INTRODUCTION

THIS COMPACT is entered into pursuant to the Indian Gaming Regulatory Act of 1988, Pub.L. 100-497, codified at 25 U.S.C. Sections 2701-2721 and 18 U.S.C. Sections 1166-1168 (hereafter IGRA or Act).

PARTIES

THIS TRIBAL-STATE COMPACT is made and entered into by and between the Spokane Tribe (hereafter "Tribe"), federally-recognized as an Indian Tribe, possessed of all sovereign powers and rights thereto pertaining; and the STATE OF WASHINGTON (hereafter "State"), as a sovereign state of the United States, with all rights and powers thereto pertaining.

RECITALS

The Tribe and the State recognize and respect the laws and authority of the respective parties; and

The Congress of the United States has enacted into law the Act, Pub. L. 100-497, 25 U.S.C. Sections 2701-2721 and 18 U.S.C. Sections 1166-1168, which provide in part that a tribal-state compact may be negotiated between a tribe and a state to govern the conduct of certain Class III gaming activities on Indian Lands of a Tribe within the state if the gaming activity is not specifically prohibited by federal law and is conducted within a state which does not, as a matter of criminal law and public policy, prohibit such gaming activity; and

The Tribe and the State have negotiated the terms and conditions of this Compact in good faith so as to provide for mutual governmental purposes and to provide a regulatory framework for the operation of certain Class III gaming, which is intended to: (a) ensure the fair and honest operation of such gaming activities; (b) maintain the integrity of all activities conducted in regard to such gaming activities; (c) prevent unsavory and unsuitable persons from having any direct or indirect involvement with gaming activities at any time or in any capacity; (d) establish and maintain responsible accounting practices and procedures; (e) maintain effective control over the financial

practices related to gaming activities, including establishing the minimum procedures for internal fiscal affairs and the safeguarding of assets and revenues and reliable recordkeeping; (f) prevent cheating and fraudulent practices; and (g) protect the health, welfare and safety of the citizens of the Tribe and of the State; and

The Act provides that an Indian tribe may conduct Class III gaming as provided in IGRA; and

The Spokane Tribe and the State of Washington have mutually agreed that the conduct of Class III gaming under the terms and conditions set forth below will benefit the Tribe and protect the citizens of the Tribe and of the State consistent with the objectives of the Act; and

The parties hereto deem it to be in their respective best interests to enter into this Compact; and

A principal goal of federal Indian policy is to promote tribal economic development, tribal self-determination and a strong government to government relationship; and

The State recognizes the Tribe's sovereign rights to control gaming activities on Indian Lands as provided by the Act and this Compact; and

It is the policy of the Tribe to exercise and retain its rights to regulate gaming activities upon its lands and reservation for the purposes of encouraging Tribal employment, economic and social development, and funding of Tribal services while ensuring the fair and lawful operation of gaming and the prevention of corrupt and criminal influences. The Tribe will utilize net revenues generated by gaming per 25 U.S.C. 2710(b)(2)(B) to fund tribal government operations or programs, to provide for the general welfare of the Tribe and its members, to promote tribal economic development, to donate to charitable organizations, or to help fund operations of local government agencies.

This Compact shall govern the licensing, regulation and operation of Class III gaming conducted by the Tribe on Indian Lands located within the State; and

The State and the Tribe are empowered to enter into this Compact due to their inherent power to contract and pursuant to the Indian Gaming Regulatory Act; and

In consideration of the mutual undertakings and agreements hereinafter set forth, the Tribe and the State enter into the following Compact.

Such operation prior to the transition date shall not be considered a breach of this Compact.

- K. Age Limitations. No person under the age of eighteen (18) shall participate in any gaming operation, or be allowed on the Class III gaming floor authorized by this Compact during actual hours of operation. The Tribe has enacted an ordinance regulating the operation and management of the gaming operation.

IV – LICENSING AND CERTIFICATION REQUIREMENTS

- A. Gaming Facilities. The gaming facilities authorized by this Compact shall be licensed by the Tribal Gaming Commission in conformity with the requirements of this Compact prior to the transition date or prior to commencement of operation, and annually thereafter to verify its conformity with the requirements of this Compact. The Tribe's operation of Class III gaming activities in the absence of a Tribal-State Compact prior to the transition date of this Compact shall not be considered in the State Gaming Agency's determination of conformity pursuant to this provision. Verification that such requirements have been met shall be made by the State Gaming Agency and Tribal Gaming Commission, through a joint pre-operation inspection scheduled at least thirty (30) days before the transition date of this Compact or thirty (30) days prior to commencement of operation. If a gaming facility fails to meet such requirements the Tribal or State Gaming Agency must send a written and detailed non-compliance letter and report to the Tribe and the manager, if any, within seven (7) working days after

completion of the inspection. If the Tribal and State Gaming Agencies do not agree on whether a gaming facility meets the requirements, the agencies will meet within seven (7) working days from receipt of the non-compliance letter and work together to resolve concerns. If a dispute regarding this inspection cannot be resolved by the gaming agencies within sixty (60) days, the parties may seek resolution pursuant to Section XII of this Compact.

- B. Gaming Employees. Every gaming employee shall be licensed by the Tribal Gaming Commission and their eligibility for a license shall be verified by the State Gaming Agency prior to the transition date or prior to commencement of employment, and annually thereafter. Employees of the gaming facilities at the time of the transition shall be verified before working in the gaming facilities subsequent to the transition. Employment at a Spokane Tribal gaming facility prior to the effective date of this Compact shall not be grounds of a letter of ineligibility. The Tribal Gaming Commission may immediately issue a license if the employee has a current State gaming license or Class III gaming certification issued by the State Gaming Agency, or the State Gaming Agency verifies that the prospective employee is in good standing, and the employee consents to disclosure of records to the Tribal Gaming Commission of all information held by the State Gaming Agency. The Tribal Gaming Commission may immediately issue a conditional, temporary license for a period of time no longer than six (6) months when the Tribal Gaming Commission determines that a gaming employee applicant does not pose a significant risk to the public and the gaming operation. The Tribal Gaming Commission shall submit a list of the licensed and temporarily licensed gaming employees to the State Gaming Agency at least annually. The Tribal Gaming Commission shall include the licensee's complete name, aliases, social security number, and date of birth in its submission to the State Gaming Agency. If Class II and Class III table games are combined in the same room in a gaming facility, the parties agree that this could impact the regulatory scheme established under this Compact. In such event, the Class II gaming employees in such room shall be verified by the State Gaming Agency as if they were Class III gaming employees.
- C. Manufacturers and Suppliers of Gaming Services. Each manufacturer and supplier of gaming services shall be licensed by the Tribal Gaming Commission and shall be certified by the State Gaming Agency prior to the sale of any gaming services to the Tribe. If a supplier or manufacturer of the gaming services or goods is currently licensed or certified by the State of Washington to supply goods or services to any other tribe in the state, it shall be deemed certified to supply the same goods or services to the Tribe for the purposes of this Compact. The licensing and certification shall be maintained annually after the initial certification. Professional legal and accounting services shall not be subject to the certification and licensing requirements of this Compact. In the event a manufacturer or supplier provides or intends to provide less than \$25,000 worth of gaming services or goods annually, the State certification and Tribal licensing requirements may be waived upon the mutual agreement of the Tribal and State Gaming Agency.

- D. Financiers. Any party who extends or intends to extend financing, directly or indirectly, to a gaming facility or gaming operation shall be subject to the annual certification and licensing requirements of the State Gaming Agency and the Tribal Gaming Commission. Such party shall be required to obtain State certification prior to completing the financing agreement and annually thereafter as long as the financing agreement is in effect. These licensing and certification requirements do not apply to financing provided by a federally regulated commercial lending institution, the Spokane Tribal government, or the federal government. The party shall fully disclose the source of all funds required to be disclosed under and in accordance with IGRA and the Tribe shall provide a copy of such disclosures to the State Gaming Agency. If a disclosure regards satellite wagering facilities and activities, the Tribe shall also send a copy to the Washington Horse Racing Commission. Nothing herein shall be interpreted as preventing the Tribe from satisfying debts to financiers incurred prior to the transition date of the Compact so long as such financier has no access to the gaming facilities or involvement with any management decisions in the absence of State certification.
- E. Tribal Application Forms. All applicants required to be licensed by the Tribe shall complete forms furnished by the Tribal Gaming Commission and shall be accompanied by the application and investigative fees set forth in the Tribe's published schedule of fees. Such application forms shall require, but not be limited to, complete information and details with respect to the applicant's habits, character, Tribal activities, financial affairs, and Tribal associates, covering at least a seven (7) year period immediately preceding the date of filing of the application. In addition, all applicants shall provide information relating to their complete criminal history, as well as all civil or administrative violations of gambling laws or regulations.
- F. Key Personnel List. Prior to the transition date and annually thereafter, the Tribe shall provide the State Gaming Agency with information listing personnel who are key personnel in the gaming operation.

V – LICENSING AND CERTIFICATION PROCEDURES

- A. Procedures for Tribal License Applications and State Certification. The Tribal Gaming Commission shall be primarily responsible for the conduct of background investigations for all applicants for employee gaming licenses. The State Gaming Agency shall be primarily responsible for the conduct of background investigations for all applicants for gaming financier, manufacturer and/or supplier certification. Each applicant for a Tribal gaming license including employee, financier, manufacturer and/or supplier of gaming goods or services, shall submit the completed application along with the required information and fees to the Tribal Gaming Commission. In addition, each financier, manufacturer and/or supplier of gaming goods or services shall apply for State gaming certification and shall submit the completed application along with the required information and fees to the State Gaming Agency. Each completed application shall include the applicant's fingerprint card(s), current photograph, and any other information required by the Tribal Gaming Commission. For applicants who are business entities, these provisions shall also apply to principals of the entity and their spouses.

- B. Background Investigations of Gaming Employee Applicants. Prior to hiring or licensing a prospective gaming employee, the Tribal Gaming Commission shall obtain sufficient information and identification from the applicant on forms to be furnished by the Tribal Gaming Commission to permit a thorough background investigation, together with such fees as may be required by the Tribe. The information obtained shall include, at a minimum, name (including any aliases), current address, date and place of birth, criminal arrest and conviction record, social security number, two sets of fingerprints, sex, height, weight, and two current photographs.

When the Tribal Gaming Commission has completed its initial investigation of the gaming employee applicant, and has issued a temporary license, it will, within five (5) business days, forward the application, a set of fingerprint cards, a current photograph, and the fee required to the State Gaming Agency for a final eligibility verification review, as authorized under RCW 9.46.210(4) and as defined in RCW 10.97.030. The State Gaming Agency shall complete the review and thereafter notify the Tribal Gaming Commission that either: (1) the eligibility verification review has revealed no information which would make the applicant ineligible for employment pursuant to Section V.(E)(1)-(6) of this Compact; or (2) the eligibility verification review has revealed that the applicant is ineligible for employment pursuant to Section V.(E)(1)-(6) of this Compact. An applicant who has been determined ineligible for licensing by the State Gaming Agency after an eligibility verification review will not be licensed by the Tribal Gaming Commission except in conformity with Section V.(E) of this Compact. When the Tribal Gaming Commission has completed its investigation, it will forward its investigative report and the FBI fingerprint check results to the State Gaming Agency. Upon completion of the necessary background investigation, and receipt of the State Gaming Agency notification of eligibility, the Tribal Gaming Commission shall either issue an employee gaming license to the applicant, or deny the application based on criteria set forth in this Compact, Tribal law and regulations. All background materials compiled by the State Gaming Agency in connection with the background investigation of any applicant for tribal licensing or state eligibility verification shall be available to the Tribal Gaming Commission at the State Gaming Agency office upon request, subject to any constraints imposed by the State Gaming Agency's accreditation as a law enforcement agency and status as a member of Law Enforcement Intelligence Unit.

The gaming operation shall not hire or continue to employ a gaming employee, and shall terminate any probationary gaming employee, if the Tribal Gaming Commission determines that the applicant or employee:

1. Has been convicted of any offense related to gambling, or any felony (excluding juvenile convictions) relating to fraud, misrepresentation, deception or theft, within the past ten (10) years. Nothing herein shall be interpreted to prevent the Tribal Gaming Agency and/or the State Gaming Agency from considering such juvenile convictions in a suitability determination, nor shall be interpreted to excuse the applicant of its obligation to disclose juvenile convictions or arrests;

2. Has provided materially false statements or information on his or her employment application or misstated or otherwise attempted to mislead the Tribe or the State with respect to any material fact contained in the employment application;
3. Is a member or associate of organized crime or is of notorious or unsavory reputation; or
4. Has a reputation, habits or associations that might pose a threat to the public interest or to the effective regulation and control of gaming, or create or enhance the dangers of unsuitable, unfair, or illegal practices, methods and activities in the conduct of gaming or the carrying on of the Tribal and financial arrangements incidental thereto. It is intended that applicants and employees have the continuing burden to satisfy all doubts as to their fitness. Where doubt remains, an applicant or employee is not entitled to be hired or to remain employed.

Additionally, the Tribal Gaming Commission shall not grant an application for a license unless it is satisfied that:

1. The applicant is of good character, honesty and integrity;
2. The applicant's prior activities, criminal record (if any), reputation, habits, and associations do not pose a threat to the public interest of the Tribe or the State or the effective regulation and control of gaming pursuant to this Compact, or create or enhance the dangers of unsuitable, unfair or illegal practices, methods, and activities in the conduct of gaming or the carrying on of the Tribal and financial arrangements incidental thereto;
3. In all other respects, the applicant is qualified to be licensed or found suitable with the provisions and policies set forth in this Compact; and
4. The applicant has adequate Tribal probity, competence, and experience in gaming.

C. Background Investigations of Gaming Employees. The Tribe and the State Gaming Agency shall retain the right to conduct such additional background investigations of any gaming employee at any time during the term of that person's employment. At any time, any gaming employee who does not establish that he or she satisfies all of the criteria set forth above shall be dismissed.

D. State Gaming Agency Certification of Financiers, Manufacturers, and/or Suppliers of Gaming Goods and Services. Upon completion of the necessary background investigation, the State Gaming Agency shall either issue a gaming certificate to the financier, manufacturer, and/or supplier of gaming services or deny the application based on criteria set forth in this Compact or state law and regulations. The Tribal Gaming Commission shall forthwith provide copies of all gaming licenses issued and gaming license applications denied to the State Gaming Agency. The State Gaming Agency shall similarly forthwith provide copies of all gaming certificates issued and gaming certification applications denied to the Tribal Gaming Commission. If the application for certification is denied, a statement setting forth the grounds for denial shall be forwarded

to the applicant in accordance with the provisions of Chapter 230-50 WAC or as hereafter amended, with a copy forwarded to the Tribal Gaming Commission. The State shall not apply, to any applicant for certification required under this Compact, a more rigorous standard than that actually applied in the approval of State licenses or certification in non-Tribal gaming activities regulated by the State.

- E. Grounds for Revocation, Suspension, or Denial of State Certification. The State Gaming Agency may revoke, suspend or deny a State certification under the provisions of RCW 9.46.075, and rules promulgated thereunder, for any reason or reasons it deems to be in the public interest. In addition, these reasons shall include, but shall not be limited to when an applicant or holder of certification or principal of an entity:
1. Is determined to be a person who because of prior activities, criminal record, if any, or reputation, habits and associations poses a threat to the effective regulation of gaming or creates or enhances the chances of unfair or illegal practices, methods and activities being used in the conduct of the gaming activities permitted pursuant to this Compact;
 2. Has violated, failed or refused to comply with the provisions, requirements, conditions, limitations or duties imposed by any provision of a Tribal-State Compact.
 3. Has failed to provide any information reasonably required to investigate the application for state certification or to reveal any fact which the applicant or holder knows or should reasonably know or is material to such application, or has furnished any information which is untrue or misleading in connection with such application.
 4. Has had a Tribal or State gaming license revoked or denied during the twelve (12) months prior to the date the State Gaming Agency received the application; is currently on probation imposed by any jurisdiction; or has demonstrated a willful disregard or failed to comply with the requirements of any gaming regulatory authority in any jurisdiction, including offenses that could subject the individual or entity to suspension, revocation or forfeiture of any gaming license. For the purpose of reviewing any application for a state certification or for considering the denial, suspension or revocation of any state certification, the State Gaming Agency may consider any prior criminal conduct or current probationary status of the applicant or holder of certification and the provisions of RCW 9.95.240 and of chapter 9.96A RCW shall not apply to such cases.
 5. Notwithstanding anything herein to the contrary, it shall not be grounds for suspension, revocation or denial for the applicant to have been involved in the operation of Class III gaming activities in the absence of a Tribal/State Compact. Nothing herein prevents the State from suspending, revoking or denying the certification to such an applicant on other grounds.
 6. The State Gaming Agency will consult with the Tribal Gaming Commission prior to denying certification to such an applicant who does not meet the criteria for certification. For Tribal members who are applicants for Class III licensing, the

State and Tribal Gaming Agencies may waive, by mutual agreement, through a conditional Tribal license, certain criteria for such tribal members if the waiver does not pose an appreciable risk to the public or the lawful operation of the gaming facilities. If the Tribe can show extenuating circumstances why a tribal member who does not meet all criteria should be further considered for a conditional Tribal license, the Tribal and State Gaming Agencies may agree to a temporary Tribal license, based on specific conditions and a further detailed review of the applicant. Additional fees may be required to maintain a conditional Tribal license, which the Tribe agrees to pay.

