Re: Hit the Beat Amusement Game

Dear Mr. Berger,

Thank you for submitting the Hit the Beat amusement game, manufactured by Andamiro, to us for review. We have completed our review.

It is my understanding the game plays as follows:

Players use drum sticks to hit the drum to music. Two players can play at the same time with one player playing on the top screen and the other on the bottom screen. Players use the drum sticks to hit the drum to destroy the objects that appear on the screen. Players earn points as they hit the objects. The players receive a star rating for their game play. Tickets are awarded based on the number of stars received.

The Hit the Beat game meets the definition of an amusement game (RCW 9.46.0201) and is approved for use as a Group 5 Hand/Eye Coordination (WAC 230-13-035) amusement game in Washington State.

Please be advised that any modifications to the Hit the Beat amusement game software or associated equipment must be provided to us for additional testing and review. In addition, amusement games operated in Washington must not have settings that allow the operator to control the outcome of the game (auto percentaging). The approval of this equipment may be rescinded at any time if problems are found by the Commission or changes to the Washington Administrative Code (WAC) impact this approval. If you have any questions or concerns, please contact Sonja Dolson at (253) 671-6283.

Sincerely,

Mark Harris
Assistant Director
Field Operations Division

Interactive Music Game

HIT THE BEAT™

The best music game for kids!!

- ▶ Kids-friendly graphic design
- ▶ Multi-background animations
- ▶ Fun-filled game play
- ▶ Over 20 kids songs
- ▶ Mesmerizing sound effects
