

THIRD AMENDMENT TO THE TRIBAL/STATE COMPACT
FOR CLASS III GAMING
BETWEEN
THE SQUAXIN ISLAND TRIBE
AND THE STATE OF WASHINGTON

WHEREAS, on July 27, 1993, the State of Washington and the Squaxin Island Tribe (hereinafter referred to as the Tribe) executed a Class III Gaming Compact pursuant to the Indian Gaming Regulatory Act (IGRA) of 1988, P.L. 100-497, codified at 25 USC Section 2701 et seq. and 18 USC Section 1166-1168, and

WHEREAS, the Class III Gaming Compact executed by the State and the Tribe, as well any amendments thereto, were approved by the Secretary of the Interior and are in full force and effect (hereinafter referred to as the "Compact"), and

WHEREAS, the State and Tribe conducted additional negotiations in accordance with the provisions of IGRA and amended Section III of the Compact by adding Appendix X to the Compact that authorized the Tribal Lottery Systems described therein, and

WHEREAS, since the adoption of Appendix X, the State and Tribe have agreed to certain optional changes to the Tribal Lottery System that require Appendix X to be supplemented by a further amendment known as Appendix X2,

NOW, THEREFORE, the Compact shall be, and hereby is, amended to read and state as follows:

1. Appendix X2, in the form attached hereto, is added to the IGRA Compact between the Squaxin Island Tribe and the State of Washington and is hereby incorporated by reference as a fully enforceable part of the Compact; and

2. Tribal Lottery Systems operated in accordance with the requirements of Appendix X2 are hereby recognized as additional authorized gaming activities under Section III of this Compact; and

3. The provisions of Subsection XV.D.6 of the Compact are hereby revoked, rescinded, and replaced in their entirety, and that Subsection is hereby amended to read as follows:

“6. Authorization to Other Tribes. Notwithstanding any other provision of this Compact to the contrary, in the event that the State enters into or amends a compact with another tribe and such agreement gives any such tribe more gaming facilities, activities, stations, or higher wager limits, more hours of operation, or any combination thereof, than provided under the terms of this Compact, then this Compact shall be amended thereby upon approval and acceptance of any such increases by the Tribe and upon copies of the written incorporation of such amendments into this Compact being provided to the State.”

IN WITNESS WHEREOF, the Squaxin Island Tribe and the State of Washington have executed this Third Compact Amendment.

SQUAXIN ISLAND TRIBE

APPENDIX X2

RULES GOVERNING **TRIBAL LOTTERY SYSTEMS**

SECTION 1. OVERVIEW

This Appendix describes, authorizes and sets forth provisions applicable to the operation of a tribal lottery system conducted pursuant to the Indian Gaming Regulatory Act for playing electronic scratch ticket and on-line lottery games. The system utilizes player terminals with video displays which allow players to purchase chances and obtain game result information, a manufacturing computer which securely creates the finite set of chances used in the scratch ticket portion of the system, a central computer which stores and transmits game information and makes draws for the on-line lottery game, and an electronic central security and accounting system. In the scratch ticket game, preexisting scratch tickets are dispensed in an electronic format to players through the player terminals on an on-demand basis. In the on-line lottery game, drawings are conducted on a central computer independently of any activity at player terminals. The drawing results are then matched to player selections previously made on the player terminals. The system and games described and authorized herein are subject to the technical provisions set forth herein. Notwithstanding anything to the contrary herein, tribal lottery systems and player terminals approved pursuant to Appendix X prior to the effective date of this Appendix X2 may continue to be operated consistent with the requirements of Appendix X as they existed on the date this Appendix X2 became effective. Further, nothing herein shall restrict the Tribe from exercising any provision in its Compact not covered by this Appendix X2.

SECTION 2. DEFINITIONS

2.1 **Cashless Transaction System.** The means by which a player obtains, transfers and redeems Game Play Credits. The Cashless Transaction system permits a player to play the Tribal Lottery System without inserting cash (coins, tokens or paper currency) into, and to win

) prizes without receiving cash from, the Player Terminal. The Cashless Transaction System includes the following components:

2.1.1 The Electronic Accounting System;

2.1.2 One or more of the following: Plastic, cardboard, magnetic, or "smart" cards; paper; personal identification ("PIN") numbers; Game Play Credits obtained from the exchange of cash or cash equivalents; Game Play Credits displayed on the Player Terminal which were earned as prizes from prior play and not redeemed; and other means for effectuating play and awarding prizes without inserting or dispensing cash into or from the Terminal, provided that all Game Play Credits (other than credits earned from prior play and remaining displayed on a Player Terminal) must have been paid for by cash or cash equivalent;

2.1.3 A means of accounting for player deposits of cash or cash equivalents and exchanges for and redemption of Game Play Credits which is independent of the Player Terminal, through a player's account, a voucher system, or a "smart" card or similar device for recording individual player data; and

2.1.4 A means by which players can redeem unused Game Play Credits for cash or cash equivalents. All redemptions for cash must be through a cashier or redemption system separate from the Player Terminal.

2.2 Central Computer. A computer which conducts drawings for On-line Lottery Games and, for Electronic Scratch Ticket games, stores and dispenses Electronic Scratch Tickets from Scratch Ticket Subsets which have been loaded into it from a Manufacturing Computer and are maintained in a secure manner.

2.3 Electronic Accounting System. A computer system that provides a secure means to receive, store and access data and record critical functions and activities, as set forth in Section 7.

2.4 Electronic Scratch Ticket. A predetermined winning or losing outcome in electronic form. Each Scratch Ticket represents a chance from among the finite set of chances that comprise an Electronic Scratch Ticket Game Set.

2.5 Electronic Scratch Ticket Game. A scratch ticket lottery game that is played in an electronic environment. A game has a specific set of rules including: The theme and types of symbols used; the total number of tickets in the game; the ratio or mix of winning and losing tickets; the prize structure, including number and dollar value of each prize; and price of a single ticket. The game is played by use of computer hardware and software to manufacture, store, distribute, sell, and display scratch tickets to players.

2.6 Electronic Scratch Ticket Game Set. A finite set of Electronic Scratch Tickets that is based on a template that has been designed in accordance with a specific set of rules, including the basic requirements of Section 3.2, governing the structure of an Electronic Scratch Ticket Game. Based on that template, an Electronic Scratch Ticket Game Set is created in a Manufacturing Computer in a secure and verifiable electronic form prior to the play of an Electronic Scratch Ticket Game. Each Electronic Scratch Ticket Game Set is uniquely identifiable, by serial number or otherwise, so that it can be distinguished from other Game Sets manufactured from the same template.

2.7 Electronic Scratch Ticket Game Subset. A defined group of Electronic Scratch Tickets that has been randomly selected from an Electronic Scratch Ticket Game Set and transmitted to a Central Computer in a fixed order for play. Each Electronic Scratch Ticket Game Subset is uniquely identifiable from all other Subsets selected from the same Game Set.

2.8 Game Play Credits. A means of representing value obtained from the exchange of cash or cash equivalents, or earned as a prize, which is used as a means to effectuate play. Game Play Credits may be redeemed for cash or a cash equivalent.

2.9 Kiosks. Cash exchange or redemption terminals, which allow for cash to cashless transactions or cashless to cash transactions with or without a cashier. A Player Terminal is not a Kiosk.

2.10 Manufacturing Computer. A computer which creates Electronic Scratch Ticket Game Sets, randomly allocates tickets into Scratch Ticket Subsets, and delivers them to a Central Computer.

2.11. On-line Lottery Game. A lottery game by which players, through the use of Player Terminals, select numbers, symbols or other possible outcomes to be matched to outcomes that are subsequently and randomly selected in drawings which are electronically conducted on a Central Computer.

2.12 On-line Lottery Game Ticket. A paper, cardboard or electronically encoded medium onto which information is legibly printed, or is recorded electronically in a manner which can cause a Player Terminal to display, the outcome(s) and prize(s) won, if any, and other information associated with, an On-line Lottery Game drawing in which the player is enrolled.

2.13 Player Terminals. Electronic computer terminals housed in cabinets with input devices and video screens and with which players play the On-line Lottery and Electronic Scratch Ticket games. Player Terminals are not capable of playing gambling games as stand-alone devices.

2.14 Template. A software file containing all possible prize values for a Game Set to be created, indicating the number of prizes for each prize value that will appear in the Game Set.

2.15 Tribal Lottery System. Any lottery system operated pursuant to this Appendix. All computers and terminals and the combination and components thereof in each system operated by the Tribe shall conform to the provisions of this Appendix.

SECTION 3. TRIBAL ELECTRONIC SCRATCH TICKET LOTTERY GAME SYSTEM

3.1 Description of System Operation

3.1.1 The Tribal Lottery System game known as the Electronic Scratch Ticket Game consists of a finite number of Electronic Scratch Tickets, a certain number of which, if drawn, entitle a player to prize awards at various levels. The scratch tickets are designed from a

template in conformity with this Appendix and are created in Game Sets on a Manufacturing Computer from which Scratch Tickets are randomly selected and placed into Scratch Ticket Subsets. Each Game Set has a predetermined number of winners and values and is designed so as to assure players of an at least 75% payback of the amounts paid in the aggregate for all tickets in the Set. As a Game Set's tickets are placed into Subsets, the pool of tickets available from that Game Set for placement into Subsets diminishes, until each ticket in the Game Set has been placed into a Subset.

3.1.2 Scratch Ticket Subsets are transmitted to the Central Computer, where they are stored until dispensed electronically on demand to Player Terminals. Scratch Tickets are electronically dispensed from the Central Computer in the order within each Subset in which the tickets were received. Players compete against each other to draw winning tickets. As Subsets are used they are replaced by additional Subsets which have been created and delivered to the Central Computer in the same manner, until the Game Set has been depleted, or pulled from play, ending that particular game. Different games based on different Game Sets may be offered simultaneously through the Central Computer.