- F. Right to Hearing for Revocation, Suspension, or Denial of State Certification. Any applicant for State certification or holder of a State certification shall be entitled to notice and a full hearing on any action by the State Gaming Agency which may result in the revocation, suspension, or denial of State certification. The notice and hearing will be conducted in accordance with the procedures contained in the applicable provisions of Chapter 9.46 RCW, Chapter 34.05 RCW and Chapter 230-50 WAC. The State may, at its discretion, defer such actions to the Tribal Gaming Commission. Nothing herein shall prevent the Tribal Gaming Commission from invoking its own disciplinary procedures and proceedings at any time. The Tribe shall have the right to appear and present argument and/or evidence in any hearings held pursuant to this section. Nothing herein shall be interpreted to preclude the Tribe from invoking the dispute resolution provisions of this Compact to challenge a State Gaming Agency decision to revoke, suspend or deny State certification.
- G. Denial, Suspension, or Revocation of Licenses Issued by Tribal Gaming Commission. The denial, suspension, or revocation of any Tribal gaming license by the Tribal Gaming Commission shall be in accordance with Tribal ordinances and regulations governing such procedures and the grounds for such actions shall not be less stringent than those of Section V.(E)(1)-(6). The Tribe shall notify the State Gaming Agency of any determination under this paragraph. In the event the State disagrees with the Tribe's licensing determination, the State may submit the matter to dispute resolution pursuant to the provisions of this Compact.
- H. Duration and Renewal of Tribal Issued Licenses, Eligibility Determinations, and State Certifications. Any Tribal license, eligibility determination, or State certification shall be effective for one year from the date of issuance unless, in the case of a license or certification, the holder is otherwise revoked or suspended. A licensed or certified employee or entity that has applied for renewal may continue to be employed under the expired Tribal license, eligibility determination, or State certification until the Tribal Gaming Commission or State Gaming Agency takes action on the renewal application or the license or certification is suspended or revoked. Applicants seeking renewal of a license, eligibility determination, or certification shall provide information updating originally submitted information as requested, on the appropriate renewal forms, but shall not be required to re-submit historical data already available to the Tribal Gaming Commission or the State Gaming Agency. Additional background investigation shall be required if new information concerning the applicant's continuing suitability or eligibility

for a Tribal license, or a State certification is discovered by either the Tribal or State Gaming Commission. The State shall forward a copy of any updated information to the Tribe, subject to any constraints imposed by the State Gaming Agency's accreditation as a law enforcement agency and status as a member of the Law Enforcement Intelligence Unit. Should any renewal application be denied, the State shall send to the Tribe a copy of the statement sent to the applicant setting forth the grounds for the non-renewal of the certification. In the event the State issues a letter of ineligibility for a renewal applicant, the Tribe may either withdraw the application or submit the matter to dispute resolution. Should a Tribal licensee become ineligible during the twelve (12) month licensure period, as determined from a review by the State, the Tribe may withdraw the application or submit the matter to dispute resolution.

- I. Identification Cards. The Tribal Gaming Commission shall require all gaming employees to wear, in plain view, identification cards issued by the Tribal Gaming Commission which include photo, first name and an identification number unique to the individual Tribal license and/or certification which shall include a Tribal seal or signature, and a date of expiration.
- J. Exchange of Tribal Licensing and State Certification Information. In an effort to ensure a qualified work force in all areas of Class III gaming, and in all types of gambling authorized under the laws of the State, upon completion of any administrative action or legal proceeding against a Tribal license or State certification, the final disposition shall be forwarded to either the Tribal Gaming Commission or the State Gaming Agency and maintained as part of both agencies' permanent licensing records.
- K. Fees for State Certification. The fees for initial and the renewal of State certification shall be determined pursuant to WAC 230-04-119 for service suppliers and WAC 230-04-203 for manufacturers and distributors. Provided, should actual costs incurred by the State Gaming Agency exceed the stated fees, those costs will be assessed to the applicants during the investigation process. Payment in full to the State Gaming Agency will be required prior to beginning the investigation for the issuance of State certification. Notwithstanding any other provision of this Compact, the State Gaming Agency may modify any of the above fees consistent with like fees charged by the State Gaming Agency for non-Compact gaming elsewhere in the State by giving the Tribe sixty (60) days notice of intent to modify fees. Should a dispute arise under this section it shall be resolved pursuant to Section XII of this Compact. The fees for State eligibility verification are set forth in Section XIII.(E).
- L. Fees for Tribal License. The Tribal Gaming Commission shall establish the fees for Tribal gaming licenses.
- M. Summary Suspension of Tribal License. The Tribal Gaming Commission, pursuant to the laws of the Tribe, may summarily suspend any Tribal license if the continued licensing of a person or entity constitutes an immediate and potentially serious threat to the public health, safety or welfare.

- N. Summary Suspension of State Certification. The State Gaming Agency, pursuant to the laws of the State, may summarily suspend any State certification if the continued certification constitutes an immediate and potential serious threat to public health, safety or welfare.
- O. Submission to State Administrative Process. Applicants for State certification agree by submitting such application to submit to State jurisdiction to the extent necessary to determine qualification to hold such certification, including all necessary administrative procedures, hearings and appeals pursuant to RCW 9.46, WAC 230-50, and the State Administrative Procedures Act, RCW 34.05.

VI – TRIBAL ENFORCEMENT OF COMPACT PROVISIONS

- A. Tribe. The ultimate responsibility for ensuring the regulation, control, and integrity of the gaming authorized by this Compact shall be that of the Tribe. The Tribe shall provide for and oversee the following functions:
1. Ensure the enforcement in the gaming operation, including the facilities, of all relevant laws;
 2. Ensure that the gaming operation has adequate policies in place for the physical safety of patrons in the establishment; and
 3. Ensure the physical safety of personnel employed by the establishment.

 4. Record in a permanent and detailed manner any and all unusual occurrences within each gaming facility. Each occurrence shall be assigned a sequential number and, at a minimum, the following information shall be recorded in indelible ink in a bound notebook from which pages cannot be removed and each side of each page of which is sequentially numbered:
 - (a) the assigned number;

- C. Tribal Gaming Agents. The Tribal Gaming Commission shall employ qualified agents. Tribal Gaming Agents shall be independent of the Tribal gaming operation, and shall be supervised and accountable only to the Tribal Gaming Commission.
- D. Gaming Manager. The Tribal Council or its designee shall employ the gaming manager. The gaming manager shall serve at the pleasure of the Tribal Council or its designee and shall have overall responsibility for the administrative functions of the Tribal gaming operations. The Tribal Council shall be accountable for actions of the gaming manager in the context of this Compact.
- E. Reporting of Violations. A Tribal Gaming Agent shall be present in the gaming facilities during all hours of gaming operation authorized under this Compact, and shall have immediate access to any and all areas of the gaming operation for the purpose of ensuring compliance with the provisions of this Compact and Tribal ordinances. Any violation(s) of the provisions of this Compact, or of Tribal ordinances by the Tribal gaming operation, a gaming employee, or any person on the premises whether or not associated with the Tribal gaming operation shall be reported immediately to the Tribal Gaming Commission and forwarded to the State Gaming Agency within seventy-two (72) hours of the time the violation(s) was noted.
- F. Investigation and Sanctions. The Tribal Gaming Commission shall investigate any reported, observed or suspected violation of the Compact provisions or applicable law and shall require the Tribal gaming operation to correct the violation upon such terms and conditions as the Tribal Gaming Commission determines are necessary. The Tribal Gaming Commission shall be empowered by Tribal ordinance to impose fines and other sanctions within the jurisdiction of the Tribe against a gaming employee, or any other person directly or indirectly involved in, or benefiting from, the violation.
- G. Reporting to State Gaming Agency. The Tribal Gaming Commission shall forward copies of all completed incident and investigation reports and final dispositions to the State Gaming Agency on a continuing basis. If requested by the Tribal Gaming Commission, the State Gaming Agency shall assist in any investigation initiated by the Tribal Gaming Commission and provide other related investigation services for which the Tribe agrees to reimburse the State Gaming Agency for its costs.
- H. Agency Meetings. In order to foster a positive and effective relationship in carrying out and enforcing the provisions of this Compact, representatives of the Tribe (including the Tribal Gaming Commission and the gaming managers) and the State Gaming Agency shall meet at least quarterly during the first year the Compact becomes effective to review past practices and examine methods to improve the regulatory program created by this Compact. After the first year, the parties shall meet at least annually to discuss these

matters. The meetings shall take place at a location mutually agreed upon by the Tribal Gaming Commission and the State Gaming Agency. At least ten (10) days prior to such meetings, the State Gaming Agency and the Tribal Gaming Commission shall disclose to each other and at such meetings any and all suspected activities or pending matters reasonably believed to constitute violations of this Compact by any person or enterprise. Should the Tribe begin operating a satellite wagering facility for horse racing activities, the Washington Horse Racing Commission shall participate in the agency meeting.

VII – COOPERATIVE ENFORCEMENT OF COMPACT PROVISIONS

- A. Monitoring of Gaming Operation. The State Gaming Agency shall, pursuant to the provisions of this Compact, have the authority to monitor the Tribal gaming operation to ensure that it is conducted in compliance with the provisions of this Compact. Agents of the State Gaming Agency and, as applicable, the Horse Racing Commission, shall have access equivalent to that exercised by the Tribal Gaming Commission to all areas of the gaming facility during all normal operating hours with or without giving prior notice to the Tribal gaming operation. Following the investigation, and to the extent such disclosure does not jeopardize the investigation or the personal safety of individuals, the State shall provide the Tribal Gaming Commission with a report of the investigation, including information about evidence gathered in connection with the investigation. In no event shall the Tribe have access to identifying information regarding confidential informants. State agents shall provide proper identification at the time of inspection to the appropriate Tribal representatives. The Tribal Gaming Commission and the State Gaming Agency shall establish protocol that allows the Tribal Gaming Commission to confirm that the alleged State agent is duly authorized by the State to monitor the Tribal gaming operation.
- B. Access to Records.
1. Agents of the State Gaming Agency shall have equal authority with the Tribal Gaming Commission to review and copy, during all operating hours, all applicable Class III gaming records maintained by the Tribal gaming operation. However, the State Gaming Agency is mindful of the Tribe's desire for privacy, and agrees to examine all records at the gaming facilities, to the extent practical. The State Gaming Agency further agrees that its agents will only retain copies of records necessary for investigative purposes. Any information derived therefrom shall be deemed strictly confidential and proprietary financial information of the Tribe. Subject to the requirements of Section VII.(B)(2) below, or any court order, such information shall be retained by the State Gaming Agency in its contractual capacity as a signatory to this Compact solely pending its full review process. All copies taken shall be returned to the Tribe immediately after use by the State Gaming Agency unless otherwise provided pursuant to the Compact.
 2. The State Gaming Agency or, as applicable, the Washington Horse Racing Commission, shall notify the Tribe, by certified mail, or by other mutually agreed upon means, of any requests for disclosure of Tribal information and shall not

disclose any such information until the Tribe, the State, or both have had a reasonable opportunity to challenge the request.

- C. Tribal Gaming Commission Notification. At the completion of any inspection or investigation, copies of the investigative report shall be forwarded to the Tribal Gaming Commission along with copies of evidence and information pertinent to the inspection.
- D. Cooperation With Tribal Gaming Commission. The State Gaming Agency and, as applicable, the Washington Horse Racing Commission, shall promptly notify the Tribal Gaming Commission of any activity suspected or occurring, whether within a gaming facility or not, which adversely affects State, Tribal or public interests relating to the gaming facilities and gaming operation. Provided, such disclosure shall not compromise the interest sought to be protected.
- E. Jurisdictional Issues. Except as expressly set forth herein, and then only to the extent expressly set forth herein, the terms of this Compact do not constitute a waiver of sovereign immunity by either party and any such waiver is and shall be deemed to be only a limited waiver solely for the purposes set forth in this Compact. Nothing in this Compact is intended to create any State or other non-Spokane Tribe entity jurisdiction with respect to non-gaming related activities on the Spokane Indian Reservation. The terms of such limited waiver of sovereign immunity shall be strictly construed.

VIII – REGULATORY JURISDICTION RELATING TO ENFORCEMENT OF THE PROVISIONS OF THIS COMPACT

Jurisdiction. The Tribal Gaming Commission, State Gaming Agency, and with respect to the satellite wagering and activities only, the Washington Horse Racing Commission, shall have concurrent jurisdiction to investigate violations of the provisions of this Compact.

IX – LAW ENFORCEMENT JURISDICTION RELATING TO GAMBLING

- A. Investigative Authority. The Tribal Gaming Commission, Tribal Law Enforcement Agency, Local Law Enforcement Agencies, the State Gaming Agency and, as applicable to the satellite wagering and activities only, the Washington Horse Racing Commission, shall have the authority to investigate any violations of Chapter 9.46 RCW or Chapter 67.16 RCW and such other crimes as are associated with the violations of those chapters that occur on Spokane Indian Lands, subject to the jurisdiction of the Spokane Tribe. Except as expressly set forth in this Compact, nothing herein shall be or be deemed to be a consent, grant or waiver of any sovereign right or immunity of the Tribe with respect to the Tribe, the Spokane Indian Reservation, members of the Tribe, or any other individuals or entities subject to Tribal jurisdiction.
- B. Jurisdictional Forums. Following investigation and arrest, formal criminal charges against individuals or entities shall be brought in the appropriate venue. Criminal prosecution of non-Indian defendants shall be in state or federal court. Criminal prosecution of Tribal members or enrolled members of other tribes shall be in Spokane

Tribal or federal court or, where permitted under law in effect upon the execution of this Compact, in state court. Spokane Tribal Court shall be the preferred venue whenever possible for prosecutions for criminal defendants who are Indian unless the Tribe declines to exercise its jurisdiction within six months of apprehension by a law enforcement agency and receipt by the Tribal Prosecuting Attorney of all relevant information in the possession of the apprehending agency. The Tribe agrees to cooperate with the State in any criminal investigation conducted pursuant to this subsection and to provide any information in the Tribe's possession relative to a criminal proceeding being conducted by the State.

- C. Federal, Criminal, or Tribal Jurisdiction. Nothing contained herein shall be deemed to modify or limit existing federal, criminal, or tribal jurisdiction over the gaming operation negotiated under this Compact or over individuals who commit gaming-related offenses.
- D. Consent to Application of State Law and Incorporation in Tribal Laws. Upon the effective date of the Compact, for the purposes of 18 U.S.C. Section 1166(d), for enforcing the provisions of this Compact with respect to certification and criminal conduct, for protection of the public health, safety and welfare, and to the extent not inconsistent with other provisions of this Compact, RCW 9.46.0335, 9.46.071, 9.46.075, 9.46.140, 9.46.155, 9.46.160, 9.46.170, 9.46.180, 9.46.185, 9.46.190, 9.46.196, 9.46.1961, 9.46.1962, 9.46.198, 9.46.210, 9.46.215, 9.46.220, 9.46.221, 9.46.222, 9.46.231, 9.46.235, 9.46.240, and 67.16.060, as now or hereinafter amended, to the extent such amendments concern the same subject matter as the old statutory provision, shall be applicable and incorporated herein as part of this Compact. The Tribe is in material breach of this Compact if Tribal law regarding any Class III gaming does not contain substantially similar provisions. Provided, that in the event any such provisions of State law are amended or repealed, the State Gaming Agency will give the Tribe notice of same within thirty (30) days of the date such change in law goes into effect. The State agrees that activities conducted in conformity with this Compact shall not be deemed to be a violation of such statutory sections referenced herein. Notwithstanding provisions herein to the contrary, any penalty or fine contained in State statutory provisions incorporated into this Compact or the Tribe's gaming ordinance which are in conflict with applicable federal law shall be deemed revised and amended so as to conform to federal law.
- E. Exception to Consent. Except for the concurrent jurisdiction of the State with respect to gaming on the Spokane Indian Reservation contained in this section and elsewhere for acts of individuals, nothing in this Compact shall be deemed a consent or submission of or by the Tribe to the concurrent jurisdiction and/or application of any other laws of the State.
- F. Law Enforcement Coordination. In an attempt to foster a spirit of cooperation between the law enforcement agencies authorized to enforce the criminal laws of the State or the Tribe, and those laws affecting the public health, safety and welfare of the surrounding communities, representatives of those law enforcement agencies shall meet prior to the

effective date and periodically thereafter, to discuss mutual concerns and coordinate the enforcement actions necessary to minimize those concerns.

X – ENACTMENT OF COMPACT PROVISIONS

- A. State Gaming Agency Rules or Regulations. Pursuant to its general rule making authority contained in Chapter 9.46 RCW, the State Gaming Agency may enact as part of its rules or regulations governing gambling, all or part of the provisions of this Compact.
- B. Tribal Gaming Commission Regulations. Pursuant to its general rule making authority, the Tribal Gaming Commission may enact as part of its regulations governing gambling, all or part of the provisions of this Compact.

XI – REGULATIONS FOR THE OPERATION AND MANAGEMENT OF THE TRIBAL GAMING OPERATION

- A. Adoption of Regulations for Operation and Management. The Tribal Gaming Commission shall adopt regulations to govern the operation and management of the gaming operation conducted under the authority of this Compact. Any regulations adopted by the Tribe shall ensure that the interests of the Tribe and the State relating to Class III gaming are preserved and protected. The regulations shall maintain the integrity of the gaming operation and shall reduce the dangers of unfair or illegal practices in the conduct of the Class III gaming operation. The initial regulations to govern the operation and management of the Tribal gaming operation shall be the standards set forth in Appendix A and are approved by the State Gaming Agency. The Tribal Gaming Commission shall notify the State Gaming Agency of any intent to revise the standards set forth in Appendix A or of any other regulations issued thereafter and shall request the concurrence of the State Gaming Agency for such revisions. The State Gaming Agency concurrence shall be deemed granted unless disapproved in writing within thirty (30) days of submission of the revised standards. The State Gaming Agency shall concur with the proposed revisions upon request, unless it finds that they would have a material adverse impact on the public interest in the integrity of the gaming operation, and shall disapprove only such portions of the proposed revised standards which are determined to have a material adverse impact upon such interests. If the State Gaming Agency disagrees with the proposed revised standards, it shall set forth with specificity the reasons for such disagreement. Upon a notice of disagreement, the parties shall meet, and in good faith try to resolve the differences. If unsuccessful, the matter shall be resolved pursuant to Section XII of this Compact.
- B. Additional Operational Requirements Applicable to Class III Gaming. The following additional requirements shall apply to the gaming operation conducted by the Tribe:
 - 1. To ensure integrity, the Tribal gaming operation shall maintain the following logs as written, or computerized records which shall be available for inspection by the State Gaming Agency in accordance with Section VII (B) of this Compact: a surveillance log recording all surveillance activities in the monitoring room of the

gaming facilities; a security log recording all unusual occurrences that require an evaluation, investigation, or other decision making process by a Tribal Gaming Agent.

