Re: Roulette Xplosion (Electronic Table Games)

Dear Ms. Perez,

Thank you for requesting approval to market the game of “Roulette Xplosion – Game Description/Rules of Play” to Washington State Tribal casinos utilizing Electronic Table Games (ETG) format.

Based on our review of the documentation we received from Interblock, the Washington State Gambling Commission will approve the game and special bets under the conditions listed below:

Tribal Casinos

- The game(s) shall be played and operated under the terms and conditions set forth under the “Roulette Xplosion – Game Description/Rules of Play”
- Each Tribal Gaming Operation must request and obtain approval from their respective Tribal Gaming Agencies (TGA).
- Before TGA allows your game to operate, they will seek concurrence from our agency as well.
- No modifications may be made to allow the game to be played online or via the internet in Washington State.

In addition to your approved rules, the Tribal submission to us must include all supplemental information required by Tribal-State Compact Appendix A, Section 18.

- Manufacturers and distributors of graphic layouts and/or any other equipment associated with the game must be certified by the state and licensed by the Tribe prior to the sale of the equipment.

3 GAME FLOW

PICTURE	STEP	STEP DESCRIPTION
	1	Insert credit into the machine.
	2	Select a chip value from the graphical chip rack at the bottom of the screen.
	3	To increase the value of a bet chip, touch the bet again and the value of the bet chip is incremented by its initial value each time it is touched. During "bet time", bet chips can be canceled by dragging them to an area of the screen that does not contain bet spots. Chips can also be canceled via the "undo" and "cancel" buttons.
	4	Bets can be placed until the displayed Bet Timer in the upper left of the screen reaches "0". The color of the Bet Timer changes from green to red when 5 or fewer seconds remain. Bet Time is the same for all players. "No More Bets" messaging appears when Bet Time expires.
	5	Each game after bet time ends, the pays on up to 8 randomly determined STRAIGHT bet spots is increased to the "Xplosive Odds" value displayed on the STRAIGHT bet spot. The increased pays corresponding to the STRAIGHT numbers is also displayed on the roulette wheel.
	6	After the ball spins around the roulette wheel bank and comes to rest in a numbered pocket, the game result is automatically displayed on the center of the roulette wheel and on each Player Terminal. Any wins are automatically paid to the player. If an error occurs with the roulette unit before the game result is posted, the game is automatically voided and all bets returned.