3.1.3 A player initiates participation in an Electronic Scratch Ticket game at a Player Terminal, using Game Play Credits purchased on the Player Terminal through the insertion of cash, or through the Cashless Transaction System. The monitor displays one or more of the Electronic Scratch Ticket games that are offered by the system, as well as other information such as graphics, game play and outcome information, and entertainment effects, subject to the limitations in Sections 5.2.2 and 5.2.3. The player may choose a particular game and reveal the outcome, by touching the screen, pressing a button once or performing some other form of interaction with the Player Terminal.

3.1.4 Following or as part of the player's selection of a game or games, the player uses Game Play Credits displayed on the Player Terminal to purchase one or more Electronic Scratch Tickets. The pricing of tickets is governed by the provisions of Section 3.2.1. Wagers are deducted from the Game Play Credits displayed on the Player Terminal.

3.1.5 Prize structure, ticket purchase and selection, and wager information is displayed or available on the Player Terminal with respect to any game which is being played through that Terminal.

3.1.6 After the player purchases an Electronic Scratch Ticket the outcome associated with that ticket is shown on the Player Terminal. Any prizes won are displayed on the Player Terminal and may be in the form of Game Play Credits, the right to receive merchandise, or other valuable property.

3.1.7 Game Play Credits earned as prizes remain displayed and available for use in further play from that Terminal. Game Play Credits also may be electronically transferred to a) a player's account in the Central Accounting System, b) a ticket or receipt printed by the Player Terminal, or c) a "smart" card or similar instrument. Once transferred, Game Play Credits may be a) used for further play on another Terminal or b) redeemed for cash or cash equivalents through a cashier or other separate redemption system. Merchandise or other property won is collected in accordance with the rules of the game.

3.2 Game Set and Subset Requirements

3.2.1 Game Set Requirements. Each Game Set shall meet the following minimum requirements:

- a. Each Game Set shall be made up of a finite number of Electronic Scratch Tickets;
- b. All Scratch Tickets in a particular Game Set shall be of the same purchase price, which shall not exceed \$5.00, with the exception that up to 15 percent of the Player Terminals in operation may have purchase prices of up to \$20.00 per Ticket. A single Ticket may offer an opportunity to enter another Game Set;
- c. The payout percentage for the entire Game Set shall be no less than 75% of the total purchase price of all tickets in the set combined;

- d. Each Game Set shall be assigned a unique serial number; and
- e. Each ticket shall have a specific outcome and prize level associated with it.

3.2.2 Game Set Verification Process. Prior to commencement of play, the initial Game Set shall be verified as to the total number of tickets in the set and the number of winners at each prize level, including the amounts of such prizes, and the number of non-winners. The verification standards which the Game Set must meet are those set forth in Section 3.3.

3.2.3 Transmission of Subsets to Central Computer. Following verification of the Game Set, the Manufacturing Computer shall create ordered Scratch Ticket Subsets on demand from the Central Computer and transmit the ordered Subsets to it.

3.2.4 Subset Requirements. Each Electronic Scratch Ticket Game Subset shall meet the following minimum requirements:

- a. Within a given Game Set, each Subset shall be the same size and comprised of no less than 5,000, and no more than 10,000 Electronic Scratch Tickets, provided that in order to complete the distribution of all tickets in a Game Set, the final Subset derived from the Set may have less than the number of tickets in any other Subset and be less than 5,000;
- b. Each Subset shall be individually and uniquely identified by the Game Set serial number and a unique serial number for each Subset assigned in the order in which the Subsets are created;
- c. Once an Electronic Scratch Ticket has been dispensed to a Player Terminal from a Subset, it cannot be dispensed again.

3.2.5 Completion of Game. A Scratch Ticket Game is deemed to be completed only when all of the Electronic Scratch Tickets in a Game Set have been dispensed or the Game Set has been taken out of play. If any Game Set is withdrawn from play before

completion of the Game, the Tribe shall ensure that at least 75% of the revenues received from sales of Electronic Scratch Tickets in that Game have been, or in future Electronic Scratch Ticket Games will be, awarded to players.

3.3 Data Required to be Available Prior to Commencement of an Electronic Scratch Ticket Game. The following data shall be available to the TGA and SGA prior to the commencement of an Electronic Scratch Ticket Game and shall be maintained and be viewable both electronically and if requested, by printed report, upon demand:

3.3.1 A unique identifying Game Set serial number;

3.3.2 A description of the Game Set theme sufficient to categorize the Game Set relative to other Game Sets;

3.3.3 The number of total Scratch Tickets in the Game Set;

3.3.4 The number of Scratch Ticket Subsets to be created from the Game Set, and the number of tickets in each Set;

3.3.5 The payout percentage of the entire Game Set;

3.3.6 The payout table for the Game Set and the number of Scratch Tickets at each level of the payout table;

3.3.7 The purchase price per ticket assigned to the Game Set;

3.3.8 Such further information as the SGA may reasonably require to assure the integrity and accuracy of the foregoing information.

3.4 Data Required to be Available Following the Completion of a Scratch Ticket Game. Following the completion of an Electronic Scratch Ticket Game (i.e., upon the sale of all tickets in a Game Set or the withdrawal of the Set from play), the following data shall be available to the TGA and SGA and shall be maintained and viewable both electronically and if requested, by printed report, upon demand:

- 3.4.1 The Game Set and Game Subsets serial numbers;
- 3.4.2 The total number of Electronic Scratch Tickets unsold, if the game is removed from play;
- 3.4.3 The total number of Electronic Scratch Tickets purchased;
- 3.4.4 The time and date that each Subset was transmitted to the Central Computer;
- 3.4.5 The time and date that the game was completed or removed from play;
- 3.4.6 The final payout percentage of the game; and
- 3.4.7 Price per Ticket.

3.5 Software Auditing Tool to be Made Available. For auditing Game Sets and Subsets that have been archived, any Tribal Lottery System shall include and have available for the SGA and the TGA a secure software tool which provides the same data as set forth in Section 3.3 and 3.4, provided that such tool shall be used only during authorized audits of Tribal Lottery System games and operations, or in cases of player disputes, and shall not be used for any other purpose without the consent of the TGA and the SGA.

3.6 No Auditing of Game Sets While in Play; Dispute Process

3.6.1 No Audit of Set While in Play. In order to provide maximum game integrity, no audit or other determination of the status of any Game Set or any Subset, including but not limited to a determination of the prizes won or prizes remaining to be won, shall be conducted by anyone, including TGA and SGA personnel, while a Subset is in play without causing termination of the entire Game Set from which the Subset was derived as provided in Section 3.6.3.

3.6.2 Dispute Resolution: Impact on Game Set Play. In the event of a dispute by a player that cannot be resolved by ordinary means by Gaming Facility personnel as to the

outcome, prize, wager made, or any other aspect of the player's participation in a Game Set being played, all relevant data shall be immediately collected, including but not limited to all meter readings, memory records, surveillance recordings, and any other reports or information regarding play at the Terminal for the play in dispute. Following the collection of all relevant data, the TGA shall be notified and requested to make an evaluation of whether or not the dispute involves the integrity of the hardware or software being used and to try and resolve the dispute. A report of all disputes shall be maintained by the TGA. If the dispute is not resolved within 72 hours from the time of the complaint, the TGA shall immediately forward a report to the SGA detailing the nature of the dispute. In the event the dispute is resolved, the TGA is not obligated to report to the SGA, but shall make TGA reports available for review.

3.6.3 Termination of Game Set. Protection of game integrity, even if it requires the early withdrawal of a Game Set from play, shall be the primary goal of this Appendix. If resolution of a patron dispute requires access to data or records stored on any part of a system other than the Player Terminal involved in the dispute, and such access can only be accomplished through a means by which data would be revealed that could materially assist anyone in determining the likelihood of a particular ticket being drawn, other than information available to all patrons, the Game Set shall be terminated prior to accessing such data or records.

3.6.4 TGA/SGA Disputes. In the event there is a dispute between the TGA and SGA at any point in the above process, it shall be resolved in accordance with the dispute resolution process for such issues set forth in the Compact.

3.7 Manufacturing Computer

3.7.1 Security from Alteration, Tampering, or Unauthorized Access. The Manufacturing Computer shall provide a physical and electronic means, by use of a password or other method approved by the TGA and SGA, for securing the Game Set against alteration, tampering, or unauthorized access. The Manufacturing Computer shall provide a means for terminating the Game Set if unopened ticket information from an operating Game Set or Subset has been accessed except as permitted in this Appendix. The Gaming Test Laboratory shall certify that such security system, and a means for monitoring its use in accordance with this Appendix, is included in the system before it may be authorized for use. Security systems and

monitoring may be required for any component that has electronic access to this system that may violate the integrity and security of the manufacturing computer.

3.7.2 Primary Purpose; Separation. The Manufacturing Computer shall be dedicated primarily to those Tribal Electronic Scratch Ticket gaming system functions related to the creation of Scratch Ticket Game Sets and the creation, randomization, and transmittal to the Central Computer of Scratch Ticket Subsets. Notwithstanding the foregoing, the Manufacturing Computer may also be used for other computer functions in the Tribal Lottery System or Electronic Accounting System if such use will not affect the integrity or outcome of any game.

3.7.3 Storage Medium; Backup. The Manufacturing Computer shall have a medium for securely storing Electronic Scratch Ticket Game Sets and Subsets on the Manufacturing Computer which shall be mirrored on line by a backup medium within the same cabinet or enclosure. In addition, duplicates of the Sets and Subsets, as created and stored on the Manufacturing Computer, shall be stored in a secure enclosure in the Gaming Facility separate from the Manufacturing Computer. All storage shall be through an error checking, nonvolatile physical medium, so that should the primary storage medium fail, there will be no critical data loss.

3.7.4 Randomization. The Manufacturing Computer shall utilize randomizing procedures in the creation of the Subsets. The randomizing procedures shall be in accordance with Section 6 of this Appendix.

3.8 Central Computer Used in Connection With Electronic Scratch Ticket Game. The following requirements apply to any Central Computer used in connection with an Electronic Scratch Ticket Game.

3.8.1 Dispensing of Tickets. The Central Computer shall dispense, upon request from a Player Terminal, Electronic Scratch Tickets.