2. The Tribal Gaming Commission shall establish a list of persons barred from the gaming facilities because their criminal history or association with career offenders or career offender organizations poses a threat to the integrity of the gaming activities of the Tribe. The Tribal Gaming Commission shall employ reasonable efforts to exclude persons on such list from entry into its gaming facilities. The Tribal Gaming Commission shall send a copy of its list on a quarterly basis to the State Gaming Agency.
3. At the close of the fiscal year (commencing with the current Tribal fiscal year), the Tribal Gaming Commission shall require an independent certified public accountant to audit the books and records of the Tribal gaming operation in accordance with Generally Accepted Accounting Principles (GAAP). The Tribal Gaming Commission shall require the audit of the Tribal gaming operation, not less than annually, by an independent certified public accountant. The audit shall be completed within one hundred twenty (120) days after the close of the fiscal year. Upon completion of the audit, the Tribe shall notify the State Gaming Agency that the audit reports and management letters are available for on-site review. In addition, the Tribe shall deliver to the State Gaming Agency a copy of the addendum to the annual independent audit, as required by Section 2.(C) of Appendix Spokane to this Compact, and shall make copies of all current internal accounting and audit procedures available to the State upon written request.
4. Independent Compliance Audit. The State Gaming Agency shall be supplied with the federally required Independent Compliance Audit annually as is submitted to the NIGC by the Tribe. In the event the State Gaming Agency has a concern with the federally required Independent Compliance Audit, the State Gaming Agency shall notify the Tribal Gaming Commission in writing and then a joint effort between the State Gaming Agency and the Tribal Gaming Commission shall take place in the selection of an independent auditor. Copies of the results of the Compliance Audit shall be submitted to both gaming agencies within ten (10) days of completion if possible.
5. Rules of the Games. The Tribal Gaming Commission shall notify the State Gaming Agency of the rules of each game operated by the Tribe and of any change in such rules. Summaries of the rules of each game relevant to the method of play and odds paid to winning bets shall be visibly displayed or available in pamphlet form in the gaming facilities. Betting limits applicable to any gaming station shall be displayed at such gaming station. Rules for games identified in Section III.(A), except as specified in Appendix B, shall be based upon such games as commonly practiced in Nevada, including wagering, that does not fundamentally alter the nature of the game as the Tribal Gaming Commission may approve. Rules for games identified in Section III.(A), except as specified in

Appendix B, shall be submitted to the State Gaming Agency for review, to determine if the rules fundamentally alter the nature of the game. In the event the State Gaming Agency has concerns in regard to a change in the rules, it shall submit such concerns to the Tribal Gaming Commission for its review and comment. The Tribe will provide the State Gaming Agency with ten (10) days advance notice of the rules of each game and any modification thereof, and will provide adequate notice to patrons of the gaming facilities to advise them of the applicable rules in effect. In the event of a dispute, the matter will be handled in accordance with Section XII of this Compact.

- C. Regulation of Gaming Facilities. The following requirements shall apply to the gaming facilities maintained by the Tribe, or its manager, or management company, if any:
1. The gaming operation shall maintain a closed circuit television system in accordance with the regulations set forth in Appendix A, and shall not modify such regulations without the agreement of the State Gaming Agency. The gaming operation shall provide the Tribal Gaming Commission with copies of its floor plan and closed circuit television system and any modifications thereof for review by the Tribal Gaming Commission. If the floor plan or closed circuit television system does not provide unobstructed camera views in accordance with such regulations, the Tribal Gaming Commission shall modify such floor plan or closed circuit television system in order to remedy such deficiency. The Tribal Gaming Commission shall forward a copy of the floor plan and closed circuit television system to the State Gaming Agency for review and consideration prior to final approval. In the event of a dispute, the matter will be handled in accordance with the provisions of Section XII.
 2. The gaming operation shall maintain a cashier's cage in accordance with the standards set forth in Section 7 (3) of Appendix A, and shall not modify such standards without the concurrence of the State Gaming Agency. The Tribal Gaming Commission and the State Gaming Agency may review cashier's cage security. If the cashier's cage does not comply with the security standards set forth in said Appendix, the gaming operation shall modify its cashier's cage to remedy such deficiency. In the event of a dispute the matter will be handled in accordance with provisions of Section XII.
 3. The gaming operation shall provide the Tribal Gaming Commission and the State Gaming Agency with a description of its minimum requirements for supervisory staffing for each table gaming pit operated in its gaming facilities, and in the event that the State Gaming Agency regards such supervisory staffing as inadequate, the Tribal and State Gaming Agencies shall promptly confer in good faith in an effort to reach agreement on supervisory staffing requirements. If agreement cannot be reached between the State and Tribal Gaming Agencies, the dispute shall be handled in accordance with Section XII of this Compact.

4. Standards for management and operation of the satellite wagering activities shall be consistent with the provisions of this Compact, including Appendix B, and those applicable to non-tribal satellite wagering facilities and activities in the State to the extent not inconsistent with this Compact.

XII – REMEDIES FOR BREACH OF COMPACT PROVISIONS

- A. Introduction. In recognition of, and consistent with, the government-to-government relationship of the Tribe and State, the parties shall make their best efforts to resolve disputes by good faith negotiations whenever possible. Therefore, the parties hereby establish a method of non-judicial dispute resolution in order to foster a spirit of cooperation and efficiency in the administration and monitoring of performance and compliance by each other with the terms, provisions and conditions of this Compact. However, the parties understand that informal and formal mediation may not always lead to satisfactory results. Therefore, in the event either party is dissatisfied with informal and/or formal mediation, they may seek judicial resolution of any disagreement relating to the administration, monitoring of performance and compliance with the terms, provisions and conditions of this Compact; provided, however, the parties are free under this Compact to agree to other alternative dispute resolution mechanisms, such as, but not limited to, binding arbitration. The parties are aware that some sections of this Compact contain an explicit reference to Section XII in the event a dispute arises under that section. Notwithstanding such explicit references, and with respect to all other sections of this Compact, it is the parties' intent that any dispute of whatever kind, type or nature arising under this Compact shall be subject to the provisions of Section XII.
 1. Mediation. In the event of a dispute or disagreement between the parties regarding the implementation and compliance with any terms, conditions, and provisions of this Compact, or otherwise by mutual agreement of the parties, disputes shall be resolved as follows:
 - (a) Either party shall give the other, as soon as possible after the event giving rise to the concern, written notice setting forth the nature of the dispute (including reference to the relevant portions of this Compact), and the issues to be resolved.
 - (b) The parties shall meet and confer in a good faith attempt to resolve the dispute through negotiation not later than ten (10) business days from receipt of the notice.
 - (c) If the dispute is not resolved to the satisfaction of either party within twenty (20) business days of the first meeting, then the parties, by agreement, may seek and cause to have the dispute resolved by formal mediation, in which event the parties shall use their best efforts to select a mediator as soon as possible. The mediator's fees and attendant costs of mediation shall be borne equally by the parties.

2. Standard Arbitration

- (a) In the event informal and/or formal mediation fails to resolve the dispute between the parties, the parties may choose by agreement to resolve the dispute by arbitration. In no event may the request be made earlier than twenty (20) days after a party has properly notified the other party under the procedures set forth in Section XII.(A)(1).
- (b) If the parties agree, arbitration shall be conducted in accordance with the policies and procedures of the Commercial Rules of Arbitration of the American Arbitration Association (except as modified hereinafter), unless the parties agree to use different policies and procedures; provided, however, the arbitration itself shall not be administered by or proceed before the American Arbitration Association. Sites for such arbitrations shall alternate between Spokane Indian Lands and the State Gaming Agency or Washington Horse Racing Commission offices after each arbitration dispute, as follows: the first arbitration dispute, until completed, shall be held on Spokane Indian Lands; the next arbitration dispute, until completed, shall be held at the State Gaming Agency or Washington Horse Racing Commission offices; and so forth.
- (c) In the event the parties agree to arbitration, the Tribe and the State Gaming Agency shall, within five (5) days, agree upon an arbitrator to decide the matter at issue, or agree upon a procedure for the selection of an arbitrator.
- (d) The arbitration, unless another date is stipulated to by the parties, shall occur no later than fourteen (14) business days from the date an arbitrator is named. The arbitrator may, in his or her discretion, impose a case management schedule on the parties to provide for reasonable time needed for discovery, fact gathering, expert witnesses, etc. Time periods shall be reasonable and necessary as required by the circumstances, without providing undue delay. In all circumstances, however, the Arbitrator shall issue a final decision no later than one (1) year from the initial written request for arbitration. The parties may, by mutual agreement, continue the mediation process set out in Section XII.(A)(1) until the arbitration begins.
- (e) The decision of the arbitrator shall be final for the purpose of concluding the non-judicial phase of the arbitration process, but the final decision of the arbitrator shall be subject to judicial review pursuant to the provisions of Sections XII.(A)(2)(i) and/or XII.(B).
- (f) The arbitrator shall, consistent with this Compact, have the power to impose fines and award equitable relief in his or her discretion and as the circumstances warrant. In no event may the arbitrator award monetary relief against the State or against assets of the Tribe other than revenue from the gaming facility or from the sale of gaming-related assets.

- (g) Nothing in this section shall be construed to preclude, limit or restrict the ability of the parties to pursue, by mutual agreement, alternative methods of dispute resolution, including but not limited to, utilization of a technical advisor to the Tribal Gaming Commission and State Gaming Agency; provided that neither party is under any obligation to agree to such alternative method of dispute resolution.
- (h) Each party to the arbitration shall bear its own costs and attorney fees, and the costs of the arbitrator(s) shall be borne equally by the parties.
- (i) In the event the parties agree to conduct arbitration, or either party seeks a temporary resolution through expedited binding arbitration pursuant to XII.(A)(3), either the Tribe or the State may bring any cause of action against the other authorized by the Federal Arbitration Act (FAA), 9 U.S.C. Sections 1-16, but only in any United States district court which has jurisdiction over the subject matter and the parties and is the proper venue for the cause. Such suits shall be limited to actions (a) to compel arbitration, (b) to confirm, vacate or modify an arbitration award obtained under this section in accordance with the FAA, (c) to enforce any judgment upon such confirmed or modified award, and (d) any other action, if any, authorized by the FAA.

3. Temporary Resolution – Expedited Binding Arbitration

- (a) At any time not earlier than twenty (20) days from the notifying of a party under the procedures set forth in Section XII.(A)(1) and not later than thirty (30) days after the initiation of arbitration pursuant to Section XII.(A)(2) or judicial resolution pursuant to XII.(B), either party may also make a written request for expedited binding arbitration to obtain a temporary resolution pending a decision from the formal arbitration process set forth in Section XII.(A)(2) above.
- (b) The parties shall select a different arbitrator for the expedited proceedings and shall schedule an arbitration date in the same manner as provided for in Section XII.(A)(2)(b) & (c).
- (c) The arbitrator shall render a binding decision within five (5) days of the arbitration date, which shall have full force and effect until a decision is issued pursuant to the formal arbitration process.
- (d) In proceedings under this subsection, there shall be no presumption given to either party in disputes over interpretation of the terms of this Compact, or disputes over a regulatory decision made by the State Gaming Agency or by the Tribal Gaming Agency.

B. Judicial Resolution of Disputes. In the event either party has exhausted the procedures set forth in Section XII.(A)(1) and (2), or more than twenty (20) days have passed since the complaining party has properly notified the other party under the procedures set forth

in Section XII.(A) (1), and the complaining party is not satisfied with the results obtained, said party may initiate litigation in an appropriate United States district court to enforce compliance with or interpretation of the terms, provisions and conditions of this Compact, and for any other relief the United States district court is empowered to grant.

C. Limited Waiver of Sovereign Immunity. The Tribe and the State agree and understand that waivers of sovereign immunity defenses must be express and unambiguous, and are narrowly construed. Nothing contained in this Compact shall be construed or interpreted to be a consent, grant or waiver of any sovereign right or immunity either the Tribe and/or its members or the State enjoy, except as expressly provided hereinafter:

1. The Tribe hereby agrees to a limited waiver of sovereign immunity for the sole purpose, and no other purpose, of consenting to the suits specified in Sections XII.(A)(2)(i) and (B) of this Compact, such waiver to be in effect only so long as this Compact is in effect, but in no event shall the limited waiver be construed to allow for monetary relief against assets of the Tribe other than revenue from the gaming facility or from the sale of gaming-related assets.
2. The State and the State Gaming Agency represent and acknowledge that the State has waived its sovereign immunity with respect to suits interpreting or enforcing any contract to which the State and/or its subordinate agencies has entered into with a private party, which includes an Indian tribe. See RCW 4.92.010 and Architectural Woods, Inc. v. Washington, 92 Wash. 2d 521, 598 P.2d 1372 (Wash. 1979). In addition, the State and the State Gaming Agency represent and acknowledge that the State has waived its immunity from those suits set forth in Substitute Senate Bill 5905, 57th Legislature, 2001 Regular Session. Notwithstanding such statutory waivers of immunity, the State hereby reiterates and agrees to a limited waiver of sovereign immunity for the sole purpose, and no other purpose, of consenting to the suits specified in Sections XII.(A)(2)(i) and (B) of this Compact, and any other suits set forth in Substitute Senate Bill 5905, 57th Legislature, 2001 Regular Session, such waivers to be in effect only so long as this Compact is in effect.

D. Sanctions and Civil Fines. The following is a schedule of civil fines for any violation of the provisions of this Compact. These penalties are set forth as maximums to be set within the reasonable discretion of the Tribal Gaming Commission. The Tribal Gaming Commission may levy fines against the gaming operation, manufacturer, supplier, gaming employee or other entities. The State Gaming Agency shall notify the Tribal Gaming Commission of any alleged violations of the provisions of this Compact and may request the Tribal Gaming Commission take appropriate enforcement and/or corrective action. Failure of the Tribal Gaming Commission to take the action recommended by the State Gaming Agency shall constitute a dispute or disagreement between the parties subject to the dispute resolution provisions contained in this Section XII of this Compact. Any penalties collected shall be distributed to a non-tribal, bona fide nonprofit or charitable organization in the state of Washington selected by the Tribe.

1. For violation of terms, conditions, and provisions of Section III:
 - (a) First and subsequent violations: Up to a maximum suspension of gaming operations within the Class III gaming facility not to exceed one hundred (100) hours of operation per violation, or the dollar equivalent of the Gross Gaming Revenue to the Tribe from operations for the number of days of suspension, all not to exceed thirty (30) days.

2. For violations of the terms, conditions, and provisions of Sections IV and V, non-licensed gaming employee(s), manufacturer(s), supplier(s) or other entities:
 - (a) For employees:
 - (1) first violation: fine equal to daily Gross Gaming Revenue for each day of employment divided by the number of gaming stations in play for each day of employment; and
 - (2) for the same employee's second and subsequent violations: suspension of twenty (20) hours of gaming operations for each day of employment or a fine equal to the Gross Gaming Revenue for each day of employment.
 - (b) For manufacturers, suppliers and other entities:
 - (1) first violation: up to \$5,000; and
 - (2) second and subsequent violations: up to \$20,000.

3. For violation of the terms, conditions, and provisions of Section XI and Appendix A:
 - (a) For first violation: written warning.
 - (b) For second violation: up to \$250.
 - (c) For third violation: up to \$500.
 - (d) For subsequent violations: up to \$1,000.

All penalties listed in this Section XII.(B)(3)(a)-(d) will be charged and monitored on a per-violation basis on an annual basis per violator dating from the issuance of the written warning. Provided, during the first six (6) months of actual operation subsequent to the transition date, only written warnings shall be issued.

- E. Method of Assessment and Payment of Fines. Any civil fines assessed by the Tribal Gaming Commission pursuant to the provisions of this Compact shall be paid within thirty (30) days of assessment. In the event a dispute arises with regard to this subsection, it will be resolved pursuant to Section XII of this Compact.

XIII – TRIBAL REIMBURSEMENT OF REGULATORY FEES AND EXPENSES INCURRED BY THE STATE GAMING AGENCY

The State and Tribe agree that the reasonable and necessary costs of state oversight of the regulation of the Tribe's Class III gaming activities should be paid by the Tribe. To best approximate such costs, the parties agree to assessment and payment of fees, as follows:

- A. The Tribe shall pay a one-time, up-front fee to reflect capital costs incurred to establish the state lab, in the amount of \$8,803. This fee shall be payable within five (5) days of the transition date.
- B. The Tribe shall reimburse the State for the hours directly related to the pre-operational inspection of the gaming facilities, which is required pursuant to Section IV of this Compact. This fee shall be paid within thirty (30) days after receipt of the State Gaming Agency's detailed statement.
- C. Following the transition date, the Tribe shall pay an annual regulatory fee to reimburse the State Gaming Agency for carrying out its responsibilities as authorized under the provisions of this Compact, including monitoring, investigative, and processing costs. Should the transition date occur in calendar year 2008, the Tribe's annual regulatory fee shall be \$146,000, paid in quarterly installments of \$36,500. The annual regulatory fee for years subsequent to 2008 shall be determined in accordance with subsection E below. The Tribe shall reimburse the State Gaming Agency within thirty (30) days after receipt of the State Gaming Agency's invoice.
- D. In addition to the State regulatory fees, the Tribe shall pay in quarterly installments an annual eligibility verification fee determined by the State Gaming Agency. The parties agree that the initial annual fee will be based on an individual determination fee of seventy-five dollars (\$75) per applicant and fifty dollars (\$50) per annual renewal, excluding costs of fingerprint processing for the first four hundred (400) determinations. The Tribal Gaming Agency and the State Gaming Agency shall enter into a Memorandum of Understanding, which may be amended from time to time regarding fees and submittal process for eligibility determinations. Based on the initial fee, the State may adjust the fee based on efficiencies or cost increases.
- E. In years subsequent to those referenced in subsection C above, the Tribe shall pay an annual regulatory fee that will be calculated on the State Gaming Agency's hourly billing rate for all Tribes and the amount of time that the State Gaming Agency anticipates it will actually incur in monitoring the Tribe's gaming operation. The fees shall be paid in quarterly installments, within thirty (30) days after receipt of the State Gaming Agency's invoice.
- F. Nothing herein shall be interpreted to prevent the Tribe from requesting the services of the State Gaming Agency in addition to those required by this Compact. The Tribe agrees to pay for such requested services, as well as any special scope investigations which shall be billed according to the State Gaming Agency's hourly rate. Such other

special costs, if any, shall be billed in addition to the Tribe's regulatory fee and shall be due within thirty (30) days of receipt of the invoice. The State shall submit a detailed statement with supporting documentation on a quarterly basis to the Tribal Gaming Commission.

