Re: Space Invaders Frenzy Amusement Game

Dear Mr. Manning,

Thank you for submitting the Space Invaders Frenzy amusement game, manufactured by Raw Thrills Inc., to us for review.

We have completed our review. It is my understanding the game plays as follows:

Players attempt to shoot the space invaders as they are displayed on an 8 foot LED display screen to attempt to save the earth. Players win tickets based on their score during game play. 2 players can play the game at the same time.

The Space Invaders Frenzy game meets the definition of an amusement game (RCW 9.46.0201) and is approved for use as a Group 5 Hand/Eye Coordination (WAC 230-13-035) amusement game in Washington State.

Please be advised that any modifications to the Space Invaders Frenzy game software or associated equipment must be provided to us for additional testing and review. In addition, amusement games operated in Washington must not have settings that allow the operator to control the outcome of the game (auto percentaging). The approval of this equipment may be rescinded at any time if problems are found by the Commission or changes to the Washington Administrative Code (WAC) impact this approval. If you have any questions or concerns, please contact Sonja Dolson at (425) 277-7026.

Sincerely,

Josh Stueckle