3.8.2 Order of Scratch Tickets. The Central Computer shall maintain Electronic Scratch Ticket Subsets in the order received from the Manufacturing Computer, and transmit them in that order to Player Terminals on demand, provided that not less than two (2)

nor more than five (5) Subsets per Game Set shall be dispensed in accordance with a predetermined order for rotating the Subsets. Subsets from more than one Game Set may be stored on the Central Computer and made available for play at the same time.

3.8.3 Storage Medium; Backup. The Central Computer shall have a medium for storing Electronic Scratch Ticket Game Subsets and reflecting their current status of play, which shall be mirrored on line by a backup medium within the same cabinet or enclosure. All storage shall be through an error checking, nonvolatile physical medium, so that should the primary storage medium fail, there will be no critical data loss.

3.8.4 No Randomization Capability. The Central Computer shall have no randomization capability associated with its use in an Electronic Scratch Ticket game.

3.9 Player Terminals Used in Electronic Scratch Ticket Games. Player Terminals used in connection with Electronic Scratch Ticket Games shall conform to the requirements of Section 5.

3.10 Data Available for Inspection. The following data is required to be available for inspection in compliance with Section 7.1.9 for any Player Terminal or Game Set:

3.10.1 All Game Set serial numbers, indicating the date and time the Game Set was put in play, pulled from play, or completed.

3.10.2 By Game Set serial numbers, the Player Terminal numbers assigned, and the dates and times of assignment to the Player Terminals.

SECTION 4. TRIBAL ON-LINE LOTTERY GAME SYSTEM

4.1 Description of System Operation. Tribal On-line Lottery Games shall be played in accordance with the following provisions:

4.1.1 A player initiates participation in On-line Lottery Games at a Player Terminal, using Game Play Credits through the insertion of cash or from the Cashless Transaction System which are displayed on the Terminal video monitor. Play may also be

initiated through a Player Terminal dedicated to On-line Lottery Games, or a clerk-operated Player Terminal. References herein to player activity and interaction with a Player Terminal in connection with an On-line Lottery Game shall also mean activity and interaction by a clerk on behalf of a player.

4.1.2 The Player Terminal video monitor displays one or more of the On-line Lottery games that are offered by the system, as well as other information such as graphics, game play, and outcome information, and entertainment effects, subject to the limitation in Sections 5.2.2 and 5.2.3. The player chooses a particular game by touching the screen, pressing a button, or performing some other form of interaction with the Player Terminal.

4.1.3 Following or as part of the player's choice of a game or games, the player selects numbers, symbols or other data to be matched in the game by pressing buttons or touching the video screen. The Player may also make such selections through the "quick pick" method. The player then uses Game Play Credits displayed on the Terminal monitor to purchase one or more On-line Lottery Game Tickets representing such selections, for drawings to be held in the future.

4.1.4 Each On-line Lottery Game may offer more than one method of winning a prize, and each method may be represented by a separate wager, but each wager may not exceed \$20.00. Wagers are deducted from the Game Play Credits displayed on the Player Terminal.

4.1.5 The player's wager and selected numbers, symbols or other data to be matched in the game, along with information identifying the drawing(s) to which they apply, are provided to the player in some tangible means, such as by electronic encoding or printing on a paper, card or other medium. In addition, the numbers, symbols or other data selected may be displayed on the Player Terminal.

4.1.6 The player is then entered into one or more future On-line Lottery Games, which are conducted through drawings held on the Central Computer.

4.1.7 All drawings for any game are conducted within a period of 5 minutes or less, and all drawings for all games offered are held within that period. Drawings are held on a regularly scheduled basis and regardless of whether any player is enrolled in a particular On-line Lottery Game. Games take place no more frequently than thirty minutes apart, determined by when the first drawing in a game occurs. No more than five different On-line Lottery Games are offered at a time, unless the State increases the number of On-line Lottery Games it is now playing, thereby entitling the Tribe to increase the number of games it offers in accordance with the rules for doing so.

4.1.8 A Player Terminal may display a player's entry into an On-line Lottery Game and the commencement of that game. The form of displaying information may be entertaining and at the discretion of the Tribe, except as limited in Sections 5.2.2 and 5.2.3. For example, the Terminal may alert the player through means of a count-down that the drawing in which the player is entered is about to occur. Information regarding prizes that may be awarded for each game are made available to the player prior to commencement of the game.

4.1.9 Following each drawing, the results are displayed and made available in accordance with the rules set forth in Section 4.4. Players win if their selections match a required number of drawn numbers or symbols, in accordance with the predetermined and published rules for that particular game. Results and prizes are verified in accordance with the rules set forth in Section 4.4, and are paid in Game Play Credits except where, due to the size of the prize, the rules specify some other method of payment. Prizes may also be awarded in the form of merchandise or other valuable property.

4.1.10 Game Play Credits earned as prizes remain displayed and available for use in further play from that Terminal. Game Play Credits also may be electronically transferred through the Cashless Transaction System, such as to a) a player's account in the Central Accounting System, b) a ticket or receipt printed by the Player Terminal, or c) a "smart" card or similar instrument. Once transferred, Game Play Credits may be a) used for further play on another Terminal or b) redeemed for cash or cash equivalents through a cashier or other separate redemption system. Merchandise or other property won is collected in accordance with the rules of the game.

4.2 Central Computer Used for On-line Lottery Game. The following requirements apply to any Central Computer used in connection with an On-line Lottery Game.

4.2.1 Introduction. A Central Computer may, in addition to being available for use in connection with Electronic Scratch Ticket Games, be utilized in the On-line Lottery Game. The rules in this Section 4.2 govern that activity.

4.2.2 Randomization Capability. The Central Computer shall have randomization capability associated with its use in an On-line Lottery Game only. All drawings shall be on a random basis, using the randomization requirements set forth in Section 6.

4.2.3 Independent Drawings; Schedule of Drawings. Drawings on the Central Computer shall occur independently of any Player Terminal activity and regardless of whether or not players are enrolled in a game. On-line Lottery Game drawings shall be held on a regularly scheduled basis in intervals of no less than 30 minutes. Once a drawing period begins, all drawings during that period must be drawn within 5 minutes. Each drawing shall have its own identifying serial number.

4.2.4 Limit on Number of On-line Lottery Games. The Tribe may have no more than five (5) On-line Lottery Games in play at one time. Such games may be offered on more than one system within the facility. The number of games offered may be increased if, and by the same number, the State Lottery increases the number of On-line Lottery Games it offers.

4.3 Player Terminals Used for On-line Games. Player Terminals used in connection with On-line Lottery Games shall conform to the requirements of Section 5. The following provisions shall also be applicable:

4.3.1 A Player Terminal may, in addition to being available for use in connection with Electronic Scratch Ticket Games, be used to play On-line Lottery Games. The On-line Lottery Game may also be played from a Player Terminal dedicated to selling On-line lottery tickets or by a clerk operating a Player Terminal for such purposes. References to Player Terminals herein shall include such dedicated and clerk-operated Terminals.

4.3.2 The Player Terminal shall enable a player to select numbers, symbols or other data, through touching the screen or pressing one or more buttons on the Terminal. The player may also ask for a "quick pick" selection via the use of a random number generator located in the Player Terminal and used solely for the On-line Lottery Games, provided that such random number generator shall meet the criteria set forth in Section 6.

4.3.3 The player's wager and selected numbers, symbols or other data, along with information identifying the drawing(s) to which they apply, shall be provided to the player through the Player Terminal in some tangible means using electronic encoding or printing on paper, card or other medium. Such information may also be displayed on the screen for review by the player.

4.4 Verification and Viewing Requirements for On-line Game Results. The results of each On-line drawing on a Central Computer shall be available for display on a Player Terminal on demand by players enrolled in such games, and may be made available on one or more scoreboards, video screens or other electronic display devices sufficiently visible to enable players and other observers, including those not at Player Terminals, to view the outcome of the game. Printed result reports shall be made available in accordance with Section 4.5.

4.5 On-line Lottery Game Records. The following records with respect to each On-line Lottery Game shall be maintained and be viewable both electronically and, if requested, by printed report, upon demand: The outcome of each drawing including all numbers drawn, the sequence of drawing, prizes available, prizes won (whether or not redeemed), and related information. Such reports shall be made available in the casino for player reference for up to 30 days following the close of any drawing period.

4.6 Redemption Period. Prizes may be redeemed by players for a period of no less than 48 hours following the drawing in any On-line Lottery Game.

4.7 Other Game Rules. The specific rules and prize structures for each On-line Lottery Game may vary, and shall be made available to players prior to making any wagers on that game. The rules shall indicate when, in relation to the commencement of the first drawing in a game, no further wagers on that game may be made. Each On-line Lottery Game may offer

more than one method of winning a prize, and each method may be represented by a separate wager, but each wager may not exceed the amounts set forth in Section 4.1.4.

4.8 Prizes; Jackpots. Every On-line Lottery Game must have at least one "jackpot" level prize paid, when won, from a lottery prize pool into which a percentage of each player's wagers, as set forth in the rules for that game, is placed and in which the Tribe shall have no interest. The prize pool may be seeded from time to time by promotional payments or interest-free loans from the Tribe. Jackpot prizes not won in a particular game shall be rolled forward into a future game in accordance with rules for disposing of such prizes. Rollover funds may replace the need for seeding a pool if the amount of such rollover funds exceeds the minimum prize available under the rules of that game. The player pool fund may not be used for any purpose other than payment of the jackpot prize.

SECTION 5. PLAYER TERMINALS

All Player Terminals shall conform at a minimum to the requirements of this Section 5.

5.1 Use as a Stand-Alone Gambling Device Prohibited. No Player Terminal shall be capable of being used as a stand-alone unit for the purposes of engaging in any gambling game, including but not limited to the lottery games described in this Compact, or in any other way prohibited in this Appendix.

5.2 Features. Player Terminals shall include the following features:

5.2.1 Operation either through the Cashless Transaction System, or through means for accepting cash (coins, tokens or paper currency) for conversion into Game Play Credits, which can then activate participation in the game, provided the insertion of cash will not alone activate the game and such use of cash is in accordance with section 5.15;

5.2.2 One or more of the following: A video monitor, electro-mechanical display, printer, graphics and signage, provided that slot machine-type spinning reel mechanisms are prohibited in mechanical form; and

5.2.3 One or more of the following: electronic buttons, touch screen capability, and a mechanical, electro-mechanical or electronic means of activating the game and providing player input, including a means for making player selections and choices in games, provided that slot machine-type handles are prohibited.