- G. If the Tribe disputes the State's costs or fees, the Tribe shall pay no less than the amount of the costs which are not in dispute when due to the State Gaming Agency and deposit the remaining disputed amount into an escrow account that is restricted until such dispute is resolved. Tribe may dispute fees on grounds that they are not reasonable and necessary and/or other grounds that fees are not consistent with the terms of the Compact or Appendix Spokane. In the event such dispute arises, it will be resolved pursuant to Section XII of this Compact.

XIV – PUBLIC HEALTH AND SAFETY

- A. Compliance. For the purposes of this Compact the gaming operation shall comply with and enforce standards no less stringent than the following with respect to public health and safety:

1. Indian Health Service public health standards;
2. All federal laws establishing minimum standards for environmental protection;
3. Applicable Environmental Protection Agency program standards and Tribal Environmental Policy Act requirements;
4. Federal water quality and safe drinking water standards;
5. Uniform Building Code, including codes for electrical, fire and plumbing;
6. Public health standards for food and beverage handling in accordance with U.S. Public Health Service requirements; and
7. The Spokane Tribe's Laws regarding public health, safety and environmental protection standards.

- B. Emergency Service Accessibility. The Tribe and the Tribal Gaming Commission shall make provisions for adequate emergency accessibility and service of the gaming facilities.

- C. Impact Mitigation Fund.

1. The Tribe recognizes that activities directly and indirectly associated with the operation of gaming facilities on Spokane Indian Lands may impact local law enforcement agencies, emergency services, and other services and place an increased burden on them. The Tribe hereby agrees to establish a fund for purposes of providing assistance to non-tribal law enforcement, emergency services, and/or service agencies (including those agencies responsible for traffic and transportation, as well as those that provide services to support problem or pathological gambling) impacted by the Class III gaming facilities and to

withhold and disburse 2 percent (2.0%) of the Gross Gaming Revenue from the Class III table games, except as otherwise excluded under the provisions of this Compact, for this fund (Impact Mitigation Fund).

A committee consisting of three representatives of the Spokane Tribe, an elected representative from the town of Chewelah, one member of the Stevens County Commission, and a representative of the State Gaming Agency shall be established. The composition of this committee may be altered by mutual agreement of the Tribe and State Gaming Agency, if necessary. The committee shall initially meet within 120 days of the transition date of this Compact to develop and execute a Memorandum of Understanding containing committee rules of order, Impact Mitigation Fund distribution procedures, and establish set factors to be used to determine negative impacts. The committee shall meet at least once every twelve (12) months from the effective date of this Compact, and annually thereafter, to discuss the following: 1) positive and negative impacts within the county, neighboring cities, and on Spokane Indian Lands; 2) services provided by tribal and non-tribal agencies; and 3) the distribution of the Impact Mitigation Fund. If the committee determines that the impact mitigation distribution does not meet or exceed the 2 percent (2.0%) withholding for any twelve (12) month period, the remaining funds shall be distributed by the Committee to the Department of Social and Health Services Division of Alcohol and Substance Abuse to support problem gambling services or to a bona fide nonprofit organization whose primary purposes are related to addressing the ills of compulsive or problem gambling within neighboring communities.

Except as provided in Appendix X, Section 12.1, no Tribal Lottery System gaming device revenues, Class II gaming revenues, or non-gaming revenues, such as, but not limited to, food, beverage, wholesale or retail sales, shall be included, with the 2 percent (2.0%) budgeted and disbursed as set forth in this section.

2. All disbursements from the Impact Mitigation Fund shall be made not later than thirty (30) days after the annual meeting of the committee required in Section XIV.(C)(1).
- D. Community Relations. The Tribal Council or its designee agrees to be available to meet and discuss with neighboring communities any concerns regarding the impact of the Class III gaming operation upon the neighboring communities.
- E. Alcoholic Beverage Service. Standards for alcohol service within the gaming facilities shall be subject to applicable law.

XV – AMENDMENTS, DURATION, AND EFFECTIVE DATE

- A. Effective Date. This Compact shall take effect upon publication of notice of approval by the U.S. Secretary of the Interior in the Federal Register in accordance with 25 U.S.C. Section 2710(d)(3)(B).

- B. Transition Date. The transition date shall occur upon approval by the State Gaming Agency and the Tribal Gaming Commission that the gaming facilities have passed the pre-operation inspection as set forth in Section IV.(A) and are in compliance with the Compact; and, certification to the State Gaming Agency by the Tribe's Chairperson that the only electronic gambling devices in operation at the gaming facilities are those authorized by Appendices Spokane, X, and Y to this Compact.
- C. Transition. The Tribe is currently operating gaming facilities in the absence of a Tribal/State Compact and it is the intention of both the Tribe and State to make the transition to compacted gaming facilities expeditiously, without any disruption in business. Except as stated below, this Compact shall not be binding upon either the Tribe or the State until the provisions in Section XV.(B) are met. Until the transition date, the following provisions shall be binding:
1. Best Efforts. The Tribe shall use best efforts in transitioning the gaming facilities to comply with the provisions of this Compact, expeditiously, with the goal of completing the transition within twelve (12) months from the date of signing the Compact. At least thirty (30) days before the transition date, the Tribe shall submit to the State Gaming Agency all information required to make a determination of eligibility for Class III gaming employees licensed by the Tribe prior to said transition date. The State Gaming Agency shall use best efforts to assist the Tribe in the transition.
 2. Commencement of Eligibility Verifications and Certifications. Once the State and Tribal Gaming Agencies have agreed that the gaming facilities meet the requirements for licensing as set forth in Section IV.(A), the State Gaming Agency shall conduct eligibility verifications and certifications per its obligations set forth in Section V.(B).
 3. Access to State Gaming Agency Officials. The Tribe shall provide access to State Gaming Agency officials per its obligations set forth in Section VII.(A), except that the Tribe may require a Tribal escort at all times prior to the transition date of the Compact.
- D. Termination. Should the Tribe wish to cease Class III gaming operations, the Tribe may unilaterally terminate this Compact by submitting written notice sixty (60) days prior to the date of termination to the Governor of the State of Washington. In the event of unilateral termination, State jurisdiction under this Compact shall continue until all Class III gaming ends or the completion of any pending investigation or court action. Suspension or injunction of Class III gaming operations shall not constitute termination for the purpose of this subsection.
- E. Other Termination – Change of State Law. If the laws of the State authorizing the activities set forth herein as Class III gaming activities are repealed prohibiting such gaming for any purpose by any person, organization or entity, it is the State's position that the provisions of the Compact providing for such gaming would not be authorized

and continued operation of such gaming would constitute a violation of the Compact and the State may bring an action in federal district court pursuant to 25 U.S.C. Section 2710(d)(7)(A)(ii).

The Tribe disagrees that such subsequent State legislation would have this effect under IGRA and the Compact, but does agree that such an action, if commenced in that forum, is the appropriate State recourse and for such purpose the Tribe consents to such a suit and hereby grants a limited waiver of sovereign immunity solely for the purpose of litigating the said issue.

F. Adjustments/Renegotiations.

1. Renegotiations. In addition to the provisions contained in Section 6 of the attached Appendix Spokane, either the Tribe or the State may request renegotiation of any of the provisions of this Compact if and when circumstances or events occur that merit the discussion and renegotiation of such provisions. The request to renegotiate shall include the activities or circumstances the party wishes to negotiate, together with a statement of the basis supporting the request. The parties agree that negotiations shall commence in good faith under IGRA and within thirty (30) days of the request. The current terms and provisions of the Compact will remain in effect unless and until the parties agree on the renegotiated terms.
2. Process and Negotiation Standards. The notices to amend or renegotiate shall include the activities or circumstances to be negotiated together with a statement of the basis supporting the request. The parties shall confer and negotiations shall commence within thirty (30) days of the request. All matters involving negotiations or other amendatory processes under this section shall be otherwise governed, controlled and conducted in conformity with the provisions and requirements of 25 U.S.C. Section 2710(d), except in subsections where a different resolution is specifically provided in the event of an unsettled dispute or where agreement is not reached by the parties.
3. Authorization to Other Tribes. Notwithstanding any other provision of this Compact to the contrary, in the event that the State enters into or amends a compact with another tribe and such agreement gives any such tribe more gaming facilities, activities, stations or higher wager limits, or any combination thereof than provided under the terms of this Compact, then this Compact shall be thereby amended upon approval and acceptance of any such increases by the Tribe and any written incorporation of such amendments to this Compact being provided to the State.

- G. Entire Agreement. This Compact contains the entire agreement of the parties hereto with respect to the matters covered by this Compact, including all appendices, and no other statement, agreement or promise made by any party, officer or agency of any party shall be valid or binding. The Tribe and the State shall not enter into any other compact affecting the gaming operation, except by amending this Compact as provided above.
- H. Governing Law. This Compact shall be governed by and construed in accordance with the laws of the United States.

XVI – LIMITATION OF LIABILITY

Neither the Tribe nor the State are creating, or intend to create, any rights in third parties which would result in any claims of any nature whatsoever against the Tribe or the State as a result of this Compact. Neither the Tribe nor the State has waived immunity from third party suits or claims of any kind or nature whatsoever against them, and nothing contained in this Compact shall be construed to effect a waiver, in whole or in part, of said immunity.

XVIII – SEVERABILITY

**SPOKANE TRIBE
and the
STATE OF WASHINGTON
CLASS III GAMING COMPACT
APPENDIX SPOKANE**

**PREAMBLE
STATEMENT OF CONDITIONS AND LIMITATIONS**

This Preamble recites the specific agreements and understandings that the Spokane Tribe of Indians (Tribe) and the State of Washington (State) have agreed upon as conditions of the terms, provisions, and limitations contained in each and every provision of this Appendix Spokane (Appendix). As such, it is an integral part of each and every provision contained in this Appendix.

This Appendix contains provisions that set various agreed upon numerical limitations and other operating conditions that reflect and address circumstances unique to the Spokane Tribe, specifically including the size and geographical location of its Reservation and the other lands that are held in trust for the Tribe's benefit. Agreement by the State to each of the individual numerical limitations and other provisions contained in this Appendix is expressly conditioned upon agreement by the Tribe to each and every other provision contained in the Appendix. Absent such agreement by the Tribe, the State would not, and does not, agree to the individual numerical limitations and other conditions contained in this Appendix. Similarly, the Tribe's agreement to individual provisions of the Appendix is also expressly conditioned on the State's agreement to each and every other provision of the agreement. Absent such agreement by the State, the Tribe would not, and does not, agree to the individual numerical limitations and other conditions contained in this Appendix.

The parties believe that conducting Class III gaming under the terms, limitations, and conditions set forth below, given the unique geographical, economic and other factors relevant to this agreement, will benefit the Tribe and the State, will protect the members of the Tribe and the other citizens of the State, and is consistent with the objectives of the federal Indian Gaming Regulatory Act. The parties condition their respective approvals of this Appendix on their specific mutual agreement that all of the provisions of this Appendix are interrelated and interdependent and, as such, that they are not divisible from each other for any purpose. The State and Tribe acknowledge that the terms of this Appendix, each of which is agreed to only as an interrelated and indivisible condition of every other term in the Appendix, impose unique obligations, responsibilities, and corresponding operational opportunities that are agreed to only in return for the parties mutual recognition and acceptance of the completely integrated nature of this agreement. Any attempted use or interpretation of individual provisions of this Appendix must incorporate, apply and give full consideration to every other term contained in the Appendix as a condition of any such attempted use or interpretation.

1. Authorized Gaming Operations and Locations

- A. The Tribe may establish as many as five (5) gaming facilities for the purpose of operating any Class III games authorized by this Compact. All gaming facilities operated by the Tribe pursuant to this Compact shall be located on Indian Lands, as that term is defined in this Compact and in the Indian Gaming Regulatory Act, that are held in trust by the United States for the benefit of the Spokane Tribe. Two facilities may be within 25 miles of each other. All other facilities must be at least 25 miles from each other and also from each of the two facilities that are located within 25 miles of each other, if any two are so located. The 25 mile distance between facilities shall be measured by paved roads. The Governor will deliberate and act in good faith in making any concurrence decision required under 25 U.S.C. 2719(b)(1)(A). Additionally, the Tribe shall provide the State with no less than sixty (60) days prior written notice of its intention to open a gaming facility site. No gaming facility site(s) shall be opened by the Tribe if the Tribe is in material breach of the terms and conditions of this Compact, and fails to cure that breach within sixty (60) days of providing the required notice. In the event either party submits the matter to dispute resolution per Section XII of the Compact, such sixty (60) day period shall be stayed until the process is completed.
- (1) For purposes of this Appendix Spokane, a facility may include more than one building, so long as the property can be reasonably characterized as one destination resort.
 - (2) The Tribe shall obtain consent of the State Gaming Agency prior to gaming actually operating in more than one building at a single facility. The State may withhold consent if the property cannot be reasonably characterized as one destination resort.
 - (3) The "Two Rivers Resort", with the physical footprint set forth in the legal description in "Attachment A", shall be considered one facility in the context of this Appendix Spokane.

2. Community Investments and Contributions

A. Qualifying Programs

The Tribe agrees to continue its commitment of investing in the health and welfare of the community by providing for programs that benefit tribal and non-tribal members through Community Investments and Contributions. Community Investments and Contributions are intended to support programs including, but not limited, to the following:

- (1) Law enforcement, courts, detention programs, and fire and emergency services (contributions may include cross deputization and mutual aid agreements, facilities and equipment);
- (2) Natural resource protection and habitat restoration;

- (3) Health care, including: drug and alcohol treatment and prevention services, smoking cessation programs, problem gambling treatment and services, mental health care, dental care, and health promotion programs, such as diabetes prevention, nutrition programs, and fitness programs;
- (4) Education, including tutoring, head start and related services, as well as direct financial support to State-funded education;
- (5) Day care;
- (6) Disaster and emergency preparedness;
- (7) Public utilities, including water, wastewater, and water treatment infrastructure;
- (8) Economic development and job training;
- (9) Elder services;
- (10) Cultural resource protection;
- (11) Social services programs, such as food banks, shelters, etc.;
- (12) Transit services;
- (13) Outreach and informational programs, such as financial training for homeowners, home repair classes, GED classes, parenting classes, etc.;
- (14) Roads, bridges and other transportation infrastructure (including sidewalks, lighting, signage);
- (15) Low income housing; and
- (16) Public works, public facilities (such as museums, libraries, cultural facilities, wellness centers), athletic fields, parks, and other recreational facilities.

B. Distribution of Community Investments and Contributions

The Tribe may make the Community Investments and Contributions in either or both of the following ways:

- (1) The Tribe may choose to distribute its Community Investments and Contributions directly to local jurisdictions by developing and executing a Memorandum of Understanding with each local jurisdiction regarding the distribution of funds process and the services to be provided; or
- (2) The Tribe may make direct payments to, or for, projects or entities supporting programs in the areas identified in the list contained in Section 2.A., above.

C. Community Investments and Contributions Report

In order to ensure that such efforts and contributions are recognized and documented, the Tribe agrees to provide data that fairly reflect its Community Investments and Contributions. Pursuant to Section XI.B(4) of the Compact and Section 5 of Appendix A to this Compact, the Tribe must submit to the State

Gaming Agency a certified financial statement from a national accounting firm, or from a firm mutually agreed upon between the Tribal Gaming Agency and the State Gaming Agency. The annual audit will have an addendum, which documents the payments and in-kind services provided by the Tribe for any of the purposes described in Section 2.A. Generally Accepted Accounting Principles shall govern the preparation of the certified statement, and the addendum shall, at a minimum, contain the date or time period of the contribution, a brief description of the program or services, and an approximate dollar value of the investment or contribution.

3. Problem Gambling Contribution

The Tribe recognizes that the operation of Class III gaming activities on the Spokane Indian Reservation may adversely impact individuals who suffer from problem or pathological gambling addiction disorders. Moreover, the Tribe is committed to supporting problem gambling education, awareness, and treatment for such individuals. The Tribe hereby agrees to set aside 0.13 percent of the gross gaming revenues from its Class III gaming activities for contributions dedicated to problem gambling support services. Contributions shall be made to the Department of Social and Health Services' Division of Alcohol and Substance Abuse (DSHS/DASA). The Tribe shall be credited for payments, if any, made to other organizations that are directly related to helping to reduce problem gambling. The balance of the 0.13 percent of gross gaming revenues shall be paid to DSHS/DASA annually, starting with the 12-month anniversary of the Compact's effective date, and shall be paid by the 15th day of the month following said effective date.

4. Smoking Cessation Contribution

The Tribe hereby agrees to set aside 0.13 percent, annually, of the gross gaming revenue from its Class III gaming activities for contributions dedicated to reduce smoking. Contributions shall be made to fund advertisements with a primary message that smoking is a danger to one's health. In the alternative, the Tribe may make contributions to charitable and/or nonprofit organizations with a primary purpose of discouraging the use of tobacco. However, if the Tribe operates all of its gaming facilities as entirely smoke-free facilities, the Tribe shall be excused from making its smoking cessation contribution.

5. Player Terminal Allocation

For purposes of this Appendix Spokane, the Tribe shall be entitled to an allocation of nine hundred (900) player terminals ("Allocation"). If, subsequent to the effective date of this Compact, the Secretary of the Interior approves a compact or compact amendment between the State and any authorized Washington tribe that gives such tribe an allocation in excess of 900 player terminals, the parties agree that they will amend the Allocation established by this Section 5 to provide an equivalent number of player terminals and that Section 6.A. and 7.B., below, will also be amended to reflect the increase. The term "player terminal(s)," wherever used in this Appendix Spokane, shall have the same meaning as that set forth in Section 2.12 of the attached Appendix X.

