**Re: Harpoon Lagoon**

Dear Mr. Manning,

Thank you for submitting the Harpoon Lagoon amusement game to us for review. Special Agents Karen Rea and Sonja Dolson have completed their review. In the information submitted, it was noted that the software has been modified for Washington State. Specifically, the bonus jelly fish option is available during every play of the game.

It is my understanding the game plays as follows:

The Harpoon Lagoon Game is a four player video amusement game. The players push a button to shoot a harpoon at different types of fish on the video screen. Players receives tickets for the fish they catch. If the player successfully shoots the jelly fish during the game, they are awarded the bonus tickets.

The Harpoon Lagoon game meets the definition of an amusement game (RCW 9.46.0201) and is approved for use as a Group V, hand/eye coordination (WAC 230-13-035) amusement game in Washington State.

Please be advised that any modifications to the Harpoon Lagoon amusement game software or associated equipment must be provided to us for additional testing and review. In addition, amusement games operated in Washington must not have settings that allow the operator to control the outcome of the game (auto percentaging). The approval of this equipment may be rescinded at any time if problems are found by the Commission or changes to the Washington Administrative Code (WAC) impact this approval. If you have any questions or concerns, please contact Sonja Dolson at (253) 671-6283.

Sincerely,

A handwritten signature in cursive script that reads "Mark Harris".
