Re: **Candy Crush Merchandiser**

Dear Mr. Masterman,

Thank you for submitting the Candy Crush Merchandiser amusement game, manufactured by Adrenaline Amusements, to us for review. Special Agents Karen Rea and Sonja Dolson have completed their review. It is my understanding the game plays as follows:

The Candy Crush amusement game is based on the popular Candy Crush app. The object of the game is to clear all the jelly on the screen within a specific time period. This is done by mixing/matching the candies that are on top of that jelly or by using "special candies" like the striped or sprinkle bomb to clear the candy. If the player is successful in clearing the jelly and earns enough points, a prize will be dispensed.

The Candy Crush game price per play can be adjusted based on the location and value of the prizes. You were advised that the maximum wager is \$3.50 and maximum prize is \$500 for locations where minors are allowed to play in Washington.

The Candy Crush game meets the definition of an amusement game (RCW 9.46.0201) and is approved for use as a Group V, hand/eye coordination (WAC 230-13-035) amusement game in Washington State.

Please be advised that any modifications to the Candy Crush amusement game software or associated equipment must be provided to us for additional testing and review. In addition, amusement games operated in Washington must not have settings that allow the operator to control the outcome of the game (auto percentaging). The approval of this equipment may be rescinded at any time if problems are found by the Commission or changes to the Washington Administrative Code (WAC) impact this approval. If you have any questions or concerns, please contact Sonja Dolson at (253) 671-6283.

Sincerely,

A handwritten signature in cursive script that reads "Mark Harris".
