Re: **Crank It Revolution Amusement Game**  
**Washington State Version**

Dear Mr. Treankler:

Thank you for submitting The Crank It Revolution amusement game to us for review. In the information submitted, it was noted that the software has been modified for Washington State. Specifically, the player timeout option that allowed motor assist has been disabled.

According to the information provided by your representative, this game is similar to The Big Bass Wheel, Big Bass Pro, and Crank It amusement games which are already approved for use in WA. The main difference with this game is the bonus spin. If a player lands in one of the four bonus areas they are awarded a bonus spin. The player is awarded the number of tickets they receive in their first spin plus the ticket value of the second spin. If the player lands in one of the four bonus areas for the second time, they are awarded the jackpot bonus plus the number of tickets they received on their first spin.

The WA version Crank It Revolution is approved for use as Group V, hand/eye coordination (WAC 230-13-035) amusement game in Washington State. As you are aware, your representative was previously notified by e-mail regarding this approval. This letter will provide you with formal documentation of the approval.

Please be advised that any modifications to the Crank It Revolution amusement game software or associated equipment must be provided to us for additional testing and review. In addition, the approval of this equipment may be rescinded at any time if problems are found by the Commission or changes to the Washington Administrative Code (WAC) impact this approval. If you have any questions or concerns, please contact Sonja Dolson at (253) 671-6283.

Sincerely,

Mark Harris  
Assistant Director  
Field Operations Division

Gear up for Bay Tek's novelty redemption game **Crank It!** This eye catching piece has a small foot print with a big impact.

Players step up to the bright and colorful game, pull the handle up and give it a big push down to spin the drum. Players are rewarded with tickets dependent upon where the drum stops. Spin it just right to land on the big **500 ticket bonus!**