6. Player Terminal Authorization Limits and Transfer Agreements

The Tribe is hereby authorized to operate up to 1,500 player terminals at any one facility, and up to 4,700 player terminals at all facilities combined, by acquiring additional player terminal allocation rights from any Washington tribe that has entered into a Compact authorizing operation of a Tribal Lottery System consistent with Appendix X to this Compact, subject to the following:

- A. The Tribe agrees that at no time during the first three years immediately following the effective date of this Compact will it operate more than a total of 1,500 player terminals at all of its facilities combined. Any player terminals in excess of its Allocation of 900 that the Tribe chooses to operate, up to but not exceeding the maximum of 600 additional player terminals allowed by this Section 6.A., must be acquired by securing the allocation rights for such player terminals from other authorized Washington tribes, as indicated above. In the event that the Tribe is unable, after making reasonable efforts to do so, to acquire allocation rights for some or all of such additional player terminals from other Washington tribes, and the Chairperson of the Spokane Tribe details and certifies such facts to the State Gaming Agency in writing, the Tribe may obtain some or all of such additional player terminals by making payments into the Inter-Tribal Fund for each of the player terminals operated in excess of its Allocation of 900 in accordance with Section 7 of this Appendix Spokane, below. Any dispute between the parties regarding the reasonableness of the Tribe's efforts, where required by either Section 6.A. or Section 6.B. of this Appendix, to acquire additional player terminal allocation rights from other Washington tribes prior to obtaining such player terminal rights by making payments into the Inter-Tribal Fund established in Section 7, below, shall be resolved pursuant to Section XII of the Compact to which this Appendix is attached.
- B. On the third anniversary of the effective date of this Compact, the parties agree to engage in good faith renegotiations regarding the provisions of Sections 5, 6, and 7 of this Appendix Spokane. As part of its commitment to the renegotiation process, the Tribe also agrees to participate with other Washington tribes in additional negotiations relating to establishing a revised statewide framework for tribal gaming that addresses player terminal allocation and other issues. During the period of the renegotiation of Sections 5, 6, and 7 of this Appendix Spokane, the Tribe, provided that it has never previously acquired, and does not subsequently acquire, player terminals by making payments into the Inter-Tribal Fund established pursuant to Section 7, below, shall be entitled to operate up to its authorized limit of 4,700 total player terminals at all facilities combined. If, however, during the period of renegotiation, or at any previous time, the Tribe acquires player terminals by making payments into the Inter-Tribal Fund established pursuant to Section 7, below, then the Tribe agrees not to operate more than 1,500 additional player terminals pursuant to the terms of this Section 6.B., in addition to the 1,500 player terminal maximum referenced in Section 6.A., above, for a combined maximum total of up to 3,000 terminals; for the duration of the renegotiations. In such an event, for each additional player terminal operated by

the Tribe pursuant to this Section 6.B., up to the stated 1,500 player terminal maximum, the Tribe must acquire the allocation rights for such additional player terminals from other authorized Washington tribes with gaming compacts, as indicated above. In the event that the Tribe is unable, after making reasonable efforts to do so, to acquire allocation rights for some or all such additional player terminals from other Washington tribes, and the Chairperson of the Spokane Tribe details and certifies such facts to the State Gaming Agency in writing, the Tribe may obtain some or all of the 1,500 maximum additional player terminals authorized by this Section 6.B. by making payments into the Inter-Tribal Fund for each such additional player terminal in accordance with Section 7, below.

Additionally, if on the fourth anniversary of the effective date of this Compact the parties have not concluded their renegotiation of Sections 5, 6, and 7 of this Appendix Spokane, and the Tribe acquires, or has previously acquired, player terminals by making payments into the Inter-Tribal Fund established pursuant to Section 7, below, the Tribe may at that time commence operation of up to 500 more player terminals in addition to the 3,000 player terminals otherwise allowed by Sections 6.A. and 6.B. of this Appendix. In such an event, any authorized player terminals that the Tribe operates in excess of a total of 3,000, up to the temporary conditional maximum of 3,500 terminals established by this Section 6.B., must be acquired by securing the allocation rights for such terminals from other authorized Washington tribes and may be operated for the duration of the renegotiation by the parties of Sections 5, 6, and 7 of this Appendix Spokane.

- C. If the Tribe chooses to operate two facilities within 25 miles of each other pursuant to Section 1.A. of this Appendix, one of those two facilities may operate a total of up to 2,000 player terminals at that location, however, the total number of player terminals at the two facilities combined shall not exceed 3,000.
- D. Under no circumstances shall the Tribe operate more than a total of 4,700 player terminals at all of its facilities combined.

7. Inter-Tribal Fund

In the event the Tribe becomes eligible to obtain authorized player terminals that exceed its total Allocation by exercising the relevant alternative acquisition methods provided in Sections 6.A. and 6.B., above, the following requirements shall apply:

- A. The Spokane Tribe shall establish and maintain an Inter-Tribal Fund (Fund). The State Gaming Agency shall have access to records, including audits, necessary to ensure that the Inter-Tribal Fund is administered consistent with this section.
- B. The Tribe shall pay into the Fund an amount equal to ten dollars (\$10.00) per player terminal, per day, for each Class III player terminal on the gaming floor at facilities operated pursuant to this Compact and Appendix Spokane, except that payment shall not be required for the first nine hundred (900) of such player terminals. The total payment amount will be based on the actual number of player terminals on the gaming floor during three random physical counts conducted by the State Gaming Agency during the prior calendar year, and the

average number of player terminals on the gaming floor in excess of 900 will be used to determine the required payment. (Example: ten dollars (\$10.00), multiplied by the average number of Class III player terminals (minus 900) that are on the gaming floor, multiplied by the number of days in the year equal the amount required to be paid to the Fund.)

- C. The ten dollars (\$10.00) per player terminal figure that is utilized in Section 7.B, above, in computing the Tribe's required contribution to the Inter-Tribal Fund, shall increase to eleven dollars and fifty cents (\$11.50) per player terminal on the fifth anniversary of the effective date of this Compact. Thereafter, the above mentioned per player terminal figure shall increase in one dollar and fifty cent (\$1.50) increments every five years, up to a maximum amount of twenty-one dollars and fifty cents (\$21.50) for so long as this Appendix Spokane is in effect. In the event that the maximum amount of twenty-one dollars and fifty cents (\$21.50) is reached, the parties shall renegotiate this subsection 7.C. in good faith. During such renegotiations, the fee shall remain at twenty-one dollars and fifty cents (\$21.50). Any dispute regarding such renegotiations shall be resolved pursuant to Compact Section XII.
- D. Payments into the Fund shall be made quarterly, based on a calendar year. Payments shall be made by the 15th of the month following the end of each quarter.
- E. The State Gaming Agency shall, on an annual basis, provide the Spokane Tribe with the names of those tribes eligible to receive distributions from the Fund and the quarterly payments to be made to each eligible tribe. Distributions will be made from the Fund only to tribes with valid Tribal-State Compacts that averaged less than a total of 675 player terminals on an eligible tribe's gaming floor, as determined by averaging three random physical counts conducted on site by the SGA during the prior calendar year.
- F. Distributions from the Fund shall be made to eligible tribes based on the following:
 - (1) For each player terminal under a total of 675 that is not on the gaming floor, an eligible tribe shall be credited with one unit.
 - (2) The total number of units credited to all eligible tribes, as provided by the State Gaming Agency, shall be divided into the existing monetary balance of the Fund at the end of each quarter in order to determine a per unit value. (Example: If the Fund contains \$100,000.00, and the total number of units credited to all eligible tribes is 10,000, each unit shall have a value of ten dollars (\$10.00).)
 - (3) All monies in the Inter-Tribal Fund shall be distributed quarterly based on the number of units credited to each eligible tribe, multiplied by the per unit value determined in accordance with Section 7.F(2) above. Distributions to all eligible tribes shall be made by the 30th of the month following the end of each quarter. (Example: If an eligible tribe is credited with 400 units, and the per-unit value is determined to be ten dollars

(\$10.00), the Spokane Tribe shall tender payment of \$4,000.00 to the eligible tribe.)

- G. If, subsequent to the signing of this Compact by the parties, the Secretary of the Interior approves a compact or compact amendment between the State and any authorized Washington tribe that gives such tribe an allocation in excess of 675 player terminals, the parties agree that the references to 675 player terminals contained in Sections 7.E. and 7.F. of this Appendix Spokane shall be adjusted to be equivalent to the higher allocation amount in the compact or compact amendment that was approved by the Secretary.
- H. In the event an eligible tribe does not accept a tendered payment from the Inter-Tribal Fund, that fact shall not constitute a breach of this Compact and such payment shall instead be contributed to the Department of Social and Health Services' Division of Alcohol and Substance Abuse program for problem gambling, or a successor program, for the purposes addressed in Section 3 of this Appendix.

8. Number of Gaming Stations

The Tribe may operate up to fifty (50) gaming stations at each of its facilities, except that it may operate up to seventy-five (75) gaming stations at one facility. The Tribe shall operate all of its gaming stations at the gaming facilities authorized by this Compact, and no gaming stations or the rights to such gaming stations shall be leased from or transferred to other Tribes.

9. Gaming Station Wager Limits

- A. The maximum wager shall not exceed five hundred dollars (\$500). Provided, that upon twenty (20) days written notice to the State Gaming Agency and upon mutual written agreement between the State Gaming Agency and the Tribal Gaming Agency, the Tribe may designate up to five (5) higher stakes tables at one facility, at which wagers may be accepted beyond the maximum limit during five (5) specified time periods each year, to be determined by the Tribe. Under no circumstances shall the operation of the designated higher stakes tables exceed a total of one hundred and twenty (120) days each calendar year. This exception to the maximum wager limits applies only to gaming stations, as defined in Section II.P of this Compact.
- B. The Tribe shall determine the wager limit for any allowed higher stakes gaming stations. However, only qualified patrons shall be allowed to play at higher stakes tables. A qualified patron is one who:
 - (1) Meets the criteria set forth in a memorandum of understanding between the State Gaming Agency and the Tribe, as may be amended from time to time. The criteria shall be reasonably commensurate with the financial risks at stake. Dispute over such provisions shall be resolved pursuant to the expedited dispute resolution process set forth in Section XII; and

- (2) Is not identified by the Tribal Gaming Commission as a person demonstrating significant characteristics associated with problem gambling.
- C. Any higher stakes tables must be separated from other areas of the gaming location in a manner that ensures only qualified patrons and appropriate tribal personnel are able to enter and exit.
 - D. The Tribe must implement such additional safeguards and surveillance as are required by the State which are reasonable and commensurate with the financial risks at stake. Disputes relating to such provisions shall be resolved pursuant to the expedited dispute resolution process set forth in Section XII.
 - E. The Tribe may only extend credit to qualified patrons, as defined in Section 9.B. above, and shall take the following additional steps to verify such qualification prior to extending credit:
 - (1) The Tribe shall require all patrons wishing to participate in wagering beyond the \$500 limit to complete and submit a credit application;
 - (2) The Tribe shall not approve a credit limit until it has conducted a thorough review and verification of the credit application and has verified the patron's bank account information;
 - (3) Prior to accepting a patron's check, the Tribe shall record and verify the patron's identity, address, current casino credit limits and outstanding balances, outstanding indebtedness, and personal checking account information; and
 - (4) After the Tribe has completed the proper verifications, it may accept a personal check drawn against the player's approved bank account. The Tribe shall issue the patron a counter check with a multi-part form made negotiable with the patron's bank. The Tribe shall not cash counter checks in excess of the patron's previously established credit limit.

10. Tribal Lottery System (TLS)

The TLS machines operated by the Tribe must conform to Appendix X of this Compact, provided, that the Tribe may operate player terminals that: 1) allow the player to initiate game play through the insertion of U.S. coins or currency; and /or 2) allow the player to touch the screen or press a button once in order to select the game and reveal the game outcome. Additionally, fifteen (15) percent of the TLS Class III Player Terminals in operation by the Tribe at each facility may accept wagers of up to twenty dollars (\$20). However, TLS machines offering any of the above-referenced features are subject to the provisions of Sections 10.A and B below.

- A. Alternate Standards. Pursuant to Section 11 of Appendix X to this Compact, the Tribe and State shall agree to alternate standards for any TLS machines operated by the Tribe that offer activation by coin or currency, single button play, and/or wagers greater than five dollars (\$5). The Tribe and State shall enter into an

agreement that confirms that the proposed TLS machine meets all other requirements contained in the Compact and this Appendix. In addition, the agreement shall set the technical standards and internal controls for the operation of TLS machines that feature activation by coin or currency, single button play, or wagers greater than five dollars (\$5). Such technical standards and internal controls shall include, but not be limited to: operation, interface and random number generator standards; game reports; accounting system requirements and reports; transaction system requirements and reports for coin activation; security system requirements; and testing requirements.

- B. Testing and Machine Approval. Prior to the Tribe operating player terminals that: 1) allow the player to initiate game play through the insertion of U.S. coins or currency; 2) allow the player to touch the screen or press a button once in order to select the game and reveal the game outcome; and/or 3) accept wagers of up to twenty dollars (\$20), the Tribe and State shall enter into an agreement, as required by Section 10.A of this Appendix Spokane. Additionally, such proposed TLS machines shall be subject to all requirements set forth in Appendix Y to this Compact, to the extent that such requirements do not conflict with Section 10 of this Appendix Spokane.

4. SATELLITE (OFF-TRACK) WAGERING ON HORSE RACES

(1) Definitions:

"Conventional Parimutuel Pool" means the total wager under the parimutuel system on any horse or horses in a particular race to win, place, or show.

"Commission Regulations" means Title 260 WAC.

"Exotic parimutuel pool" means the total wagers under the parimutuel system on the finishing position of two or more horses in a particular race, such as Quinella or Exacta wagers, or on horses to win two or more races, such as Daily Double wagers, Pick Six wagers, or on other wagers other than conventional parimutuel pool wagers.

"Horse Racing Law" means Chapter 67.16 RCW.

"Parimutuel wagering" means a form of wagering on the outcome of horse races in which those who wager purchase tickets of various denominations on a horse or horses in one or more races. When the outcome of the race or races has been declared official, there is a distribution of the total wagers comprising each pool, less any amounts permitted to be retained by law or under this Compact, to holders of winning tickets on the winning horse or horses.

"Satellite wagering" means parimutuel wagering on simulcast results.

"Satellite wagering facility" means any facility in which satellite wagering is conducted.

"Simulcast" means the simultaneous television or radio transmission of a race to a facility other than where the race meet is being held.

"Wagering employee" means any person who is employed by the Tribe or at any satellite wagering facility hereunder to handle any monies, materials, records or equipment related to the satellite wagering permitted herein, or who supervises any person who does so, or supervises any such supervisor.

Except as otherwise provided herein, meanings ascribed to terms used in the Horse Racing Law and the Commission Regulations are hereby adopted by reference wherever such terms are used in this Compact.

- (2) Applicability of Laws. Wagering at any Spokane Tribe satellite wagering facility will be conducted in accordance with this Compact, the Indian Gaming Regulatory Act, the Interstate Horseracing Act, any ordinances or regulations adopted by the Tribe, and Washington Horse Racing Laws as made applicable herein. Nothing herein shall otherwise be deemed a prohibition upon or limitation upon tribal operation of a satellite wagering facility by the Tribe or on behalf of the Tribe.
- (3) Regulation of Satellite (Off Track) Wagering.
 - (a) Wagering Permitted. The Tribe is entitled to operate a single satellite wagering facility pursuant to this Compact subject to the following terms and conditions:
 - (i) Unless permitted in accordance with subparagraph (c) below, the Tribe may conduct satellite wagering only on events simulcast from any Washington State track (whether of a live race or an authorized simulcast of an out-of-state signal) on the same terms and conditions permitted any other satellite wagering facility in the State without limitation on the

distance such tribal facility is from a live race meet; provided, the Tribe is entitled to receive simulcast signals from each Washington State track on terms at least as advantageous as those made available by such track to any other satellite facility operated at a track holding a Class A or Class B Washington Horse Racing Commission license or at any other facility operated or leased by an entity holding such a license. Negotiations conducted between the Tribe and the track shall cover areas including but not limited to, the following: percent of handle received; equipment required and who provides such equipment; who provides wagering employees; and how and on what schedule funds will be transferred. All wagers accepted at the tribal facility on such events shall be made into the parimutuel pool of the Washington State track which provides the simulcast signal, and shall be deemed to have been made at the location of such pool for the purposes of assessment of fees, charges, taxes or other assessments. Nothing herein shall prohibit assessment by the Tribe of taxes, fees or other charges for wagering conducted at the tribal facility, nor shall the State, or any of its political subdivisions, be authorized to impose any taxes, fees, charges or assessments upon the Tribe or any person or entity authorized to conduct such activities on behalf of the Tribe for the satellite wagering activities regulated hereunder, other than those generally applicable to the parimutuel pool.

- (ii) In the event the Tribe believes it is not offered simulcast signals from a Washington State track on terms at least as advantageous as those made available by such track to the other satellite wagering operators as set forth in subparagraph (a) above, the Tribe may request a formal determination from the Commission. The sole issues in such determination will be whether the Washington State track provides terms to those other satellite wagering operators which are more advantageous than those offered to the Tribe and, if so, what terms are less advantageous to the Tribe. Provided, the Commission shall conduct a hearing and render a decision within ninety (90) days after receipt of the request for a determination from the Tribe, and further provided, that if the Commission decision is not rendered within that time, the Tribe is entitled to conduct satellite wagering in accordance with the provisions of subparagraph (c) below. If the Commission determines that the terms offered to the Tribe are less advantageous, the Washington State track shall have thirty (30) days to offer terms that are at least as advantageous to the Tribe, or the Tribe will be entitled to conduct satellite wagering in accordance with subparagraph (c) below. If the Tribe disputes the determination of the Commission regarding whether the terms offered to the Tribe are less advantageous, the Tribe or State may request arbitration under Section XII.A of this Compact.
- (iii) If, following an adverse determination from the Commission, the Washington State track does not offer the terms identified by the Commission in accordance with subparagraph (b) above, the Tribe shall be entitled to negotiate for and receive simulcast signals from out-of-state

aces for an equivalent number of races, to be offered within the subsequent twelve (12) month period, on such terms and conditions as it may obtain. Acceptance of signals from out-of-state tracks shall be made in compliance with the Interstate Horseracing Act, 15 USC Sections 3001, *et seq.* Nothing in this Section 4 shall be deemed to limit acceptance of satellite wagers to the extent permitted under the Interstate Horseracing Act. Consent of the Commission, as required under the Interstate Horseracing Act, shall not be unreasonably withheld. For disputes concerning whether the Commission has unreasonably withheld its consent, the Tribe or the State may request arbitration under Section XII.A of this Compact.

