Re: Quik Drop Amusement Game

Dear Mr. Treankler,

Thank you for submitting the Quik Drop amusement game to us for review. We have completed our review. It is my understanding the game plays as follows:

Players press the button to drop balls into moving buckets and receive tickets for the balls they catch in the buckets. If a player is able to successfully drop all 50 balls into the buckets before time runs out they win the progressive jackpot displayed at the top of the game.

The Quik Drop game meets the definition of an amusement game (RCW 9.46.0201) and is approved for use as a Group 5 Hand/Eye Coordination (WAC 230-13-035) amusement game in Washington State.

Please be advised that any modifications to the Quik Drop amusement game software or associated equipment must be provided to us for additional testing and review. In addition, amusement games operated in Washington must not have settings that allow the operator to control the outcome of the game (auto percentaging). The approval of this equipment may be rescinded at any time if problems are found by the Commission or changes to the Washington Administrative Code (WAC) impact this approval. If you have any questions or concerns, please contact Sonja Dolson at (425) 277-7026.

Sincerely,

Josh Stueckle