5.3 Non-Volatile Backup Memory Required. A non-volatile backup memory or its equivalent shall be maintained in a secure compartment on each Player Terminal for the purpose of storing and preserving a redundant set of critical data which has been error checked in accordance with this Appendix, and which data shall include, at a minimum, the following Player Terminal information:

5.3.1 Electronic Meters required by this Appendix;

5.3.2 Recall of all wagers and other information associated with the last ten (10) Electronic Scratch Ticket plays and the last ten (10) On-line Lottery Games played;

5.3.3 Error conditions that may have occurred on the Player Terminal; and

5.3.4 Recall of the last twenty five (25) cash or cash equivalent deposits.

5.4 On/Off Switch. An on/off switch that controls the electrical current that supplies power to the Player Terminal must be located in a secure place that is readily accessible within the interior of the Player Terminal.

5.5 Static Discharge/Interference. The operation of each Player Terminal must not be adversely compromised or affected by static discharge, liquid spills, or electromagnetic interference.

5.6 Accounting Meters. A Player Terminal must have electronic accounting meters which have tally totals to a minimum of eight (8) digits and be capable of rolling over when the maximum value of at least 99,999,999 is reached. The Player Terminal must provide a means for on-demand display of the electronic meters via a key switch or other secure method on the exterior of the machine. Electronic meters on each Player Terminal for each of the following

data categories for Electronic Scratch Ticket games and On-line Lottery Games are required in compliance with Section 7.1.9:

5.6.1 Credits, or equivalent monetary units, wagered on a cumulative basis on that Terminal;

5.6.2 Credits, or equivalent monetary units, won for the Player Terminal;

5.6.3 For Scratch Ticket games, the number of Scratch Tickets purchased on the Terminal; and

5.6.4 For On-line Lottery games, the number of On-line Lottery wagers made on that Terminal.

5.7 No Automatic Clearing of Accounting Meters; Reading and Resetting Meters.

Under no circumstances shall the Player Terminal electronic accounting meters be capable of being automatically reset or cleared, whether due to an error in any aspect of its or a game's operation or otherwise. All meter readings must be recorded and dated in the presence of a TGA inspector both before and after an electronic accounting meter is cleared.

5.8 Display of Information. At a minimum, each Player Terminal shall have the following game information available for display on the video screen and/or displayed on the Player Terminal itself, in a location conspicuous to the player:

5.8.1 The rules of the game being played;

5.8.2 The maximum and minimum wagers and the amount of credits, cash equivalents, or additional game play opportunities, which may be won for each Electronic Scratch Ticket and On-line Lottery Game offered through that Terminal, including the current values of any progressive prizes available;

5.8.3 The player's credit balance;

5.8.4 The outcome of the Electronic Scratch Ticket(s) then being played; and

5.8.5 Any prize won on the Electronic Scratch Ticket(s) then being played.

5.9 Protection of Displayed Information. The video screen or other means for displaying game rules, outcomes and other game information shall be kept under a glass or other transparent substance which places a barrier between the player and the actual surface of the display. At no time may stickers or other removable media be placed on the Player Terminal's face for purposes of displaying rules or payouts.

5.10 Hardware Switches Prohibited. No hardware switches may be installed on a Player Terminal or any associated equipment which may affect the outcome or pay out of any game for which the Player Terminal is used. Switches may be installed to control the ergonomics of the Player Terminal.

5.11 Networking Requirements. The use of firewalls and other system protections as approved by TGA and SGA are required to protect the integrity of the Tribal Lottery System and player accounts and:

5.11.1 Where the Tribe's Tribal Lottery System or components are linked with one another in a local network for progressive jackpot, function sharing, aggregate prizes or other purposes, communication protocols must be used which ensure that erroneous data or signals will not adversely affect the operations of any such system or components. No class III game or gaming system in which any part or component is located outside the Tribe's gaming facilities shall be deemed approved as part of the approval of this Appendix. Any proposal for such game or gaming system, including the proposed rules, manner of regulation, and manner of play, monitoring and/or maintenance of the system, shall require submission to, and approval by, the TGA and SGA.

5.11.2 Dedicated and protected network connections prohibiting unauthorized access, approved by SGA and TGA, may allow two or more of the Tribe's Tribal Lottery Systems to share player information. Game tickets and other information prohibited from being viewed, as outlined in other sections of this Appendix, shall not be available or transmitted between the Tribe's connected Tribal Lottery Systems or facilities. Communications between the Tribe's facilities will require the use of approved firewalls that are configured and operated

to protect the Tribal Lottery System and player information. Computer systems linked between the Tribe's facilities may not be used to link progressive jackpots, except in Joined Facilities.

5.12 Prohibited Software Functions. Player Terminals shall not have software or hardware that determines the outcome of any Electronic Scratch Ticket Game. Nothing herein is intended to prohibit the Player Terminal from creating the appropriate Scratch Ticket and On-line Game graphics and animation to correspond to, display or represent, in an entertaining manner, the outcome. In addition, Player Terminals shall not have any software that:

5.12.1 Determines which Scratch Ticket outcome from within the Scratch Ticket Subset is transmitted to the Player Terminal; or

5.12.2 Alters the amount of the payout of the Electronic Scratch Ticket as received from the Central Computer.

5.13 Quick-Pick Function. Nothing herein shall prohibit the use of a quick pick function on the Player Terminal in conjunction with the playing of the On-line Lottery Game.

5.14 Wagers; Displaying Electronic Scratch Ticket Outcomes. Players shall make wagers using a Player Terminal to purchase Electronic Scratch Tickets. Following a purchase, the Electronic Scratch Ticket shall be displayed on the Terminal's video screen for the purpose of revealing the outcome of the selected ticket.

5.15 Cash Standards. When cash is used, the following procedures shall be performed by accounting/auditing employees who are independent of the transactions being reviewed:

5.15.1 For each drop period, accounting/auditing employees shall compare the report information required in Section 7.1.10 (a) to the total cash acceptor drop amount for the period. Discrepancies shall be resolved before the generation/distribution of any statistical reports.

5.15.2 TGA will be notified and follow-up shall be performed for any one machine having an unresolved variance between actual cash drop and the report information required in Section 7.1.10 (a) in excess of an amount that is both more than \$25 and at least three

percent (3%) of the actual cash drop. The follow-up performed and results of the investigation shall be documented and maintained for inspection.

5.15.3 At least annually, accounting/auditing and TGA personnel shall randomly verify that EPROM or other equivalent game software media changes are properly reflected in the analysis reports.

5.15.4 Accounting/auditing employees shall review exception reports on a daily basis for propriety of transactions and unusual occurrences. TGA will be notified in writing of any unexplained or suspicious transactions or unusual occurrences.

5.15.5 All auditing procedures and any follow-up performed shall be documented and maintained for inspection.

5.15.6 Cash shall be removed from the Player Terminal in accordance with Appendix A drop box and transportation standards for secure and verifiable handling of cash receipts from electronic games.

5.16 Door Access Logging. The Player Terminal shall record the date and time of any opening of cabinet door(s); provided, that this information need not be retained on the Player Terminal if it is communicated to another component of the system. This information shall be retrievable in report form.

SECTION 6. STANDARDS FOR RANDOM NUMBER GENERATORS USED WITHIN THE TRIBAL LOTTERY SYSTEM

Any random number generation used in connection with the Tribal Lottery System must be by use of a microprocessor and random number generation program that meets the following random selection tests:

6.1 Chi-Square Analysis. Each card, symbol, number, or stop position which is wholly or partially determinative of the outcome of the game satisfies the 99 percent confidence limit using the standard chi-square analysis.

6.2 Runs Test. Each card, symbol, number, or stop position does not as a significant statistic produce predictable patterns of game elements or occurrences. Each card symbol, number, or stop position will be considered random if it meets the 99 percent confidence level with regard to the "runs test" or any generally accepted pattern testing statistic.

6.3 Correlation Analysis. Each card, symbol, number, or stop position is independently chosen without regard to any other card, symbol, number or stop position, drawn within that game play. Each card, symbol, number, or stop position is considered random if it meets the 99 percent confidence level using standard correlation analysis.

6.4 Serial Correlation Analysis. Each card, symbol, number, or stop position is independently chosen without reference to the same card, number, or stop position in the previous game. Each card, number, or stop position is considered random if it meets the 99 percent confidence level using standard serial correlation analysis.

SECTION 7. ELECTRONIC ACCOUNTING SYSTEM

One or more Electronic Accounting Systems shall be required to perform reporting and other functions in support of the Tribal Lottery Game activities described in this Appendix. These systems may communicate with the other computers described in this document utilizing the protocol standards set forth in Section 9.3. The Electronic Accounting System shall not interfere with the outcome of any gaming functions.

7.1 Revenue Reporting Requirements. The following reporting capabilities must be provided by the Electronic Accounting System:

7.1.1 Player Terminal Revenue Report. A revenue report for each Player Terminal must be made and maintained on a confidential and secure basis which, at a minimum on a daily and monthly basis, provides:

- a. The total aggregate amount won per Player Terminal;
- b. The aggregate amount wagered per Player Terminal; and
- c. The amount of cash deposited into each Player Terminal.

7.1.2 Closed Game Set Reports. Immediately after a Game Set is completed or pulled from play, a report will provide the Game Set ending information described in Section 3.4 above.

7.1.3 In Play Game Set Reports. One or more reports will be available for Game Sets still in play, containing the information described in Sections 3.3.1 through 3.3.7 above.

7.1.4 On-line Lottery Game Reports. An On-line Lottery Game report must be made and maintained on a confidential and secure basis which, at a minimum of a daily and monthly basis, provides as to each On-line Lottery Game, the following information:

- a. Total sales;
- b. Total won per prize level;
- c. Total won per Player Terminal; and
- d. Activity per jackpot prize, for the accounting period and to-date, per Section 7.1.5.