- (b) Hours of Operation. The wagering authorized in the Tribe's satellite wagering facility shall be conducted within the hours authorized for Class III gaming under this Compact.
- (c) Approval of Facilities. All Spokane Tribe gaming facilities are approved as locations for the conduct of satellite wagering under this Compact, subject to approval of the physical adequacy of each facility. The right of the Tribe to conduct satellite wagering from a gaming facility shall not be affected by its distance from any live race meet being broadcast to such facility, and statutes and regulations imposing distance limitations on the location of satellite wagering facilities relative to live race meets, including but not limited to, RCW 67.16.200(c), shall not be applicable to Tribe.
- (d) Wagering Rules. All of the rules set forth in Chapter 260-48 WAC ("Mutuels") are hereby incorporated by reference as being applicable to any satellite wagering facility authorized hereunder, subject to the following qualifications:
 - (i) References therein to "racing associations" shall mean the Tribe.
 - (ii) References therein to "enclosure of any race track" shall mean the satellite wagering facilities authorized hereunder.
 - (iii) Parimutuel machines shall be locked at the time and by the same means as are applicable to parimutuel machines at other satellite wagering facilities within the State or as otherwise required by the parimutuel pool operator at the host race track or other authorized source, if different therefrom, but in all cases prior to the start of any race for which bets are being accepted.
 - (iv) References to "the manager of the parimutuel department" shall refer to any person appointed to manage the satellite wagering facilities authorized under this Compact.
 - (v) The Tribe may accept exotic bets, including but not limited to, daily doubles, quinellas, exactas, wagering on "short fields", daily triples, "Pick n", trifectas, and other exotic bets to the extent made available through parimutuel pools by the parimutuel pool operator.

- (e) Other Facilities Within Area. In the event the Commission considers allocation of exclusive or limited areas in which satellite wagering facilities may be located, the Commission will give good faith consideration to designating the Spokane Tribe satellite wagering facilities as exclusive or limited area satellite wagering sites. Notwithstanding the foregoing, the conduct of satellite wagering at any other facility, including a live racing facility, in the State shall not affect the right of the Tribe to operate its satellite wagering facility at any time.
- (f) Amounts Received by Tribe. The Tribe may receive from parimutuel wagers made at its satellite wagering facility such amounts as may be negotiated between it and the operator of the parimutuel pool (track).
- (g) Security Control. The Tribe shall maintain such security controls over any satellite wagering facilities authorized hereunder as would be required by the Commission for a comparable facility off Spokane Indian Lands. The Tribe shall remove, deny access to, eject or exclude persons whose presence within such facilities would be contrary to the interests of the Tribe or the State in operating an honest, legitimate facility or in meeting the goals and objectives of this Compact or the Act.
- (h) Accounting Practices and Audits. Any satellite wagering facility authorized hereunder shall maintain its books and records in accordance with generally accepted accounting principles and such rules and regulations, if any, as are applied to satellite wagering facilities in the State.

**RULES GOVERNING
TRIBAL LOTTERY SYSTEMS**

1. OVERVIEW

This Appendix describes, authorizes and sets forth provisions applicable to the operation of a tribal lottery system conducted pursuant to the Indian Gaming Regulatory Act for playing electronic scratch ticket and online lottery games. The system utilizes player terminals with video displays which allow players to purchase chances and obtain game result information, a manufacturing computer which securely creates the finite set of chances used in the scratch ticket portion of the system, a central computer which stores and transmits game information and makes draws for the online lottery game, and an electronic central security and accounting system. In the scratch ticket game, preexisting scratch tickets are dispensed in an electronic format to players through the player terminals on an on-demand basis. In the online lottery game, drawings are conducted on a central computer independently of any activity at player terminals. The drawing results are then matched to player selections previously made on the player terminals. The system and games described and authorized herein are subject to the technical provisions set forth herein.

2.1 Cashless Transaction System. The means by which a player obtains, transfers, and redeems Game Play Credits, except as otherwise provided in Appendix Spokane. The Cashless Transaction System permits a player to play the Tribal Lottery System without inserting cash (coins, tokens or paper currency) into, and to win prizes without receiving cash from, the Player Terminal. The Cashless Transaction System includes the following components:

2.1.1 The Electronic Accounting System;

2.1.2 One or more of the following: plastic, cardboard, magnetic, or "smart" cards; paper; personal identification numbers; Game Play Credits obtained from the exchange of cash or cash equivalents; Game Play Credits displayed on the Player Terminal which were earned as prizes from prior play and not redeemed; and other means for effectuating play and awarding prizes without inserting or dispensing cash into or from the

terminal, provided that all Game Play Credits (other than credits earned from prior play and remaining displayed on a Player Terminal) must have been paid for by cash or cash equivalent;

3. TRIBAL ELECTRONIC SCRATCH TICKET LOTTERY GAME SYSTEM

3.1 Description of System Operation.

- 3.1.1 The Tribal Lottery System game known as the Electronic Scratch Ticket Game consists of a finite number of Electronic Scratch Tickets, a certain number of which, if drawn, entitle a player to prize awards at various levels. The scratch tickets are designed from a template in conformity with this Appendix and are created in Game Sets on a Manufacturing Computer from which Scratch Tickets are randomly selected and placed into Scratch Ticket Subsets. Each Game Set has a predetermined number of winners and values and is designed so as to assure players of an at least 75% payback of the amounts paid in the aggregate for all tickets in the Set. As a Game Set's tickets are placed into Subsets, the pool of tickets available from that Game Set for placement into Subsets diminishes, until each ticket in the Game Set has been placed into a Subset.
- 3.1.2 Scratch Ticket Subsets are transmitted to the Central Computer, where they are stored until dispensed electronically on demand to Player Terminals. Scratch Tickets are electronically dispensed from the Central Computer in the order within each Subset in which the tickets were received. Players compete against each other to draw winning tickets. As Subsets are used they are replaced by additional Subsets which have been created and delivered to the Central Computer in the same manner, until the Game Set has been depleted, ending that particular game. Different games based on different Game Sets may be offered simultaneously through the Central Computer.
- 3.1.3 Except as provided in Appendix Spokane, a player initiates participation in an Electronic Scratch Ticket game at a Player Terminal, using Game Play Credits from the Cashless Transaction System. The monitor displays one or more of the Electronic Scratch Ticket games that are offered by the system, as well as other information such as graphics, game play and outcome information, and entertainment effects, subject to the limitations in Sections 5.2.2 and 5.2.3. The player chooses a particular game by touching the screen, pressing a button, or performing some other form of interaction with the Player Terminal.
- 3.1.4 Following the player's selection of a game or games, the player uses Game Play Credits displayed on the Player Terminal to purchase one or more Electronic Scratch Tickets, except as provided in Appendix Spokane. The pricing of tickets is governed by the provisions of Section

- 3.2.1. Wagers are deducted from the Game Play Credits displayed on the Player Terminal.
- 3.1.5 Prize structure, ticket purchase and selection, and wager information is displayed on the Player Terminal with respect to any game which is being played through that terminal.
- 3.1.6 After the player purchases an Electronic Scratch Ticket it is dispensed to the Player Terminal. Except as provided in Appendix Spokane, the outcome associated with that ticket is shown on the Player Terminal only after the player touches the screen or performs some other physical interaction with the terminal to cause the outcome to be revealed. Any prizes won are displayed on the Player Terminal and may be in the form of Game Play Credits, the right to receive merchandise, or other valuable property.
- 3.1.7 Game Play Credits earned as prizes remain displayed and available for use in further play from that terminal. Game Play Credits also may be electronically transferred to: a) a player's account in the Central Accounting System; b) a ticket or receipt printed by the Player Terminal; or c) a smart card or similar instrument. Once transferred, Game Play Credits may be: a) used for further play on another terminal, or b) redeemed for cash or cash equivalents through a cashier or other separate redemption system. Merchandise or other property won is collected in accordance with the rules of the game.

3.2 Game Set and Subset Requirements.

- 3.2.1 Game Set Requirements. Each Game Set shall meet the following minimum requirements:
- a. Each Game Set shall be made up of a finite number of Electronic Scratch Tickets;
 - b. Except as provided in Appendix Spokane, all Scratch Tickets in a particular Game Set shall be of the same purchase price, not to exceed \$5.00, but a single ticket may offer more than one opportunity to win a prize on the same wager;
 - c. The payout percentage for the entire Game Set shall be no less than 75% of the total purchase price of all tickets in the set combined;
 - d. Each Game Set shall be assigned a unique serial number; and
 - e. Each ticket shall have a specific outcome and prize level associated with it.
- 3.2.2 Game Set Verification Process. Prior to commencement of play, the Game Set shall be verified as to the total number of tickets in the set and the number of winners at each prize level, including the amounts of such prizes, and the number of non-winners. The verification standards which the Game Set must meet are those set forth in Section 3.3.

- 3.2.3 Transmission of Subsets to Central Computer. Following verification of the Game Set, the Manufacturing Computer shall create ordered Scratch Ticket Subsets on demand from the Central Computer and transmit the ordered Subsets to it.
- 3.2.4 Subset Requirements. Each Electronic Scratch Ticket Game Subset shall meet the following minimum requirements:
- a. Within a given Game Set, each Subset shall be the same size and comprised of no less than 5,000, and no more than 10,000 Electronic Scratch Tickets, provided that in order to complete the distribution of all tickets in a Game Set, the final Subset derived from the Set may have less than the number of tickets in any other Subset and be less than 5,000;
 - b. Each Subset shall be individually and uniquely identified by the Game Set serial number and a unique serial number for each Subset assigned in the order in which the Subsets are created;
 - c. Scratch Tickets shall be dispensed from two or more Subsets of a given Game Set which have been securely stored in the Central Computer and which Subsets are rotated on a fixed and sequential, and not random, basis;
 - d. Scratch Tickets shall be dispensed from a Subset in the order in that Subset in which they were held in the Central Computer; and
 - e. Once an Electronic Scratch Ticket has been dispensed to a Player Terminal from a Subset, it cannot be dispensed again.
- 3.2.5 Completion of Game. A Scratch Ticket Game is deemed to be completed only when all of the Electronic Scratch Tickets in a Game Set have been dispensed or the Game Set has been taken out of play. If any game set is withdrawn from play before completion of the game, the Tribe shall ensure that at least 75% of the revenues received from sales of Electronic Scratch Tickets in that game have been, or in future Electronic-Scratch Ticket Games will be, awarded to players.

3.3 Data Required to be Available Prior to Commencement of an Electronic Scratch Ticket Game. The following data shall be available to the TGA and SGA prior to the commencement of an Electronic Scratch Ticket Game and shall be maintained and be viewable both electronically and, if requested, by printed report upon demand:

- 3.3.1 A unique identifying Game Set serial number;
- 3.3.2 A description of the Game Set theme sufficient to categorize the Game Set relative to other Game Sets;
- 3.3.3 The number of total Scratch Tickets in the Game Set;
- 3.3.4 The number of Scratch Ticket Subsets to be created from the Game Set, and the number of tickets in each set;

- 3.3.5 The payout percentage of the entire Game Set;
- 3.3.6 The payout table for the Game Set and the number of Scratch Tickets at each level of the payout table;
- 3.3.7 The purchase price per ticket assigned to the Game Set;
- 3.3.8 The date and time that the game was stored on the Manufacturing Computer; and
- 3.3.9 Such further information as the SGA may reasonably require to assure the integrity and accuracy of the foregoing information.

3.4 Data Required to be Available Following the Completion of a Scratch Ticket Game. Following the completion of an Electronic Scratch Ticket Game (i.e., upon the sale of all tickets in a Game Set or the withdrawal of the Set from play), the following data shall be available to the TGA and SGA and shall be maintained and viewable both electronically and if requested, by printed report, upon demand:

- 3.4.1 The Game Set and Game Subsets serial numbers;
- 3.4.2 The total number of Electronic Scratch Tickets unsold, if the game is removed from play;
- 3.4.3 The total number of Electronic Scratch Tickets at each prize or other game category level, that were dispensed by the Central Computer to Player Terminals, and the total number of tickets in each such category that were sold at each Terminal;
- 3.4.4 The time and date that each Subset was transmitted to the Central Computer;
- 3.4.5 The time and date that the game was completed or removed from play;
- 3.4.6 The final payout percentage of the game; and
- 3.4.7 The sequence in which each ticket was dispensed from each Subset.

3.5 Software Auditing Tool to be Made Available. For auditing and security purposes, any Tribal Lottery System shall include and have available for the SGA and the TGA a secure software tool to audit each Game Set and Subset which provides the same data as set forth in Sections 3.3 and 3.4, provided that such tool shall be used only during authorized audits of Tribal Lottery System games and operations, or in cases of player disputes, and shall not be used for any other purpose without the consent of the TGA and the SGA.

3.6 No Auditing of Game Sets While in Play: Dispute Process.

- 3.6.1 No Audit of Set While in Play. In order to provide maximum game integrity, no audit or other determination of the status of any Game Set or any Subset, including but not limited to, a determination of the prizes won

or prizes remaining to be won, shall be conducted by anyone, including TGA and SGA personnel, while a Subset is in play without causing termination of the entire Game Set from which the Subset was derived as provided in Section 3.6.3.

- 3.6.2 Dispute Resolution: Impact on Game Set Play. In the event of a dispute by a player that cannot be resolved by ordinary means by gaming facility personnel as to the outcome, prize, wager made, or any other aspect of the player's participation in a Game Set being played, all relevant data shall be immediately collected, including but not limited to, all meter readings, memory records, surveillance tapes, and any other reports or information regarding play at the Terminal for the play in dispute. Following the collection of all relevant data, the TGA shall be notified and requested to make an evaluation of whether or not the dispute involves the integrity of the hardware or software being used and to try and resolve the dispute. A report of all disputes shall be maintained by the TGA. If the dispute is not resolved within 72 hours from the time of the complaint, the TGA shall immediately forward a report to the SGA detailing the nature of the dispute. In the event the dispute is resolved, the TGA is not obligated to report to the SGA, but shall make TGA reports available for review.
- 3.6.3 Termination of Game Set. Protection of game integrity, even if it requires the early withdrawal of a Game Set from play, shall be the primary goal of this Appendix. If resolution of a patron dispute requires access to data or records stored on any part of a system other than the Player Terminal involved in the dispute, and such access can only be accomplished through a means by which data would be revealed that could materially assist anyone in determining the likelihood of a particular ticket being drawn, other than information available to all patrons, the Game Set shall be terminated prior to accessing such data or records.
- 3.6.4 TGA/SGA Disputes. In the event there is a dispute between the TGA and SGA at any point in the above process, it shall be resolved in accordance with the dispute resolution process for such issues set forth in the Compact.

3.7 Manufacturing Computer.

- 3.7.1 Security from Alteration Tampering or Unauthorized Access. The Manufacturing Computer shall provide a physical and electronic means, by use of a password or other method approved by the TGA and SGA for securing the Game Set against alteration, tampering, or unauthorized access. The Manufacturing Computer shall provide a means for terminating the Game Set if unopened ticket information from an operating Game Set or Subset has been accessed except as permitted in this Appendix. The Gaming Test Laboratory shall certify that such security system, and a means for monitoring its use in accordance with

this Appendix, is included in the system before it may be authorized for use.

- 3.7.2 Primary Purpose: Separation. The Manufacturing Computer shall be dedicated primarily to those Tribal Electronic Scratch Ticket gaming system functions related to the creation of Scratch Ticket Game Sets and the creation, randomization, and transmittal to the Central Computer of Scratch Ticket Subsets. It shall also be capable of generating the data necessary to provide the reports required in this Appendix. Notwithstanding the foregoing, the Manufacturing Computer may also be used for other computer functions in the Tribal Lottery System or Electronic Accounting System if such use will not affect the integrity or outcome of any game.
- 3.7.3 Storage Medium: Backup. The Manufacturing Computer shall have a medium for securely storing Electronic Scratch Ticket Game Sets and Subsets on the Manufacturing Computer which shall be mirrored on line by a backup medium within the same cabinet or enclosure. The Manufacturing Computer shall also provide a means for storing on it duplicates of the Subsets already transmitted to the Central Computer so as to reflect, on an ongoing basis, changes in the transmitted Subsets as they occur. In addition, duplicates of the Sets and Subsets, as created and stored on the Manufacturing Computer, shall be stored in a secure enclosure in the gaming facility separate from the Manufacturing Computer. All storage shall be through an error-checking, nonvolatile physical medium, so that should the primary storage medium fail, the functions of the Manufacturing Computer and the process of auditing those functions can continue with no critical data loss.
- 3.7.4 Randomization. The Manufacturing Computer shall utilize randomizing procedures in the creation of the subsets. The randomizing procedures shall be in accordance with Section 6. of this Appendix.

3.8. Central Computer Used in Connection With Electronic Scratch Ticket Game.

The following requirements apply to any Central Computer used in connection with an Electronic Scratch Ticket Game.

- 3.8.1 Dispensing of Tickets. The Central Computer shall dispense, upon request from a Player Terminal, an electronic Scratch Ticket.
- 3.8.2 Order of Scratch Tickets. The Central Computer shall maintain Electronic Scratch Ticket Subsets in the order received from the Manufacturing Computer, and transmit them in that order to Player Terminals on demand, provided that not less than two (2) nor more than five (5) Subsets per Game Set shall be dispensed in accordance with a predetermined order for rotating the Subsets. Subsets from more than one Game Set may be stored on the Central Computer and made available for play at the same time.

- 3.8.3 Storage Medium: Backup. The Central Computer shall have a medium for storing Electronic Scratch Ticket Game Subsets and reflecting their current status of play, which shall be mirrored on line by a backup medium within the same cabinet or enclosure, and on another medium in the Manufacturing Computer. All storage shall be through an error-checking, nonvolatile physical medium, so that should the primary storage medium fail, the functions of the Central Computer can continue with no critical data loss.
- 3.8.4 No Randomization Capability. The Central Computer shall have no randomization capability associated with its use in an Electronic Scratch Ticket game.

3.9 Player Terminals Used in Electronic Scratch Ticket Games. Player Terminals used in connection with Electronic Scratch Ticket Games shall conform to the requirements of Section 5.

