prize may be modified or discontinued at any time without prior notice."

If operated as a **Progressive Jackpot**, the table display should increment after each wager is placed. Casino operators must follow the rules contained in WAC 230-15-680 through WAC 230-

15-720. Prizes displayed are considered to be held in escrow by the casino operator who acts as the custodian of the funds for the benefit of the players. Operators offering progressive jackpots must: (1) Ensure specific wager limits on progressive wagers to ensure all funds are accounted for; and (2) Maintain and account for all funds collected for progressive jackpot games.

The operator's internal controls must define how the Jackpots are configured and how they are won and if operated as a bonus or a progressive game.