7.1.5 Progressive Jackpot Report. A progressive jackpot report must be made for the accounting period and to-date which provides:

- a. Amount seeded;
- b. Amount in reserve fund;
- c. Current jackpot;
- d. Contribution total;
- e. Total paid in prizes;
- f. Itemized jackpot awards; and
- g. Amount, time of award, and the Player Terminal on which the progressive jackpot prize was won.

7.1.6 Larger Prize Report. A report will be required for all prizes that exceed the threshold that triggers additional procedures to be followed for the purposes of compliance with federal tax reporting requirements. At a minimum, on a daily and monthly basis, the report shall provide the following information per Player Terminal:

- a. The date and time won; and
- b. Amount of all prizes.

7.1.7 Liability Reports. Liability reports will be required on a daily and monthly basis at a minimum. They should provide a summary of the outstanding funds which carry from business day to business day. At a minimum, they must include:

- a. Amount of prizes which were awarded, but have not yet been claimed;
- b. Detail of prizes for which redemption period expired during this reporting period;
- c. Unredeemed Game Play Credits;
- d. Expired Game Play Credits; and
- e. Daily and cumulative contributions to progressive prize pools which have not yet been awarded.

7.1.8 Master Reconciliation Report. A master reconciliation report must be available on a daily and monthly basis, at a minimum. It provides a summary of all daily sources of funds and disposition of funds, including the following:

- a. Funds collected from cashiers, Player Terminals, and Kiosks;
- b. Funds carried forward from prior business day, including liability from prizes awarded, but not paid out, prize pool balances, and reserve funds, etc.;
- c. Payments to players;

- d. Funds available to operator; and
- e. Tickets and prizes dispensed and played to reconcile with amount won.

7.1.9. Data Retention Requirements. Data necessary to audit compliance with the standards set forth in this Appendix shall be maintained for a minimum of 2 years, and in connection with determining randomness where applicable, for a minimum of 6 months. To the extent not inconsistent with the foregoing, data shall be retained and backed up by the Electronic Accounting System according to the following minimum requirements:

- a. Accounting records;
- b. Per Player Terminal, Cashier Terminal, or other points of cash exchange-daily records and meters: on-line for 6 months;
- c. Daily records and meters: off-line for 12 months;
- d. Game Set Records, as to each Player Terminal and by Game Set;
- e. The amount wagered and the amount won, daily by prize level, on line: 6 months;
- f. The amount wagered and the amount won, daily by prize level, off line: 6 months;
- g. On-line prize redemptions: 30 days;
- h. Dated cash vouchers: 30 days;
- i. Cash vouchers cancelled by Player Terminal: 7 days;
- j. Cash vouchers redeemed by cashiers or redeemed at Kiosks: 30 days;
- k. Log files that track password access to sensitive components: online for 90 days, offline for 12 months; and
- l. Log files that track system events or errors: 90 days.

7.1.10 Other Reports. Revenue reports for the Tribal Lottery System must be made and maintained on a confidential and secure basis which, at a minimum on a daily and monthly basis, provides:

- a. The amount of cash removed or dropped from Player Terminals;
and
- b. The percentage of Player Terminals offering wagers between \$5.01 and \$20.

SECTION 8. CASHLESS TRANSACTION SYSTEM SECURITY, REPORTING AND STORAGE REQUIREMENTS

8.1 Player Information. The following requirements shall be met in connection with any Cashless Transaction System:

8.1.1 All player information must be stored on at least two separate non-volatile media;

8.1.2 An audit file must be kept of all player financial transactions. This file must be stored in at least two separate non-volatile media, and be accessible for purposes of audit and dispute resolution to authorized individuals; this file must be available on-line for a minimum of 30 days, after which it must be available off-line for a minimum of 180 days;

8.1.3 Physical and operational controls must be used to protect player information from tampering or unauthorized access;

8.1.4 Passwords or personal identification numbers (PINs), if used, must be protected from unauthorized access;

8.1.5 All means for communicating information within the system shall conform to the protocol standards set forth in Section 9.3;

8.1.6 All player information shall be accurately recorded and such recording protected by the system;

8.1.7 Any card or other tangible instrument issued to a player for the purpose of using the Cashless Transaction System shall bear on its face a control or inventory number unique to that instrument;

8.1.8 Encoded bearer instruments printed or magnetic may include coupons and other items distributed or sold for game play, promotional, advertising or other purposes, but may not include cash. Such instruments must be in electronically readable form in addition to having unique identification information printed on the instrument face. The daily and monthly reporting must include with respect to such instruments:

- a. Cash converted to value in the cashless system;
- b. Outstanding unredeemed balance;
- c. Value in the cashless system converted to cash;
- d. Amount wagered; and
- e. Amount won.

8.1.9 Redemption periods, if any, shall be posted or otherwise disclosed to all players.

8.1.10 Vouchers must bear on the face, in addition to the unique serial number, the following:

- a. Time/Date printed;
- b. Unique identification from which it was printed; and
- c. Value of voucher.

8.2 Smart Cards. Any "smart card" (i.e., a card generally made of plastic with a computer chip imbedded in it) system which the Tribe intends to implement as part of the Cashless Transaction System shall be tested by the Gaming Test Laboratory to ensure the integrity of player funds, following the standards applicable to player information set forth in Section 8.1. Any smart card must store on the card or on the system using the card an audit trail

of the last ten (10) transactions involving the use of the card. Each transaction record must include, at a minimum, the type of transaction, the amount of the transaction, the date of the transaction, the time of the transaction, and the identification of the Player Terminal or cashier terminal or other points of cash exchange where the transaction occurred. The minimum daily and monthly reporting for smart card activity must include:

- 8.2.1 Total of cash transferred to smart cards;
- 8.2.2 Total of smart card amounts transferred to cash;
- 8.2.3 Total of smart card amounts transferred to Game Play Credits;
- 8.2.4 Total of Game Play Credits transferred to smart card amounts; and
- 8.2.5 Total unredeemed smart card balance.

8.3 Other Functions. Systems shall be permissible that allow player tracking, maintenance tracking, and other gaming management or marketing functions. These systems shall not interfere with, or in any way affect, the outcome of any Tribal Lottery Game or the cashless accounting system. Systems shall be permissible that allow progressive prize management with the certification of the Gaming Test Laboratory and approval of the SGA.

8.4 Kiosks. Kiosks shall have reports that properly document all transactions, as well as dedicated video surveillance, to protect the integrity of the cashless system used. Cash boxes shall be designed so their contents are protected from unauthorized access, in accordance with Appendix A drop box and transportation standards, and shall be uniquely labeled for the purpose of audit and security.

SECTION 9. GENERAL SECURITY REQUIREMENTS

The following requirements apply to all components of the Tribal Lottery System, including the Manufacturing Computer, the Central Computer, the Electronic Accounting System and Player Terminals.

9.1 Separation. The Manufacturing Computer, Central Computer, and Player Terminals in each Tribal Lottery System shall be physically and operationally independent from one another except as specified otherwise in this Appendix, such as for communications, storage and security monitoring, including the routing of communications among system components, provided such routing does not affect the integrity of the communications or the outcome of any game. All Tribal Lottery System cables shall be secured against unauthorized access.

9.2 Security. The Manufacturing Computer and Central Computer must be in a locked, secure enclosure with both camera coverage and key controls in place. Routers, switches, hubs, or other network access points, to include management terminals and terminals not separated from the Tribal Lottery System by firewalls approved by the SGA and TGA, must also be in a locked, secure enclosure with both camera coverage and key controls in place. Access to Manufacturing Computers and Central Computers shall be logged by the system to include the date and time of access and available to SGA and TGA upon request.

9.3 Secure Connections; DES or Equivalent Data Encryption. Connections between all components of the Tribal Lottery System shall only be through the use of secure communication protocols which are designed to prevent unauthorized access or tampering, employing Data Encryption Standards (DES) or equivalent encryption with changeable seeds or algorithms.

9.4 Surge Protection; Uninterrupted Power System (UPS). Each component of the Tribal Lottery System shall at all times be connected to a device which provides surge protection on any line that feeds it and, with the exception of Player Terminals, shall be connected to a temporary power source, such as a UPS, to provide means for an orderly shutdown of the computer in the event of a main power system failure.

9.5 Identification Plates. A non-removable plate shall be affixed to the exterior of each Player Terminal which shall have written upon it the Terminal's serial number and model number of the component and name of the manufacturer. Other audit numbers may be required to be affixed to provide a means of identifying individual Terminals for correlation to required reports.

9.6 Locked Areas. The Manufacturing and Central Computers shall at a minimum be enclosed in a locked and monitored cabinet. Access shall be through the use of access controls provided in Section 9.7. The Player Terminal shall have at a minimum the following separately locked areas, which shall be the only means of accessing any non-public part of the Terminal: (a) a locked and monitored cabinet door; (b) a locked microprocessor compartment; (c) a locked outer cash box door; and (d) a locked drop cash box door.

9.7 Access Control Standards. Keys which provide access to any locked compartment, component or area of a Tribal Lottery System, as well as passwords, keycards, or PIN numbers used to access the Tribal Lottery System, shall be maintained and used in accordance with the access control standards enacted in the Tribe's statement of minimum internal controls.

9.7.1 Each employee accessing the Tribal Lottery System software except for Player Terminals and unattended Kiosks by means of a password, keycard, or PIN number, including vendor representatives, must have a user name or user number unique to that individual, and the Tribal Lottery System must log the date and time of access. These access logs must be readily available for audit by TGA and SGA.

9.8 MEAL Cards. For all entries into the locked areas of the Manufacturing Computer, Central Computer, unattended Kiosks, or any Player Terminal, a written record must be made on a machine entry authorization log (MEAL) indicating at least the following: the time, date, and purpose of entering said locked area(s), and the name and employee number (or other personal identification specific to such person) of the person doing so.

9.9 Access Control. In addition to maintenance of MEAL cards, the Manufacturing and Central Computers shall record and generate a report on any access including date, time of access, person (by employee number) accessing the computer, and the reason for access.