4. TRIBAL ONLINE LOTTERY GAME SYSTEM.

4.1 Description of System Operation. Tribal Online Lottery Games shall be played in accordance with the following provisions:

- 4.1.1 Except as provided in Appendix Spokane, a player initiates participation in Online Lottery Games at a Player Terminal, using Game Play Credits from the Cashless Transaction System which are displayed on the terminal video monitor. Play may also be initiated through a Player Terminal dedicated to Online Lottery Games, or a clerk-operated Player Terminal. References herein to player activity and interaction with a Player Terminal in connection with an Online Lottery Game shall also mean activity and interaction by a clerk on behalf of a player.
- 4.1.2 The Player Terminal video monitor displays one or more of the Online Lottery games that are offered by the system, as well as other information such as graphics, game play, and outcome information, and entertainment effects, subject to the limitation in Sections 5.2.2 and 5.2.3. The player chooses a particular game by touching the screen, pressing a button, or performing some other form of interaction with the Player Terminal.
- 4.1.3 Following the player's choice of a game or games, and except as provided in Appendix Spokane, the player selects numbers, symbols or other data to be matched in the game by pressing buttons or touching the video screen. The Player may also make such selections through the "quick pick" method. The player then uses Game Play Credits displayed on the terminal monitor to purchase one or more Online Lottery Game Tickets representing such selections, for drawings to be held in the future.
- 4.1.4 Each Online Lottery Game may offer more than one method of winning a prize, and each method may be represented by a separate wager, but each

wager may not exceed \$5.00, except as provided in Appendix Spokane. Wagers are deducted from the Game Play Credits displayed on the Player Terminal.

- 4.1.5 The player's wager and selected numbers, symbols or other data to be matched in the game, along with information identifying the drawing(s) to which they apply, are provided to the player in some tangible means, such as by electronic encoding or printing on a paper, card or other medium. In addition, the numbers, symbols or other data selected may be displayed on the Player Terminal.
- 4.1.6 The player is then entered into one or more future Online Lottery Games, which are conducted through drawings held on the Central Computer.
- 4.1.7 All drawings for any game are conducted within a period of five (5) minutes or less, and all drawings for all games offered are held within that period. Drawings are held on a regularly scheduled basis and regardless of whether any player is enrolled in a particular Online Lottery Game. Games take place no more frequently than thirty (30) minutes apart, determined by when the first drawing in a game occurs. No more than five (5) different Online Lottery Games are offered at a time, unless the State increases the number of Online Lottery Games it is now playing, thereby entitling the Tribe to increase the number of games it offers in accordance with the rules for doing so.
- 4.1.8 A Player Terminal may display a player's entry into an Online Lottery Game and the commencement of that game. The form of displaying information may be entertaining and at the discretion of the Tribe, except as limited in Sections 5.2.2 and 5.2.3. For example, the terminal may alert the player through means of a count-down that the drawing in which the player is entered is about to occur. Information regarding prizes that may be awarded for each game are made available to the player prior to commencement of the game.
- 4.1.9 Following each drawing, the results are displayed and made available in accordance with the rules set forth in Section 4.4. Players win if their selections match a required number of drawn numbers or symbols, in accordance with the predetermined and published rules for that particular game. Results and prizes are verified in accordance with the rules set forth in Section 4.4, and are paid in Game Play Credits except where, due to the size of the prize, the rules specify some other method of payment. Prizes may also be awarded in the form of merchandise or other valuable property.
- 4.1.10 Game Play Credits earned as prizes remain displayed and available for use in further play from that terminal. Game Play Credits also may be electronically transferred through the Cashless Transaction System, such as to: a) a player's account in the Central Accounting System; b) a ticket

or receipt printed by the Player Terminal; or c) a smart card or similar instrument. Once transferred, Game Play Credits may be: a) used for further play on another terminal; or b) redeemed for cash or cash equivalents through a cashier or other separate redemption system. Merchandise or other property won is collected in accordance with the rules of the game.

4.2 Central Computer Used for Online Lottery Game. The following requirements apply to any Central Computer used in connection with an Online Lottery Game:

- 4.2.1 Introduction. A Central Computer may, in addition to being available for use in connection with Electronic Scratch Ticket Games, be utilized in the Online Lottery Game. The rules in this Section 4.2 govern that activity.
- 4.2.2 Randomization Capability. The Central Computer shall have randomization capability associated with its use in an Online Lottery Game only. All drawings shall be on a random basis, using the randomization requirements set forth in Section 6.
- 4.2.3 Independent Drawings: Schedule of Drawings. Drawings on the Central Computer shall occur independently of any Player Terminal activity and regardless of whether or not players are enrolled in a game. Online Lottery Game drawings shall be held on a regularly scheduled basis in intervals of no less than thirty (30) minutes. Once a drawing period begins, all drawings during that period must be drawn within five (5) minutes. Each drawing shall have its own identifying serial number.
- 4.2.4 Limit on Number of Online Lottery Games. The Tribe may have no more than five (5) Online Lottery Games in play at one time. Such games may be offered on more than one system within the facility. The number of games offered may be increased if, and by the same number, the State Lottery increases the number of Online Lottery Games it offers.

4.3 Player Terminals Used for Online Games. Player Terminals used in connection with Online Lottery Games shall conform to the requirements of Section 5. The following provisions shall also be applicable:

- 4.3.1 A Player Terminal may, in addition to being available for use in connection with Electronic Scratch Ticket Games, be used to play Online Lottery Games. The Online Lottery Game may also be played from a Player Terminal dedicated to selling Online lottery tickets or by a clerk operating a Player Terminal for such purposes. References to Player Terminals herein shall include such dedicated and clerk-operated terminals.
- 4.3.2 The Player Terminal shall enable a player to select numbers, symbols or other data, through touching the screen or pressing one or more buttons on the terminal. The player may also ask for a “quick pick” selection via the

use of a random number generator located in the Player Terminal and used solely for the Online Lottery Games, provided that such random number generator shall meet the criteria set forth in Section 6.

4.3.3 The player's wager and selected numbers, symbols or other data, along with information identifying the drawings to which they apply, shall be provided to the player through the Player Terminal in some tangible means using electronic encoding or printing on paper, card or other medium. Such information may also be displayed on the screen for review by the player.

- 4.4 **Verification and Viewing Requirements for Online Game Results.** The results of each Online drawing on a Central Computer shall be available for display on a Player Terminal on demand by players enrolled in such games, and may be made available on one or more scoreboards, video screens or other electronic display devices sufficiently visible to enable players and other observers, including those not at Player Terminals, to view the outcome of the game. Printed result reports shall be made available in accordance with Section 4.5.
- 4.5 **Online Lottery Game Records.** The following records with respect to each Online Lottery Game shall be maintained and be viewable both electronically and, if requested, by printed report, upon demand: the outcome of each drawing, including all numbers drawn, the sequence of drawing, prizes available, prizes won (whether or not redeemed), and related information. Such reports shall be made available in the casino for player reference for up to thirty (30) days following the close of any drawing period.
- 4.6 **Redemption Period.** Prizes may be redeemed by players for a period of no less than 48 hours following the drawing in any Online Lottery Game.
- 4.7 **Other Game Rules.** The specific rules and prize structures for each Online Lottery Game may vary and shall be made available to players prior to making any wagers on that game. The rules shall indicate when, in relation to the commencement of the first drawing in a game, no further wagers on that game may be made. Each Online Lottery Game may offer more than one method at winning a prize, and each method may be represented by a separate wager, but each wager may not exceed \$5, except as provided by Appendix Spokane.
- 4.8 **Prizes: Jackpots.** Every Online Lottery Game must have at least one jackpot-level prize paid, when won, from a lottery prize pool into which a percentage of each player's wagers, as set forth in the rules for that game, is placed and in which the Tribe shall have no interest. The prize pool may be seeded from time to time by promotional payments or interest free loans from the Tribe. Jackpot prizes not won in a particular game shall be rolled forward into a future game in accordance with rules for disposing of such prizes. Rollover funds may replace the need for seeding a pool if the amount of such rollover funds exceeds the minimum prize available

under the rules of that game. The player pool fund may not be used for any purpose other than payment of the jackpot prize.

5. PLAYER TERMINALS.

All Player Terminals shall conform at a minimum to the requirements of this Section 5.

5.1 Use as a Stand-Alone Gambling Device Prohibited. No Player Terminal shall be capable of being used as a stand-alone unit for the purposes of engaging in any gambling game, including but not limited to, the lottery games described in this Compact, or in any other way prohibited in this Appendix.

All meter readings must be recorded and dated in the presence of a TGA inspector both before and after an electronic accounting meter is cleared.

5.8 **Display of Information.** At a minimum, each Player Terminal shall have the following game information available for display on the video screen and/or displayed on the Player Terminal itself, in a location conspicuous to the player:

- 5.8.1 The rules of the game being played;
- 5.8.2 The maximum and minimum wagers and the amount of credits, or cash equivalents, which may be won for each Electronic Scratch Ticket and Online Lottery Game offered through that terminal;
- 5.8.3 The player's credit balance;

5.8.4 The outcome of the Electronic Scratch Ticket(s) then being played; and

5.8.5 Any prize won on the Electronic Scratch Ticket(s) then being played.

5.9 Protection of Displayed Information. The video screen or other means for displaying game rules, outcomes and other game information shall be kept under a glass or other transparent substance which places a barrier between the player and the actual surface of the display. At no time may stickers or other removable media be placed on the Player Terminal's face for purposes of displaying rules or payouts.

5.10 Hardware Switches Prohibited. No hardware switches may be installed on a Player Terminal or any associated equipment which may affect the outcome or pay out of any game for which the Player Terminal is used. Switches may be installed to control the ergonomics of the Player Terminal.

5.11 Networking Requirements. Where the Tribe's Tribal Lottery System or components are linked with one another in a local network for progressive jackpot, function sharing, aggregate prizes or other purposes, communication protocols must be used which ensure that erroneous data or signals will not adversely affect the operations of any such system or components. No class III game or gaming system in which any part or component is located outside the Tribe's gaming facility shall be deemed approved as part of the approval of this Appendix. Any proposal for such game or gaming system, including the proposed rules, manner of regulation, and manner of play, shall require submission to, and approval by, the SGA and the Governor.

5.12 Prohibited Software Functions. Player Terminals shall not have software or hardware that determines the outcome of any Electronic Scratch Ticket Game. Nothing herein is intended to prohibit the Player Terminal from creating the appropriate Scratch Ticket and Online Game graphics and animation to correspond to, display or represent, in an entertaining manner, the outcome. In addition, Player Terminals shall not have any software that:

5.12.1 Determines which Scratch Ticket outcome from within the Scratch Ticket Subset is transmitted to the Player Terminal; or

5.12.2 Alters the amount of the payout of the Electronic Scratch Ticket as received from the Central Computer.

5.13 Quick-Pick Function. Nothing herein shall prohibit the use of a "quick pick" function on the Player Terminal in conjunction with the playing of the Online Lottery Game.

5.14 Wagers – Displaying Electronic Scratch Ticket Outcomes. Players shall make wagers using a Player Terminal to purchase Electronic Scratch Tickets. Following a purchase, except as provided in Appendix Spokane, the Electronic Scratch Ticket shall be displayed on the Terminal's video screen for the purpose of revealing the

outcome of the selected ticket, provided that players shall be required to physically interact with the terminal in order to reveal the outcome, such as by pressing a button or touching a video touch screen.

6. **STANDARDS FOR RANDOM NUMBER GENERATORS USED WITHIN THE TRIBAL LOTTERY SYSTEM**

Any random number generation used in connection with the Tribal Lottery System must be by use of a microprocessor and random number generation program that meets the following random selection tests:

- 6.1 **Chi-Square Analysis.** Each card, symbol, number, or stop position which is wholly or partially determinative of the outcome of the game satisfies the 99% confidence limit using the standard chi-square analysis.
- 6.2 **Runs Test.** Each card, symbol, number, or stop position does not, as a significant statistic, produce predictable patterns of game elements or occurrences. Each card symbol, number, or stop position will be considered random if it meets the 99% confidence level with regard to the “runs test” or any generally accepted pattern testing statistic.
- 6.3 **Correlation Analysis.** Each card, symbol, number, or stop position is independently chosen without regard to any other card, symbol, number or stop position, drawn within that game play. Each card, symbol, number, or stop position is considered random if it meets the 99% confidence level using standard correlation analysis.
- 6.4 **Serial Correlation Analysis.** Each card, symbol, number, or stop position is independently chosen without reference to the same card, number, or stop position in the previous game. Each card, number, or stop position is considered random if it meets the 99% confidence level using standard serial correlation analysis.

7. **ELECTRONIC ACCOUNTING SYSTEM**

One or more Electronic Accounting Systems shall be required to perform reporting and other functions in support of the Tribal Lottery Game activities described in this Appendix. These systems may communicate with the other computers described in this document utilizing the protocol standards set forth in Section 9.3. The Electronic Accounting System shall not interfere with the outcome of any gaming functions.

8.3 Other Functions. Systems shall be permissible that allow player tracking, maintenance tracking, and other gaming management or marketing functions. These systems shall not interfere with, or in any way affect, the outcome of any Tribal Lottery Game being played. Systems shall be permissible that allow progressive prize management with the certification of the Gaming Test Laboratory and approval of the SGA.

9. GENERAL SECURITY REQUIREMENTS

The following requirements apply to all components of the Tribal Lottery System, including the Manufacturing Computer, the Central Computer, the Electronic Accounting System and Player Terminals.

- 9.1 **Separation.** The Manufacturing Computer, Central Computer and Player Terminals in each Tribal Lottery System shall be physically and operationally independent from one another except as specified otherwise in this Appendix, such as for communications, storage and security monitoring, including the routing of communications among system components, provided such routing does not affect the integrity of the communications or the outcome of any game.
- 9.2 **Security.** The Manufacturing Computer and Central Computer must be in a locked, secure enclosure with both camera coverage and key controls in place.
- 9.3 **Secure Connections: Data Encryption Standards or Equivalent Data Encryption.** Connections between all components of the Tribal Lottery System shall only be through the use of secure communication protocols which are designed to prevent unauthorized access or tampering, employing Data Encryption Standards or equivalent encryption with changeable seeds or algorithms.

- 9.4 **Surge Protection: Uninterrupted Power System.** Each component of the Tribal Lottery System shall at all times be connected to a device which provides surge protection on any line that feeds it and, with the exception of Player Terminals, shall be connected to a temporary power source, such as an Uninterrupted Power System to provide means for an orderly shutdown of the computer in the event of a main power system failure.
- 9.5 **Identification Plates.** A non-removable plate shall be affixed to the exterior of each Manufacturing Computer, Central Computer and Player Terminal which shall have written upon it the computer or terminal's serial number, model number, name of the manufacturer and a unique location or inventory number.
- 9.6 **Locked Areas.** The Manufacturing and Central Computers shall at a minimum be enclosed in a locked and monitored cabinet. Access shall be through the use of keys secured as provided in Section 9.7. The Player Terminal shall have at a minimum the following separately locked areas, which shall be the only means of accessing any non-public part of the terminal: a) a locked and monitored cabinet door; and b) a locked microprocessor compartment.
- 9.7 **Key Control Standards.** Keys which provide access to any locked compartment, component or area of a Tribal Lottery System shall be maintained and used in accordance with the key control standards enacted in the Tribe's statement of minimum internal controls.
- 9.8 **MEAL Cards.** For all entries into the locked areas of the Manufacturing Computer, Central Computer, or any Player Terminal, a written record must be made on a machine entry authorization log ("MEAL") indicating at least the following: the time, date, and purpose of entering said locked area(s), and the name and employee number (or other personal identification specific to such person) of the person doing so.
- 9.9 **Access Control.** In addition to maintenance of MEAL cards, the Manufacturing and Central Computers and Player Terminals shall record and generate a report on any access including date, time of access, person (by employee number) accessing the computer, and the reason for access.
- 9.10 **Cameras.** Any Manufacturing Computer and storage related thereto, Central Computer and storage related thereto, and any Player Terminal, shall be monitored by camera and video recordings maintained thereof, in compliance with the requirements of this Compact.
- 9.11 **Verification Data and Functions.** In addition to its functions in operating a connection with the Electronic Scratch Ticket and Online Lottery Games, the Central Computer may be used to record the data used to verify game play and to configure and perform security checks on Player Terminals, provided such functions do not affect the security, integrity or outcome of such games.

10. **TESTING OF TRIBAL LOTTERY SYSTEMS TO ENSURE INTEGRITY**

10.1 Designation of Independent Gaming Test Laboratory. The SGA shall select one or more gaming test laboratories (hereinafter "Gaming Test Laboratory") to perform the testing required in this Appendix. Any Gaming Test Laboratory selected shall have demonstrated it is competent and qualified to conduct scientific tests and evaluations of electronic gaming systems, and to otherwise perform the functions set forth in this Compact. A Tribe may request additional laboratories be placed on the SGA's list of Gaming Test Laboratories, which request shall not be reasonably withheld. Any laboratory that is currently licensed and approved by any state, province or country to test or evaluate electronic gaming devices or systems shall be placed on the list if, after review by the SGA, it is found to be so qualified and otherwise meets the background and licensing requirements applicable to such laboratories under Washington State Law. For any testing required under this Appendix, the Tribe shall choose a laboratory from those Gaming Test Laboratories on said SGA list. If, at any time, any of the Gaming Test Laboratories' licenses from any jurisdiction are suspended, terminated or subject to disciplinary actions, the Gaming Test Laboratories may be removed from the SGA's list. If removed from the SGA list, the Tribe shall choose a new Gaming Test Laboratory as provided herein.

10.2 Testing and Certification of Tribal Lottery Systems. No Tribal Lottery System may be offered for play unless:

- 10.2.1 Such Tribal Lottery System is approved by the SGA as provided in Section 10.3;
- 10.2.2 The Tribal Lottery System prototype thereof, has been tested and certified by the Gaming Test Laboratory as meeting the requirements specified by this Appendix;
- 10.2.3 If not already provided to the Gaming Test Laboratory, the Tribe shall provide, or require that the manufacturer provide to the Gaming Test Laboratory two (2) copies of Tribal Lottery System illustrations, schematics, block diagrams, circuit analyses, technical and operation manuals, program object and source codes, hexadecimal dumps (the compiled computer program represented in base 16 format), and any other information requested by the Gaming Test Laboratory. The Tribe shall make all such materials available to the SGA upon request;
- 10.2.4 If requested by the Gaming Test Laboratory, the Tribe shall require the manufacturer to transport not more than two (2) working models of the Tribal Lottery System to a location designated by the laboratory for testing, examination or analysis. Neither the State nor the Gaming Test Laboratory shall be liable for any costs associated with the transportation, testing, examination, or analysis, including any damage to the components of the Tribal Lottery System. If requested by the Gaming Test

Laboratory, the Tribe shall require the manufacturer to provide specialized equipment or the services of an independent technical expert to assist with the testing, examination and analysis;

10.2.5 At the conclusion of each test, the Gaming Test Laboratory shall provide to the SGA and the TGA a report that contains findings, conclusions, and a certification that the Tribal Lottery System conforms or fails to conform to the requirements contained in this Compact. If the Gaming Test Laboratory determines that the device fails to conform to such requirements or technical standards, and if modifications can be made which would bring the Tribal Lottery System into compliance, the report may contain recommendations for such modifications. The State is not bound by the findings, conclusions or certifications of the Gaming Test Laboratory for purposes of its enforcement of the provisions of this Compact.

