**Re: Temple Run Amusement Game Version 1.6.1 Build 199**

Dear Mr. Manning:

Thank you for submitting the Temple Run amusement game to us for review. Special Agents Karen Rea and Sonja Dolson have completed their review.

It is my understanding the game plays as follows:

The game is based on the Temple Run app. A player uses the controller to move forward, left, or right to try to collect as many coins as they can while running along a jungle path. The player must jump, duck, or turn to avoid obstacles on the video screen. The player is awarded tickets based on how many coins and bonus objects they collect along the way.

The Temple Run game meets the definition of an amusement game (RCW 9.46.0201) and is approved for use as a Group 5 Hand/Eye Coordination (WAC 230-13-035) amusement game in Washington State.

Please be advised that any modifications to the Temple Run amusement game software or associated equipment must be provided to us for additional testing and review. In addition, the approval of this equipment may be rescinded at any time if problems are found by the Commission or changes to the Washington Administrative Code (WAC) impact this approval. If you have any questions or concerns, please contact Sonja Dolson at (253) 671-6283.

Sincerely,

A handwritten signature in cursive script that reads "Mark Harris".