9.10 Cameras. For purposes of this section, all components of the Tribal Lottery System, except wiring, cables, and conduit in which they are located, shall have the ability to be effectively and clandestinely monitored and recorded by means of a closed circuit television

system or digital surveillance system in accordance with Appendix A and as authorized by TGA and SGA, in compliance with the requirements of the Compact.

9.11 Verification Data and Functions. In addition to its functions in operating a connection with the Electronic Scratch Ticket and On-line Lottery Games, the Central Computer may be used to record the data used to verify game play and to configure and perform security checks on Player Terminals, provided such functions do not affect the security, integrity or outcome of such games.

SECTION 10. TESTING OF TRIBAL LOTTERY SYSTEMS TO ENSURE INTEGRITY

10.1 Designation of Independent Gaming Test Laboratory. The Tribe shall select one or more gaming test laboratories (hereinafter "Gaming Test Laboratory") to perform the testing required in this Appendix. Any Gaming Test Laboratory selected shall have demonstrated it is competent and qualified to conduct scientific tests and evaluations of electronic gaming systems and to otherwise perform the functions set forth in this Compact, and shall be licensed by the SGA. The SGA shall maintain a list of approved Gaming Test Laboratories. A Tribe may request additional laboratories be placed on the SGA's list of Gaming Test Laboratories which request shall not be reasonably withheld. Any laboratory that is currently licensed and approved by any state, province or country to test or evaluate electronic gaming devices or systems shall be placed on the list if after review by the SGA it is found to be so qualified and otherwise meets the background and licensing requirements applicable to such laboratories under Washington State Law. For any testing required under this Appendix, the Tribe shall choose a laboratory from those Gaming Test Laboratories on said SGA list. If, at any time, any of the Gaming Test Laboratory's licenses from any jurisdiction are suspended, terminated or subject to disciplinary actions, the Gaming Test Laboratories may be removed from the SGA's list. If removed from the SGA list, the Tribe shall choose a new Gaming Test Laboratory as provided herein.

10.2 Testing and Certification of Tribal Lottery Systems. No Tribal Lottery System or component thereof may be offered for play unless:

10.2.1 Such Tribal Lottery System is approved by the SGA as provided in Section 10.3;

10.2.2 The Tribal Lottery System or component prototype thereof, has been tested and certified by the Gaming Test Laboratory as meeting the requirements specified by this Appendix;

10.2.3 If not already provided to the Gaming Test Laboratory, the Tribe shall provide, or require that the manufacturer provide to the Gaming Test Laboratory and the SGA two (2) copies of Tribal Lottery System illustrations, schematics, block diagrams, circuit analyses, technical and operation manuals, program object and source codes, hexadecimal dumps (the compiled computer program represented in base 16 format), and any other information requested by the Gaming Test Laboratory or SGA;

10.2.4 If requested by the Gaming Test Laboratory or SGA, the Tribe shall require the Manufacturer to transport working models of the Tribal Lottery System to a location designated by the Gaming Test Laboratory or SGA for testing, examination or analysis. Neither the State nor the Gaming Test Laboratory shall be liable for any costs associated with the transportation, testing, examination, or analysis, including any damage to the components of the Tribal Lottery System. If requested by the Gaming Test Laboratory or SGA, the Tribe shall require the Manufacturer to provide specialized equipment or the services of an independent technical expert to assist with the testing, examination and analysis. For purpose of continued monitoring, the SGA may retain working models of any Tribal Lottery System or component after approval for as long as the equipment is in play in the state;

10.2.5 At the conclusion of each test, the Gaming Test Laboratory shall provide to the SGA and the TGA a report that contains findings, conclusions and a certification that the Tribal Lottery System conforms or fails to conform to the requirements contained in this Compact. If the Gaming Test Laboratory determines that the device fails to conform to such requirements or technical standards, and if modifications can be made which would bring the Tribal Lottery System into compliance, the report may contain recommendations for such modifications. The State is not bound by the findings, conclusions or certifications of the Gaming Test Laboratory for purposes of its enforcement of the provisions of this Compact and may perform further testing on the system or components to verify compliance;

10.3 Approval by the SGA. Upon receiving the certification from the test laboratory, the SGA shall either approve or disapprove the Tribal Lottery System or component thereof based on the technical criteria contained in this Appendix, within sixty (60) days of receipt of the certification as to any new Tribal Lottery System or any component thereof, and within fifteen (15) days of the receipt of the certification as to any modification of a system which has already been approved by the SGA. The certification shall be deemed approved if no action is taken thereon by the SGA within said sixty (60) day period or fifteen (15) day period, as may be applicable. The fifteen (15) day period shall be extended for the first nine (9) months after the effective date of this Appendix and, during that first nine (9) month period, such certification shall only be deemed approved if no action is taken within thirty (30) days. Any disputes arising out of the approval process in this Section 10.3 shall be resolved in accordance with the binding arbitration provisions of the Compact.

10.4 Modifications of Approved Lottery Systems; Emergency Certifications. No modification to any Tribal Lottery System may be made after testing, certification and approval of a Tribal Lottery System without certification of the modification by the Gaming Test Laboratory under Section 10.2 and approval thereof by the SGA under Section 10.3. In situations where immediate modifications are necessary to preserve the integrity of a Tribal Lottery System which has been operating pursuant to an approval obtained under section 10.3, the Gaming Test Laboratory may issue an emergency certification of the modification and that it must be made immediately to preserve the integrity of the Tribal Lottery System. Such emergency certifications shall be deemed to be temporarily approved by the SGA and remain in effect until the SGA takes action on the certification, which shall be governed by section 10.3, provided that no emergency certification shall be valid or effective until actually approved by the SGA if it was not received by the SGA within 5 days after being issued.

10.5 Manufacturer's Conformity to Technical Standards. Before any component of a Tribal Lottery System may be placed into operation, the Tribe shall first have obtained a written Certification from the manufacturer that upon installation, each such component: (a) conforms to the specifications of the Tribal Lottery System as certified by the Gaming Test Laboratory; and (b) operates and plays in accordance with the requirements of this Compact. Authorization to operate a Tribal Lottery System requires that it operate and play in accordance with the

requirements specified by this Appendix; provided that while the failure of such Tribal Lottery System to comply with such requirements will suffice as a grounds to enjoin or otherwise terminate said Tribal Lottery System's operation, such non-compliance will not be deemed a violation of this Compact as long as the Tribe has relied in good faith on the certification of the manufacturer and has retained a written certification in the manner described in this section.

10.6 Payment of Gaming Test Laboratory Fees. The Tribe shall be responsible for the payment of all Gaming Test Laboratory fees and costs in connection with the duties described in this Compact. The Tribe shall provide copies of all Gaming Test Laboratory invoices and payments by the Tribe to the SGA, which shall have the right to audit such fees. In order to assure independence of the Gaming Test Laboratory, any Gaming Test Laboratory Payment delinquency by the Tribe of fees or costs due to the Gaming Test Laboratory may be grounds by the SGA for rejecting such laboratory's reports or certification.

10.7 Gaming Test Laboratory Duty of Loyalty. The Tribe shall inform the Gaming Test Laboratory in writing that, irrespective of the source of payment of its fees, the Gaming Test Laboratory's duty of loyalty and reporting requirements run equally to the State and the Tribe.

10.8 Random Inspections. The Tribe shall allow the SGA to inspect any components of the Tribal Lottery System for the purposes of confirming that such component is operating in accordance with the requirements of this Compact and that such component is identical to that tested by an Independent Test Laboratory. Inspections shall be pursuant to the Facility access rules set forth in the Compact.

10.9 SGA to be Supplied Model of Player Terminal and System. If not already provided to the SGA, the SGA shall, upon request, be supplied a Player Terminal Central Computer and Manufacturing Computer to be held at the SGA's offices for purposes of determining compliance with these technical requirements.

SECTION 11. ALTERNATIVE STANDARDS PERMITTED

Notwithstanding anything in this Appendix to the contrary, the SGA and Tribe may agree on alternative provisions to those set forth herein, provided such provisions adequately preserve

and protect the integrity and security of any game or gaming system or component, or accounting or auditing system or component, affected thereby.

**SECTION 12. TRIBAL LOTTERY SYSTEM PLAYER TERMINAL ACQUISITION
AND OPERATION**

12.1 Allocation. The Tribe shall be entitled to an allocation of, and may operate or transfer the ability to operate, up to 975 Player Terminals ("Allocation").

12.1.1 If the Tribe has not previously operated a gaming facility, the SGA shall conduct a standard compliance review commencing on the one year anniversary of the facility's opening to determine whether the following requirements have been satisfied:

- a. There have been no violations of the provisions of the Compact that have resulted in sanctions imposed by the Federal District Court;
- b. There have been no violations of the Compact which are substantial or would be deemed material due to repetition;
- c. There have been no material adverse impacts on the public safety or welfare of the surrounding communities in the nature of criminal activities directly related to the operations of the Class III Gaming Facility;
- d. Any changes in the operating requirements that are necessary to accommodate any increase in the number of Player Terminals in use have been implemented; and
- e. All fees due from Tribe under Section 13 have been paid, or in the alternative either a memorandum of understanding with the SGA ("MOU") has been entered into or an arbitration has been demanded, has not been resolved, and the Tribe has complied with the provisions of Section 13.5.

A summary of the results of the compliance review will be provided to both the Tribe and the TGA.

12.2 Further Conditions. The Tribe may acquire the ability to operate additional Player Terminals that have been allocated by compact to any other Washington tribe and may also transfer any of its own Allocation of Player Terminals, or the ability to operate such allocated Terminals to another Washington tribe that has entered into a compact authorizing operation of a Tribal Lottery System consistent with this Appendix ("Eligible Tribe"), subject to the following conditions:

12.2.1 Subject to Section 12.4 below, the Tribe may operate no more than 2,500 Player Terminals per facility ("Facility Limit"), and no more than a combined Player Terminal total ("Total Operating Ceiling") of 3,000 Player Terminals. It is also agreed that upon the effective date of this Appendix, the Total Operating Ceiling for the Muckleshoot Tribe, Tulalip Tribes, and Puyallup Tribe shall be 3,500 for each of those three tribes until the third anniversary of the effective date of this Appendix, at which time it shall increase to 4,000 for each of those same three tribes. It is further agreed that the Tribe shall not be entitled as a matter of right to an increase in its Total Operating Ceiling based on the fact that the Muckleshoot Tribe, the Tulalip Tribes, and the Puyallup Tribe are entitled under this Appendix to operate up to the separate, higher Total Operating Ceiling(s) established specifically for them in this Appendix.

