**Re: Big Bass Wheel, Big Bass Pro, and Crank It Amusement Games  
Washington State Versions**

Dear: Mr. Treankler

Thank you for submitting additional information to us for our review of the Big Bass Wheel, Big Bass Wheel Pro, and Crank it amusement games. In the information submitted, it was noted that the software has been modified for Washington State. Specifically, the player timeout option that allowed motor assist has been disabled.

The WA versions of The Big Bass Wheel, Big Bass Pro and Crank it games are approved for use as Group V, hand/eye coordination (WAC 230-13-035) amusement games in Washington State. As you are aware, your representative was previously notified by e-mail regarding this approval. This letter will provide you with formal documentation of the approval.

Please be advised that any modifications to the Big Bass Wheel, Big Bass Pro, and Crank It amusement games software or associated equipment must be provided to us for additional testing and review. In addition, the approval of this equipment may be rescinded at any time if problems are found by the Commission or changes to the Washington Administrative Code (WAC) impact this approval. If you have any questions or concerns, please contact Sonja Dolson at (253) 671-6283.

Sincerely,

A handwritten signature in cursive script that reads "Mark Harris".
