Re: Ice Age Ice Breaker Amusement Game

Dear Mr. Berger,

Thank you for submitting the Ice Age Ice Breaker amusement game to us for review. We have completed our review.

It is my understanding the game plays as follows:

Players use a hammer to hit acorns to break the ice and win tickets. If the players break the ice all the way through to the center bonus ring they win the bonus.

The Ice Age Ice Breaker game meets the definition of an amusement game (RCW 9.46.0201) and is approved for use as a Group 5 Hand/Eye Coordination (WAC 230-13-035) amusement game in Washington State.

Please be advised that any modifications to the Ice Age Ice Breaker amusement game software or associated equipment must be provided to us for additional testing and review. In addition, amusement games operated in Washington must not have settings that allow the operator to control the outcome of the game (auto percentaging). The approval of this equipment may be rescinded at any time if problems are found by the Commission or changes to the Washington Administrative Code (WAC) impact this approval. If you have any questions or concerns, please contact Sonja Dolson at (253) 671-6283.

Sincerely,

A handwritten signature in dark ink that reads "Mark Harris".