12.2.2 The Tribe agrees that its acquisitions and transfers of the ability to operate additional Player Terminals shall be made only pursuant to a plan approved by no less than a majority of the tribes that were Eligible Tribes at the time such plan was adopted. Development and approval of the plan shall follow notice to all Eligible Tribes and an opportunity to participate in creating the plan. Once adopted or amended, the plan shall stay in effect without change for at least one year, even if additional tribes become Eligible Tribes thereafter, but such additional tribes may participate in the plan. Changes in the plan shall not affect the validity or terms of prior transactions conducted between or among tribes under the plan. The State shall have no responsibility whatsoever with respect to the plan, including but not limited to responsibility for providing notices to tribes, determining if the plan has been

agreed to properly, monitoring its rules or implementation, or any other aspect of such plan, the entire responsibility for which shall be upon the Eligible Tribes.

12.2.3 The Tribe waives the ability to operate a Player Terminal pursuant to its Allocation if the ability to operate such a Terminal has been transferred to another tribe until such time as the ability to operate such a Terminal has been reacquired by the Tribe.

12.2.4 The Tribe may not utilize the ability to operate a Player Terminal that was allocated to, and subsequently acquired from, another tribe, until it completes delivery to the State of documentation confirming the number of transfers of the ability to operate such Terminals it has acquired.

12.3. Joining Facilities by Common Enclosure.

12.3.1 Notwithstanding anything to the contrary in this Compact (including any amendments), Facilities that are physically joined ("Joined Facilities") by a Common Enclosure (as defined below) shall be treated as separate Facilities for the purpose of determining compliance with the Facility Limit. No Class III game or gaming system, or component thereof, shall be located or operated outside the Tribe's gaming facility except as approved pursuant to Section 5.11. Facilities may share utility services, electronic and computer data, accounting, equipment, instructions, information, functions and systems. If the combined Player Terminals in any structure (regardless of its resemblance to a Joined Facility or inclusion of what would otherwise be deemed to be a Common Enclosure) total no more than the Facility Limit, the Tribe may treat the entire structure as a single Facility and not as a Joined Facility or as containing a Common Enclosure.

12.3.2 As used herein, the term "Common Enclosure" means a walkway, breezeway, or hallway that is physically connected to, and is shared in common by, Joined Facilities and its primary purpose is to provide a passage from one facility to another. A Common Enclosure shall not contain any Tribal Lottery System Player Terminals, gaming tables or other gaming equipment and shall not be more than one story tall, with a height of not more than twenty feet from the floor to the interior ceiling and a width of not more than thirty feet.

12.4 Other Circumstances. Except as specifically provided in Section 12.2.1 of this Appendix, in the event the State agrees (or is required by law or a court ruling to agree) to permit an allocation of Player Terminals to a tribe which is greater, or is on terms which are more favorable, than as set forth herein, the Tribe shall be entitled to such greater Allocation or more favorable terms.

SECTION 13. STATE REGULATORY FEES

13.1 Payment of Outstanding Fees. All regulatory fees which have been billed by the SGA to the tribes collectively who are parties to State of Washington v. The Confederated Tribes of the Chehalis Reservation, NO. C 95-1805-FVS (W.D. Wa.), covering services through the most recent billing period, shall be paid prior to the Tribe being authorized to operate the Tribal Lottery Systems set forth in this Appendix. This requirement shall be deemed to have been met with respect to any fees as to which either a) a MOU has been entered into regarding such fees and the Tribe has paid all fees due through the most recent billing period as stated above, or b) an arbitration has been demanded and has not been resolved and the Tribe has made the payments and deposits required under Section 13.5.

13.2 Set-up Fee. As part of the recoverable cost of regulating Tribal Lottery Systems under this Appendix, the State shall be entitled to the reasonable cost of initially setting up such regulation ("Set-up Fee"), which shall not exceed for all Eligible Tribes, in the aggregate, the sum of \$250,000. The Tribe acknowledges that the SGA's ability to regulate Tribal Lottery Systems, and thus the implementation of this Appendix, is contingent on the receipt by the SGA of an advance deposit to be credited against the Set-up Fee in the full amount of \$250,000 ("Set-up Deposit"). The Tribe agrees to cooperate and participate on a fair and pro rata basis (i.e., dividing the entire amount due by the number of Eligible Tribes at the time such determination is made) in any agreement among the Eligible Tribes with respect to the Set-up Deposit, which shall be paid to the SGA within three months of the casino opening.

13.3 Payment of Tribe's Share of Set-up Fee. As a condition to the Tribe's operation of the Tribal Lottery System under this Appendix, the Tribe shall deposit with the SGA its pro-rata share of the Set-up Deposit if the actual costs comprising the Set-up Fee have not yet been determined, or if so, of the Set-up Fee. In the event the Tribe pays the SGA more than its pro-

rata share of the Set-up Deposit or, after the actual costs are determined, the Set-up Fee, it shall be reimbursed by way of future Regulatory Fee credits based on the collection by the SGA of additional pro-rata payments from other Eligible Tribes, the addition of such tribes and resulting recalculation of the pro-rata amount per tribe, or both, as the case may be. The pro-rata amount per tribe shall be redetermined by the SGA at least once a year to take into account the collection of further tribal pro-rata payments or the addition of new Eligible Tribes, and further credits due as a result thereof shall be applied to the next billing period.

13.4 Annual Regulatory Fees. The Tribe agrees to pay its share of the SGA's actual costs which are reasonably incurred in order to commence and carry out its regulatory functions with respect to the Tribe's gaming under this Appendix, through the payment of an annual Regulatory Fee. For the sake of convenience and efficiency, the Regulatory Fee shall also include any actual costs which were incurred by the SGA in connection with the Tribe's class III gaming other than those authorized under this Appendix, and shall supersede provisions in the Compact with respect to the imposition of such fees therein. "Actual costs" as used herein shall mean those costs that were reasonably incurred in order to protect the honesty and integrity of the gaming being operated by Tribe under, and to monitor the Tribe's compliance with, the Compact. Costs incurred in common for more than one tribe shall be allocated among such tribes. For purposes of this Section 13, prior years' actual costs shall be based on the actual costs incurred for the twelve months ending September 30. Regulatory Fees shall be paid as follows:

13.4.1 First Year Regulatory Fees. With respect to the Regulatory Fee for the first calendar year or portion thereof commencing with the date of this Appendix, the SGA shall estimate its reasonable cost of regulating the Tribe's operation based on the prior billing year's actual costs incurred in connection with class III gaming other than as governed by this Appendix. The Tribe's Regulatory Fee for the first year shall be subject to adjustment as provided in Section 13.4.2 and 13.4.3. The total Regulatory Fee due from the Tribe for the first year, shall be due and payable in accordance with Section 13.4.3.

13.4.2 First Year Regulatory Fees for Tribal Lottery System. Upon commencement of operations of a Tribal Lottery System, the SGA shall make a good faith estimate of the cost of regulating the Tribe's activities under this Appendix for the remainder of

the calendar year and shall adjust the Tribe's Regulatory Fee for that year established under 13.4.1 or 13.4.3 accordingly.

13.4.3 Subsequent Years. Notwithstanding anything in the Compact to the contrary, the Regulatory Fees for all class III activities under the Compact, including those applicable to the activities described in this Appendix (except for the first year fees set by estimate as provided in Sections 13.4.1 and 13.4.2, shall be set by determining the actual cost of regulating all of Tribe's class III activities in the preceding year and setting and adjusting the coming year's Regulatory Fee based thereon. If the previous year's Regulatory Fee exceeded the SGA's actual cost of regulation, any excess which was paid will be applied as a credit to the payment of Regulatory Fees in such next year. In the alternative, the Regulatory Fee may be set by agreement between the Tribe and the SGA reached through good faith negotiations commenced at the request of the Tribe, the terms of which may include a fixed amount without subsequent adjustment if both parties, at their sole discretion, agree.

13.4.4 Billing and Payment. The SGA shall notify the Tribe of the forthcoming Regulatory Fee at least 45 days prior to its becoming due. Other than as may be provided in connection with a negotiated fee, Regulatory Fees may be paid for an entire year in advance of the date on which the billing year commences, or within 45 days of being notified of the forthcoming year's Regulatory Fee, whichever last occurs, in which event the Tribe shall receive a 10% discount. Regulatory Fees which are so paid and discounted shall not be subject to any retroactive adjustment based on the prior year's estimate having been over the actual costs of regulation. Except for a negotiated fee that provides otherwise, or payment in advance, Regulatory Fees shall be paid in no more than 12 equal monthly installments, each of which shall be due on the first day of each month, which monthly payments shall commence on the first day of the first month of the billing year, or within 45 days following notification of the amount of the forthcoming year's Regulatory Fee, whichever is later.

13.5 Regulatory Fee Disputes. If the Tribe disputes the State's determination of the Regulatory Fee, the Tribe shall pay no less than the amount of the fee which is not in dispute to the SGA when due and deposit the disputed amount into an escrow account that is restricted until such dispute is resolved. The dispute will be resolved pursuant to the binding arbitration

provisions of this Compact. If the Tribe fails to make the required payment to the SGA or deposit into escrow, the State may pursue any of the remedies set forth in the Compact for the Tribe's breach thereof.

SECTION 14. OTHER PAYMENTS

In order to provide for impacts to local community services that may arise as a result of the gaming authorized under this Appendix, the following payments shall be made from revenues derived from, as specified, the Tribe's Class III gaming or Tribal Lottery System activities on the terms and conditions set forth below.