10.3 Approval by the SGA. Upon receiving the certification from the test laboratory, the SGA shall either approve or disapprove the Tribal Lottery System, or component thereof, based on the technical criteria contained in this Appendix, within sixty (60) days of receipt of the certification as to any new Tribal Lottery System, or component thereof, and within fifteen (15) days of the receipt of the certification as to any modification to a system which has already been approved by the SGA. The certification shall be deemed approved if no action is taken thereon by the SGA within said sixty (60) or fifteen (15) day period, as may be applicable. Any disputes arising out of the approval process in this Section 10.3 shall be resolved in accordance with the binding arbitration provisions of this Compact.

10.4 Modifications of Approved Lottery Systems: Emergency Certifications. No modification to any Tribal Lottery System may be made after testing, certification and approval of a Tribal Lottery System without certification of the modification by the Gaming Test Laboratory under Section 10.2 and approval thereof by the SGA under Section 10.3. In situations where immediate modifications are necessary to preserve the integrity of a Tribal Lottery System which has been operating pursuant to an approval obtained under Section 10.3, the Gaming Test Laboratory may issue an emergency certification of the modification and that it must be made immediately to preserve the integrity of the Tribal Lottery System. Such emergency certifications shall be deemed to be temporarily approved by the SGA and remain in effect until the SGA takes action on the certification, which shall be governed by Section 10.3, provided that no emergency certification shall be valid or effective until actually approved by the SGA if it was not received by the SGA within five (5) days after being issued.

10.5 Manufacturer's Conformity to Technical Standards. Before any component of a Tribal Lottery System may be placed into operation, the Tribe shall first have obtained and submitted to the SGA a written certification from the manufacturer that upon installation, each such component: (a) conforms to the specifications of

the Tribal Lottery System as certified by the Gaming Test Laboratory; and (b) operates and plays in accordance with the requirements of this Compact. Authorization to operate a Tribal Lottery System requires that it operate and play in accordance with the requirements specified by this Appendix; provided that while the failure of such Tribal Lottery System to comply with such requirements will suffice as a grounds to enjoin or otherwise terminate said Tribal Lottery System's operation, such non-compliance will not be deemed a violation of this Compact as long as the Tribe has relied in good faith on the certification of the manufacturer.

- 10.6 Payment of Gaming Test Laboratory Fees.** The Tribe shall be responsible for the payment of all Gaming Test Laboratory fees and costs in connection with the duties described in this Compact. The Tribe shall provide copies of all Gaming Test Laboratory invoices and payments by the Tribe to the SGA, which shall have the right to audit such fees. In order to ensure independence of the Gaming Test Laboratory, any Gaming Test Laboratory payment delinquency by the Tribe of fees or costs due to the Gaming Test Laboratory may be grounds by the SGA for rejecting such laboratory's reports or certification.
- 10.7 Gaming Test Laboratory Duty of Loyalty.** The Tribe shall inform the Gaming Test Laboratory in writing that, irrespective of the source of payment of its fees, the Gaming Test Laboratory's duty of loyalty and reporting requirements run equally to the State and the Tribe.
- 10.8 Random Inspections.** The Tribe shall allow the SGA to inspect any components of the Tribal Lottery System for the purposes of confirming that such component is operating in accordance with the requirements of this Compact and that such component is identical to that tested by an Independent Test Laboratory. Inspections shall be pursuant to the Facility access rules set forth in this Compact.
- 10.9 SGA to be Supplied Model of Player Terminal and System.** If not already provided to the SGA, the SGA shall, upon request, be supplied a Player Terminal Central Computer and Manufacturing Computer to be held at the SGA's offices for purposes of determining compliance with these technical requirements.

11. ALTERNATIVE STANDARDS PERMITTED AND TECHNICAL CHANGES

- 11.1 Alternative Standards Permitted.** Notwithstanding anything contained in this Appendix or in Appendices Y or Spokane to the contrary, the SGA and Tribe may agree on alternative provisions to those set forth herein, provided such provisions adequately preserve and protect the integrity and security of any game or gaming system or component, or accounting or auditing system or component, affected thereby.
- 11.2 Technical Changes.** Nothing in this Section shall prohibit the Tribe or State from seeking changes of the technical provisions of this Appendix if the necessity or desirability for such changes becomes apparent in the development, testing,

production, marketing or use of the system. Neither party shall unreasonably deny such requests.

12. OTHER PAYMENTS

In order to provide for impacts to local community services that may arise as a result of the gaming authorized under this Appendix, the following payments shall be made from revenues derived from Tribal Lottery System activities on the terms and conditions set forth below:

- 12.1 Impact Costs.** Up to one-half of one percent (0.5%) of the net win derived from Tribal Lottery System activities, determined on an annual basis, shall be added to any amounts payable and distributable from other Class III activities under the Compact in order to meet community impacts, to the extent such Compact amounts are insufficient to meet actual and demonstrated impact costs.
- 12.2 Charitable Donations.** One-half of one percent (0.5%) of the net win derived from Tribal Lottery System activities, determined on an annual basis, shall be donated to non-tribal bona fide nonprofit and charitable organizations in the state of Washington.
- 12.3 Community Impacts.** Up to one-half of one percent (0.5%) of the net win derived from the Tribal Lottery System, determined on an annual basis, determined by deducting from one percent of said net win the amounts actually paid under Sections 12.1 and 12.2 in said year, shall be applied to Tribal governmental programs which have an impact on the community by assisting the Tribe and its members in becoming self-sufficient, such as programs concerned with Tribal law enforcement, education, housing, health, elderly care, safety, and gaming regulation.
- 12.4 Payment.** The payments set forth in Sections 12.1 through 12.3 shall be subject to the following:
- 12.4.1 As used in this Section 12 and applied to revenues from the Tribal Lottery System, the term "net win" shall mean the total amount of Tribal Lottery System revenue after prizes or winnings have been paid out (i.e., the difference between the amount wagered or played and the amounts repaid to winners), less any cost of developing, licensing, or otherwise obtaining the use of the Tribal Lottery System.
- 12.4.2 Because IGRA requires that the Tribe be the primary beneficiary of gaming revenues, no donation shall be due under Section 12.2 in any Tribal fiscal year in which the Tribe has not made a profit from its Class III operation, taking into account the effect of such donation if made. As used herein, the term "profit" shall mean net profits associated with the operation of all Class III gaming by the Tribe, as determined under

Generally Accepted Accounting Principles (GAAP), but without deduction for depreciation.

- 12.4.3 The Tribe and the State acknowledge that the Tribal Lottery System will have substantial start-up costs associated with it. In order to provide a means for adjusting for such expenses, the amounts due from the Tribe under Sections 12.1, 12.2, and 12.3 shall be reduced by one-half as to the first year's revenues and payments and by one-quarter as to the second year's revenues and payments.

STATE OF WASHINGTON**

**CLASS III GAMING COMPACT
APPENDIX Y**

1 INTRODUCTION

1.1 General

This Appendix is created to provide the basic “core” requirements for electronic gaming devices (“EGDs”) authorized under § III(A)(27) of the Compact and to establish the approval and testing process for gaming machines and associated equipment that are to be operated by the Spokane Tribe (“Tribe”) in the State of Washington, pursuant to the Compact approved by the Secretary of the Interior. This Appendix does not apply to electronic gaming devices authorized under Appendix X to the Compact, which are governed by that Appendix. These standards take into consideration certain judicially articulated restrictions on the use and operation of EGDs, including but not limited to, the prohibition of individual play against such devices or terminals.

1.2 Intent

The intent of this Appendix is to ensure that gaming on Spokane Indian Lands occurs in a manner that is:

- a) fair;
- b) secure;
- c) auditable; and
- d) compliant with judicially articulated restrictions.

1.3 Testing

The general purpose of testing gaming equipment is to determine the suitability of such gaming equipment for operation in the intended environment. Prior to operation, all EGDs and associated equipment shall be tested by a licensed gaming laboratory to:

- a) verify that they comply with the requirements of the Compact and this Appendix;
- b) ensure that they are fair to both the players and the operators;
- c) verify that they comply with currently accepted gaming test industry standards such as GLI 11 and 12; and
- d) ensure that the equipment does not:

- i) constitute electronic, mechanical or electro-mechanical devices or terminals which allow for individual play against such devices or terminals; or
- ii) otherwise violate existing statutory or judicially established limitations on gambling devices.

1.4 Judicially Articulated Restrictions

EGDs may be utilized by the Tribe under the following conditions:

- a) The EGD is activated by a “cashless transaction system” and not by the insertion of coin or currency;
- b) The EGD does not allow for individual play against the device or terminal. The parties agree that this requirement can be met in the following non-exclusive ways:
 - i) Players compete for a number from a predetermined set of numbers, each associated with a specific outcome; or
 - ii) Players compete in a pooled wagering system whereby prizes are awarded from a wagering pool or pools made up of the players’ wagers and the house is entitled to a set amount of the pooled wagers. Systems meeting the requirements of this subsection may allow for an initial seeding of the wagering pool by the house, and reseeding in circumstances of excessive volatility.
- c) Player terminals do not contain slot machine-type spinning reel mechanisms in mechanical form, nor allow for activation by a slot machine-type handle; and
- d) The Tribe and the Washington State Gambling Commission have signed an agreement for each specific type of EGD which confirms that type of EGD meets the foregoing requirements and sets technical standards and internal controls for operation of that type of EGD.

1.5 Approval Process

- a) Except for those EGDs governed by Appendix X, the Tribe and the Gambling Commission shall enter into an agreement for each specific type of EGD which the Tribe wishes to operate. Each agreement shall confirm that the proposed type of EGD meets the requirements contained in the Compact and this Appendix, and shall set the technical standards and internal controls for the operation of that type of EGD. Such technical standards and internal controls shall be uniformly applied to all Washington State gaming tribes and shall include, but not be limited to: operation, interface and random number generator standards; game reports; accounting system requirements and reports; cashless transaction system requirements and reports; security system requirements; testing requirements; and regulatory fees.
- b) The Tribe may present to the State Gaming Agency, at any time, a machine concept it believes satisfies the requirements of the Compact and this Appendix. Within thirty (30) days thereafter, the State Gaming Agency shall notify the Tribe

of its acceptance or rejection of said concept. If the State Gaming Agency accepts the Tribe's conceptual machine, the Tribe and the State Gaming Agency shall have ninety (90) additional days to execute the agreement required by § 1.5(a); provided, however, said ninety (90) day period shall not commence until the Tribe has made a full submission of its machine proposal to the State Gaming Agency; provided further, that the Tribe shall not commence operation of said EGD until the laboratory testing and certification requirements referred to in § 1.3 of this Appendix are met.

- c) A "full submission," as that term is used in § 1.5(b), shall include machine hardware (a prototype EGD), base software (the software platform upon which games are loaded), game software for one or more games, and a detailed narrative description of said hardware, base software and game software. Failure of the Tribe and the State Gaming Agency to agree upon a machine concept or failure to execute an agreement required by § 1.5(a) shall constitute a dispute or disagreement between the Tribe and the State Gaming Agency, subject to the dispute resolution provisions contained in § XII of the Compact.

2 TESTING AND MACHINE APPROVAL

2.1 Designation of Independent Gaming Test Laboratory

The State Gaming Agency shall select one or more gaming test laboratories (hereinafter "Gaming Test Laboratory") to perform the testing required in this Appendix. Any Gaming Test Laboratory selected shall have demonstrated it is competent and qualified to conduct scientific tests and evaluations of electronic gaming systems and to otherwise perform the functions set forth in the Compact. The Tribe may request additional laboratories be placed on the State Gaming Agency's list of Gaming Test Laboratories, which request shall not be unreasonably denied. Any laboratory that is currently licensed and approved by any state, province or country to test or evaluate EGDs or electronic gaming systems shall be placed on the list if, after review by the State Gaming Agency, it is found to be so qualified and otherwise meets the background and licensing requirements applicable to such laboratories under Washington State Law. For any testing required under this Appendix, the Tribe shall choose a laboratory from those Gaming Test Laboratories on said State Gaming Agency list. If, at any time, any of the Gaming Test Laboratories' licenses from any jurisdiction are suspended, terminated or subject to disciplinary actions, the Gaming Test Laboratories may be removed from the State Gaming Agency's list. If removed from the State Gaming Agency's list, the Tribe shall choose a new Gaming Test Laboratory as provided herein.

2.2 Testing and Certification of EGDs

- a) No EGD may be offered for play unless:
 - i) such EGD is approved by the parties as provided in this Appendix; or
 - ii) the EGD prototype thereof has been tested and certified by the Gaming Test Laboratory as meeting the requirements specified by this Appendix.

- b) If not already provided to the Gaming Test Laboratory, the Tribe shall provide or require that the manufacturer provide to the Gaming Test Laboratory two (2) copies of EGD illustrations, schematics, block diagrams, circuit analyses, technical and operation manuals, program object and source codes, hexadecimal dumps (the complied computer program represented in base 16 format), and any other information requested by the Gaming Test Laboratory. The Tribe shall make all such materials available to the State Gaming Agency upon request;
- c) If requested by the Gaming Test Laboratory, the Tribe shall require the manufacturer to transport not more than two (2) working models of the EGD to a location designated by the laboratory for testing, examination or analysis. Neither the State nor the Gaming Test Laboratory shall be liable for any costs associated with the transportation, testing, examination, or analysis, including any damage to the components of the EGD. If requested by the Gaming Test Laboratory, the Tribe shall required the manufacturer to provide specialized equipment or the services of an independent technical expert to assist with the testing, examination and analysis;
- d) At the conclusion of each test, the Gaming Test Laboratory shall provide to the State Gaming Agency and the Tribal Gaming Commission a report that contains findings, conclusions and a certification that the EGD conforms or fails to conform to the requirements contained in the Compact. If the Gaming Test Laboratory determines that the device fails to conform to such requirements or technical standards, and if modifications can be made which would bring the EGD into compliance, the report may contain recommendations for such modifications. The parties are not bound by the findings, conclusions or certifications of the Gaming Test Laboratory for purposes of enforcement of the provisions of the Compact.

2.3 Approval by the State Gaming Agency

Upon receiving the certification from the Gaming Test Laboratory, the State Gaming Agency shall either approve or disapprove the EGD or component thereof, based on the technical criteria contained in this Appendix and the agreement adopted under § 1.5, within sixty (60) days of receipt of the certification as to any new EGD or component thereof, and within fifteen (15) days of the receipt of the certification as to any modification to a system which has already been approved by the State Gaming Agency. The certification shall be deemed approved if no action is taken thereon by the State Gaming Agency within said sixty (60) or fifteen (15) day period, as may be applicable. Any disputes arising out of the approval process in this § 2.3 shall be resolved in accordance with § XII of the Compact.

2.4 Modifications of Approved Systems; Emergency Certifications

No modification to any EGD may be made after testing, certification and approval of an EGD without certification of the modification by the Gaming Test Laboratory under § 2.3 and approval thereof by the State Gaming Agency under this § 2.4. In situations where immediate modifications are necessary to preserve the integrity of an EGD which has been operating pursuant to an approval obtained under § 2.3, the Gaming Test Laboratory

may issue an emergency certification of the modification and that it must be made immediately to preserve the integrity of the EGD. Such emergency certifications shall be deemed to be temporarily approved by the State Gaming Agency and remain in effect until the State Gaming Agency takes action on the certification, which shall be governed by § 2.3, provided that no emergency certification shall be valid or effective until actually approved by the State Gaming Agency, if it was not received by the State Gaming Agency within five (5) days after being issued.

2.5 Manufacturer's Conformity to Technical Standards

Before any component of an EGD may be placed into operation, the Tribe shall first have obtained and submitted to the State Gaming Agency a written certification from the manufacturer that upon installation each such component:

- a) conforms to the specifications of the EGD as certified by the Gaming Test Laboratory; and
- b) operates and plays in accordance with the requirements of the Compact Procedures.

Authorization to operate an EGD requires that it operate and play in accordance with the requirements specified by this Appendix; provided that while the failure of such EGD to comply with such requirements will suffice as grounds to enjoin or otherwise terminate said EGD's operation, such non-compliance will not be deemed a violation of the Compact as long as the Tribe has relied in good faith on the certification of the manufacturer.

2.6 Payment of Gaming Test Laboratory Fees

The Tribe shall be responsible for the payment of all Gaming Test Laboratory fees and costs in connection with the duties described in the Compact. The Tribe shall provide copies of all Gaming Test Laboratory invoices and payments by the Tribe to the State Gaming Agency, which shall have the right to audit such fees. In order to assure independence of the Gaming Test Laboratory, any Gaming Test Laboratory payment delinquency by the Tribe of fees or costs due to the Gaming Test Laboratory may be grounds by the State Gaming Agency for rejecting such laboratory's reports or certification.

2.7 Gaming Test Laboratory Duty of Loyalty

The Tribe shall inform the Gaming Test Laboratory, in writing, that, irrespective of the source of payment of its fees, the Gaming Test Laboratory's duty of loyalty and reporting requirements run equally to the State and the Tribe.

2.8 Random Inspections

The Tribe shall allow the State Gaming Agency to inspect any components of an EGD for the purposes of confirming that such component is operating in accordance with the requirements of the Compact and that such component is identical to that tested by an independent test laboratory. Inspections shall be pursuant to § VII of the Compact.

2.9 State Gaming Agency to be Supplied Model of Player Terminal and System

If not already provided to the State Gaming Agency, the State Gaming Agency shall, upon request, be supplied all components of each EGD to be held at the State Gaming Agency's offices for purposes of determining compliance with these technical requirements.
