Re: Ghost Town Amusement Game

Dear Ms. Timberlake,

Thank you for submitting the Ghost Town amusement game, manufactured by LAI Games, to us for review. We have completed our review.

It is my understanding the game plays as follows:

This game is a video style game where the player uses the gun controller to shoot monsters/ghosts on the video screen. They are awarded points as they shoot the monsters. Different monsters have different point values. Play ends when the player runs out of bullets. Tickets are awarded based on the player's score at the end of the game.

The Ghost Town game meets the definition of an amusement game (RCW 9.46.0201) and is approved for use as a Group 5 Hand/Eye Coordination (WAC 230-13-035) amusement game in Washington State.

Please be advised that any modifications to the Ghost Town amusement game software or associated equipment must be provided to us for additional testing and review. In addition, amusement games operated in Washington must not have settings that allow the operator to control the outcome of the game (auto percentaging). The approval of this equipment may be rescinded at any time if problems are found by the Commission or changes to the Washington Administrative Code (WAC) impact this approval. If you have any questions or concerns, please contact Sonja Dolson at (253) 671-6283.

Sincerely,

Mark Harris
Assistant Director
Field Operations Division

GHOST TOWN
