**RE: Updated approval for Safe Shoe Baccarat to include Safe Shoe Blackjack**

Dear Ms. Rodriguez,

Thank you for contacting us regarding the approval of the Safe Shoe Blackjack. According to the information you provided, the only difference between the shoes is the front bezel for the Safe Shoe Blackjack v. the Safe Shoe Baccarat. They are different based on the ergonomic needs of the dealer and how they deal the cards for the game.

The Safe Shoe Blackjack is approved for use in Washington State. The approval is contingent on the following requirements.

Manufacturer Requirements:

- Ensure any unused USB ports are sealed or covered during operation.

Requirements for House-Banked Card Game Licensees:

- Ensure only approved card games, as posted on the WSGC website, are played using the shoe.
- Ensure only approved equipment is connected to the shoe. Access to all other equipment must be disabled in the network setup in the shoe menu.
- Ensure any unused USB ports are sealed or covered during operation.

Tribal Casino Implementation

- Ensure any unused USB ports are sealed or covered during operation.

Any modifications made to the Safe Shoe Baccarat or Blackjack must be submitted to us for additional testing and review. We reserve the right to investigate and reevaluate this equipment if we determine that such a review is necessary to ensure compliance with applicable rules or laws in Washington.

Thank you for your cooperation during this process. We appreciate your desire to comply with our regulations. If you have any questions regarding this matter, please contact me at (509) 325-7904.
