Re: Goal Line Rush

Dear Mr. Manning,

Thank you for submitting the Goal Line Rush amusement game, manufactured by Namco Bandai Games Incorporated, to us for review. Special Agents Karen Rea and Sonja Dolson have completed their review.

It is my understanding the game plays as follows:

A football player figurine is standing in the middle of a rotating platform. There are footballs marked with a number on them on the platform. The player presses a button to move the football player forward to knock the footballs off of the platform into the touchdown area. The player receives the number of tickets marked on the ball that lands in the touchdown area. There may also be a ball marked "jackpot". If this ball is knocked off the platform the player wins the number of tickets displayed for the jackpot prize.

The Goal Line Rush game meets the definition of an amusement game (RCW 9.46.0201) and is approved for use as a Group 5 Hand/Eye Coordination (WAC 230-13-035) amusement game in Washington State.

Please be advised that any modifications to the Goal Line Rush amusement game software or associated equipment must be provided to us for additional testing and review. In addition, amusement games operated in Washington must not have settings that allow the operator to control the outcome of the game (auto percentaging). The approval of this equipment may be rescinded at any time if problems are found by the Commission or changes to the Washington Administrative Code (WAC) impact this approval. If you have any questions or concerns, please contact Sonja Dolson at (253) 671-6283.

Sincerely,

A handwritten signature in cursive that reads "Mark Harris".

Mark Harris
Assistant Director
Field Operations Division