14.1 Impact Costs. Up to one-half of one percent (0.5%) of the net win derived from Tribal Lottery System activities, determined on an annual basis using the Tribe's fiscal year, shall be added to any amounts payable and distributable from other Class III activities under the Compact in order to meet community impacts, to the extent such Compact amounts are insufficient to meet actual and demonstrated impact costs.

14.2 Charitable Donations. One-half of one percent (0.5%) of the net win derived from Tribal Lottery System activities, determined on an annual basis using the Tribe's fiscal year, shall be donated to non-tribal bona fide non-profit and charitable organizations in the State of Washington.

14.3 Community Impacts. Up to one-half of one percent (0.5%) of the net win derived from the Tribal Lottery System, determined on an annual basis using the Tribe's fiscal year, determined by deducting from one percent of said net win the amounts actually paid under Sections 14.1 and 14.2 in said year, shall be applied to Tribal governmental programs which have an impact on the community by assisting the Tribe and its members in become self-sufficient, such as programs concerned with Tribal law enforcement, education, housing, health, elderly care, safety, and gaming regulation.

14.4 Problem Gambling. Thirteen one-hundredths of one percent (0.13%) of the net win derived from all Class III gaming activities, determined on an annual basis, shall be dedicated to problem gambling education, awareness, and treatment in the State of Washington.

Contributions shall be made to governmental, charitable and/or non-profit organizations, which may include the Department of Social and Health Services' Division of Alcohol and Substance Abuse (DSHS/DASA), that are directly related to helping to reduce problem gambling. The 0.13 percent of net win shall be paid annually, commencing with the conclusion of the Tribe's first full fiscal year following the date upon which this Appendix becomes effective, and shall be paid by the 15th day of the month following the conclusion of each full fiscal year.

14.5 Smoking Cessation and Prevention. Thirteen one-hundredths of one percent (0.13%) of the net win derived from Tribal Lottery System activities, determined on an annual basis, shall be dedicated to smoking cessation, prevention, education, awareness, and treatment in the State of Washington. Contributions shall be made to governmental, charitable and/or nonprofit organizations that have as a purpose the discouragement of the use of tobacco. However, if the Tribe operates any of its Class III gaming facilities as entirely smoke-free, the Tribe's smoking cessation contribution shall be reduced proportionally based upon the pro rata number of Tribal Lottery System machines in that non-smoking facility compared to the total number of Tribal Lottery System machines operated by the Tribe. Additionally, it is also agreed that if the Tribe completely prohibits the sale and use of alcohol in all of its Class III gaming facilities, the Tribe shall be entirely excused from making the smoking cessation contribution required by this subsection for as long as the prohibition on the sale and use of alcohol remains in effect. The 0.13 percent of net win shall be paid annually, commencing with the conclusion of the Tribe's first full fiscal year following the date upon which this Appendix becomes effective, and shall be paid by the 15th day of the month following the conclusion of each full fiscal year.

14.6 Payment. The payments set forth in Section 14.1 through 14.5 shall be subject to the following:

14.6.1 Except in Section 14.4, as used in Section 14, the term "net win" shall mean the total amount of Tribal Lottery System revenue after prizes or winnings have been paid out (i.e., the difference between the amount wagered or played and the amounts paid to winners), less any cost of developing, licensing, or otherwise obtaining the use of the Tribal Lottery System. In Section 14.4, the term "net win" shall mean the total amount of Class III gaming revenue after prizes or winnings have been paid out (i.e., the difference between the amount

wagered or played and the amounts paid to winners) less any cost of developing, licensing, or otherwise obtaining the use of the Class III games;

14.6.2 Because IGRA requires that the Tribe be the primary beneficiary of gaming revenues, no donation shall be due under Section 14.2 in any Tribal fiscal year in which the Tribe has not made a profit from its class III operation, taking into account the effect of such donation if made. As used herein, the term "profit" shall mean net profits associated with the operation of all Class III gaming by the Tribe, as determined under GAAP, but without deduction for depreciation;

14.6.3 The payments and distributions required by Sections 14.1, 14.2, and 14.3, above, shall be paid within one year of the close of the Tribe's fiscal year. In the first year that a tribe operates a gaming facility, the payments required by Sections 14.1, 14.2, and 14.3, above, shall be reduced by one half, and in the second year that a tribe operates a gaming facility, the payments required by those Sections shall be reduced by one quarter. The payments required by Sections 14.4 and 14.5, shall be paid as indicated in those Sections.

14.7 Community Investments and Contributions

14.7.1 Qualifying Programs. The Tribe agrees to continue its commitment of investing in the health and welfare of the community by providing for programs that benefit tribal and non-tribal members through Community Investments and Contributions. Community Investments and Contributions are intended to support programs including, but not limited to the following:

- a. Goods and services purchased;
- b. Wages and benefits paid (including number of jobs provided);
- c. Law enforcement, courts, detention programs, and fire and emergency services (contributions may include cross deputization and mutual aid agreements, facilities and equipment);
- d. Natural resource protection and habitat restoration;

- e. Health care, including: drug and alcohol treatment and prevention services, smoking cessation programs, problem gambling treatment and services, mental health care, dental care, and health promotion programs, such as diabetes prevention, nutrition programs, and fitness programs;
- f. Education, including tutoring, head start and related services, as well as direct financial support to State-funded education;
- g. Day care;
- h. Disaster and emergency preparedness;
- i. Public utilities, including water, wastewater, and water treatment infrastructure;
- j. Economic development and job training;
- k. Elder services;
- l. Cultural resource protection;
- m. Social services programs, such as food banks, shelters, etc.;
- n. Transit services;
- o. Outreach and informational programs, such as financial training for homeowners, home repair classes, GED classes, parenting classes, etc.;
- p. Roads, bridges and other transportation infrastructure (including sidewalks, lighting, signage);
- q. Low income housing;
- r. Public works, public facilities (such as museums, libraries, cultural facilities, wellness centers, elections facilities), athletic fields, parks, and other recreational facilities;
- s. Contributions to communities or charities; and
- t. In kind contributions related to any of the above.

14.7.2. Community Investments and Contributions Report. In order to ensure that such efforts and contributions are recognized and documented, the Tribe agrees to provide and certify data that fairly reflect its Community Investments and Contributions in an annual report. The report shall contain the date or time period of the contribution, a brief description of the program or services, and an approximate dollar value of the investment or contribution. The report shall be accompanied by a certification that the data supplied by the Tribe is accurate.

SECTION 15. MORATORIUM

15.1 Amendment Moratorium. The Tribe agrees to seek no additional amendments to this Appendix with respect to the subject matter of Tribal Lottery System Terminals prior to June 30, 2009, ("Moratorium") except in the following circumstances, which circumstances may also constitute a basis for the Tribe to seek such an amendment after the expiration of the Moratorium:

15.1.1 Technical Changes. Nothing in this Section shall prohibit the Tribe or State from seeking changes of the technical provisions of this Appendix if the necessity or desirability for such changes becomes apparent in the development, testing, production, marketing, or use of the system. Neither party shall unreasonably deny such requests.

15.1.2 Mutual Agreement. Nothing in this Section shall diminish the right of either party to amend the terms and conditions of this Compact by mutual agreement, as otherwise provided in this Compact.

15.2 Post-Moratorium. Upon the expiration of the Moratorium, the following circumstances may constitute a basis for the Tribe to seek an amendment and without prejudice to any other provision(s) of the Compact or this Appendix, except the application of the Moratorium in section 15.1, above, to such provision(s), when:

15.2.1 Federal or State law, whether by statute, rule, regulation or other action is amended to authorize any gambling devices now prohibited or not now permitted in the State and/or not governed by this Appendix;

15.2.2 A State or Federal Court within the State of Washington or a Federal Court interpreting the laws of the State of Washington issues a final and unappealable decision permitting participation by any person, organization or entity to use a gambling device that was not deemed by the State to be authorized at the time this Compact amendment was executed, or is not authorized by this Compact; or

15.2.3 Any other tribe located in the State of Washington obtains through a Compact or Compact amendment, or otherwise through applicable federal law, or any person or entity (including the State Lottery) is licensed to use or places in use, any type or number of Class III - type gambling device or equipment which is materially different from or allows a greater quantity per location than that which is authorized by this Compact. In such event the Tribe shall be entitled to use such equipment or increase their allocation to a like number, subject to good faith negotiations with the State regarding the use and regulation of such equipment, which negotiations shall be subject to the dispute resolution provisions of this Compact.

15.2.4 Any other tribe located in the State of Washington actually offers to patrons pursuant to a Compact or Compact amendment, or otherwise through applicable federal law, higher maximum wagers than provided for in this Compact, and/or the extension of credit, then the Tribe may likewise do so in conformity with the terms and conditions so permitted the other tribe.

SECTION 16. HOURS OF OPERATION

Notwithstanding anything in the Tribe's Compact, as amended, to the contrary, the Tribe shall determine the hours of operation for each of its gaming facilities.

SECTION 17. DISPUTE RESOLUTION

In the event of a dispute hereunder, it shall be resolved in accordance with any dispute resolution provisions specifically made applicable in this Appendix to such disputes, or if there are none, under the Dispute Resolution provisions of the Compact.

SECTION 18. EFFECTIVE DATE

This Appendix shall take effect only when the following conditions have, in the order listed, been met: 1) additional amending Appendices containing identical terms, conditions, and provisions have been approved and signed by the authorized officials of the State and by all of the Indian tribes in the State of Washington (excepting only the Cowlitz Tribe and the Spokane Tribe) that were federally recognized on or before January 1, 2007; 2) the approved and signed amending Appendices for every federally recognized Washington tribe (excepting only the Cowlitz Tribe and the Spokane Tribe) have been forwarded to the United States Secretary of the Interior; and, 3) notice of the approval of this Appendix by the United States Secretary of the Interior has been published in the Federal Register in accordance with 25 U.S.C. §2710(d)(3)(B). Provided, if the provisions of this Section 18(1) and (2) above have not been fully satisfied within 90 days after execution by the State and the Tribe, then the Tribe shall be entitled to terminate its approval of this Appendix. Provided further, that the State may, if it chooses, waive the requirements of subsections (1) and (2) of this Section 18.
